1. INTRODUCTION

- 1.1 Effective and efficient procurement positively supports Falkirk Council in achieving its priorities, as set out in the Council's Corporate Plan. The Council's [Procurement Strategy 2017-20](#) was published in December 2016 and provides a corporate vision, direction and focus for all procurement activities within the authority.
- 1.2 In response to the Procurement Reform (Scotland) Act 2014, Falkirk Council has prepared an Annual Procurement Report outlining how its procurement activity has complied with the published Procurement Strategy 2017- 20. Quarterly updates regarding the progress of the strategy's implementation are also provided to the Council's Procurement Board.
- 1.3 This report provides a summary of the regulated procurement activities undertaken by Falkirk Council during the period 1 January 2017 to 31 March 2018 and provides details of the planned regulated procurement activities over the period 1 April 2018 to 31 March 2020.
- 1.4 In summary, Falkirk Council's Annual Procurement Report provides the opportunity for the Council to demonstrate that its procurement spend is being used to best effect to deliver:
 - Better public services;
 - Improved social, economic and environmental outcomes in the Falkirk Council area;
 - A range of local and national policies e.g. those relating to tackling inequality and meeting climate change obligations.
- 1.5 A glossary of procurement terms is included within [Appendix A](#) to the report.

2. ANNUAL PROCUREMENT REPORT OWNERSHIP

- 2.1 The Head of Procurement & Housing Property is responsible for establishing the strategic framework and direction of procurement across Falkirk Council.

David McGhee
Head of Procurement and Housing Property

3. SUMMARY OF REGULATED PROCUREMENTS COMPLETED

- 3.1 The procurement of supplies, services and works are regulated by the Council's Contract Standing Orders and Financial Regulations. Procurement Procedures and a range of procurement guides also support and direct compliant and effective procurement.
- 3.2 In accordance with the Council's Contract Standing Orders, any supplies, services or works contracts with an estimated aggregate purchase value of £50,000 and over should be subject to competition and authorised by a Chief Officer. Procurement Procedures recommends the use of Public Contracts Scotland Quick Quotes for a contract with an estimated aggregate purchase value greater than or equal to £1,000 but less than £50,000.
- 3.3 The Council maintains a Contract Register listing all contracts valued at £10,000 and above which is published both internally and externally. A summary of the 108 regulated procurements and / or contracts valued at £50,000 and above completed during the period 1 January 2017 to 31 March 2018 is provided in [Appendix B](#).

4. REVIEW OF REGULATED PROCUREMENT COMPLIANCE

- 4.1 The Contracts Register contains details of all contracts awarded by Falkirk Council. During 2017/18, the value of spend on contract was £208m (96.2% of influenceable spend) which has increased from 95.6% in 2016/17 and improved considerably from 92% in 2015/16. Significant progress is being made towards achieving the 2019/20 target of 98% of influenceable spend on contract.
- 4.2 Falkirk Council's Procurement Strategy 2017-20 provides a clear and consistent framework to ensure that its procurement activities support all services to meet national and Falkirk Council priorities, as set out in the Council's Corporate Plan. This includes the approach to matters such as environmental sustainability, social sustainability, including workforce matters and local economic/employment development.
- 4.3 The Strategy identifies the outcomes that the Council aims to achieve, explains how the Council will deliver these outcomes and sets out the main challenges that will be faced across the three year period of the Strategy.
- 4.4 The Council is committed to enhancing its procurement capabilities and seeks to achieve year on year improvement in procurement performance. To maximise scrutiny, progress and performance is reported to the Procurement Board on a quarterly basis.
- 4.5 There are 19 performance indicators (PIs) within the Procurement Strategy which are used to monitor progress. [Appendix C](#) provides details of the performance achieved during the period 2016/17 and 2017/18, along with the targets for 2019/20.
- 4.6 There are a total of 38 actions within the Procurement Strategy which have been identified as a means to deliver procurement improvement, increase performance and achieve the strategic outcomes. Good progress continues to be made with the delivery of the Procurement Strategy 2017-20, with over 90% of the actions set out in the Strategy in progress or complete.

5. FUTURE REGULATED PROCUREMENTS SUMMARY

- 5.1 Falkirk Council operates a Category Management approach to procurement. A Category Strategy has been developed covering the two year period 2018/19 to 2019/20.
- 5.2 The key priorities for the Category Strategy have been established as follows:
- Segmentation of procurement spend into 8 categories;
 - Identification of current contracts and opportunities to reduce non-contracted spend to improve compliance;
 - Allocation of procurement savings targets and opportunities for future savings;
 - Identification of current procurement collaboration and opportunities for increased collaboration;
 - Increased sustainable procurement activity;
 - Improved access to procurement opportunities for local suppliers, SMEs, supported businesses and the third sector;
 - Enhanced training and procurement competencies;
 - Improved consultation and engagement for existing and future procurement activities;
 - Identification of contract management responsibilities.
- 5.3 The 8 procurement categories cover supplies, services and works. Categorising procurement spend in this manner leads to better engagement and more effective planning of procurement activity, offering opportunities for internal and external collaboration and greater best value potential.
- 5.4 Analysis has been undertaken of Falkirk Council's 2017/18 spend. The total net value of payments during 2017/18 was £292m. Analysis of the spend shows that £216m (74%) is considered as influenceable by procurement activity. The non-influenceable spend equated to £76m (26%) and relates to payments outwith the scope of the Council's Contract Standing Orders, e.g. payments to individuals, payments to other government bodies and Local Authorities, property rentals and grant funding to external organisations to operate on their own account.
- 5.5 The influenceable spend of £50,000 or more per supplier has been assessed against the current list of contracts and a list of new contract opportunities has been developed. In addition, a list of existing contracts which require to be retendered during 2018/19 and 2019/20 has also been established. Requests for new contract requirements from Services including Council of the Future project requirements have also been gathered.
- 5.6 [Appendix D](#) provides a summary Falkirk Council's future planned regulated procurement activity during 2018/19 and 2019/20.

6. LOCAL SUPPLIERS, SMES & THIRD SECTOR

- 6.1 Using procurement strategically to support local economic development is crucial to ensuring the Council makes best use of its procurement spend. This involves

close working with Services, Falkirk Business Gateway, the third/ voluntary sector, Small and Medium Enterprises (SMEs) and local businesses.

- 6.2 During 2017/18, the Council spent £65m with local providers equating to 30% of all influenceable spend, this is an increase from the £55m (25%) spent in 2016/17. Spend through SMEs was £145m which equated to 67% of the Council's influenceable spend and again has increased from the 2016/17 spend of £118m (54%). The third sector and charities received spend of £26m in 2017/18, which equates to 12% of influenceable spend, an increase from the £23m (10%) spent in 2016/17.
- 6.3 Supporting local businesses access and compete for public service contracts plays a key role in generating an effective supply chain and builds resilience into the Council's supply arrangements. There were 11 Procurement Clinics arranged by the Procurement and Commissioning Unit during 2017/18. Attendance increased from 2016/17, with 27 local companies seeking procurement advice during 2017/18.
- 6.4 The Procurement and Commissioning Unit have published a 'Supporting the Local Economy' toolkit on the Council's intranet to provide staff with guidance and key actions to encourage local businesses and third sector organisations compete for public sector contracts.
- 6.5 Although targeting increases in local sourcing and increasing the proportion of Council spend with locally based business is a priority, it is equally important that the Council develops initiatives and actions that build local capacity to compete for wider public service business.
- 6.6 In 2016/17, Falkirk based businesses generated some £162m of income from supplying to the 32 Scottish Councils. The figure for 2017/18 is not yet available. The Procurement and Commissioning Unit is committed to increasing the value of public sector spend in the local economic area and will continue to work with the Supplier Development Programme and Falkirk Business Gateway to further support the local businesses bid for future public sector procurement exercises within and outwith the Falkirk area.

7. COLLABORATION

- 7.1 Increased collaboration is important to drive efficiency in the procurement process. The Procurement Strategy specifies that opportunities for external collaborative procurement require be maximised to enable delivery of lasting savings and benefits through procurement activity. The Council has a target for processing £75m by 2019/20 through collaborative contracts. The annual spend through collaborative contracts during 2017/18 was £71m which is an increase from the £67m spent collaboratively during 2016/17.
- 7.2 Of the 213 live contracts on the contract register, there are 83 contracts (39%) which have been arranged in collaboration with other organisations. Table 1 provides a breakdown of the £208m contracted spend during 2017/18 across each collaborative area.

| Category Type | Category Description | 2017/18 Contracted Spend | % of 2017/18 Total Contracted Spend |
|---------------|---|--------------------------|-------------------------------------|
| A | Contracts arranged by the Scottish Procurement and Commercial Directorate for commodities that are standard or of a similar nature across the Scottish public sector. | £17,424,498 | 8.4% |
| B | Contracts for commodities that tend to be unique to a specific sector yet common within that sector, e.g. contracts arranged for Scottish Local Authorities | £44,739,906 | 21.4% |
| C1 | Contracts established by Falkirk Council or another regional organisation for use by Falkirk Council and one or more of the regional organisation partners. | £8,647,583 | 4.2% |
| C | Contracts established by Falkirk Council for use by Falkirk Council | £137,497,029 | 66.0% |
| | Total Contracted Spend | £208,309,016 | 100% |

Table 1 – Collaborative Contract Types and Values

- 7.3 New procurement exercises shall seek to utilise collaborative contract opportunities where they are available. Falkirk Council is currently participating in 57 out of 59 Scotland Excel contracts (97%). The use of the Contract Strategy encourages officers responsible for procurement to engage with the marketplace, identifying, assessing and delivering the most effective and efficient procurement solution, and as part of the contract development, it encourages investigation into possibilities for collaborative procurement. Regional collaboration opportunities must also be examined as part of the Contract Strategy development.
- 7.4 The Council intends to ensure that collaborative procurement opportunities are seized, not only with Scotland Excel and the Scottish Procurement and Commercial Directorate, but with other Councils and Public Sector Bodies. To explore potential for increased collaborative procurement, the PCU will share future procurement plans in [Appendix D](#) with colleagues in other public sector organisations.
- 7.5 It is acknowledged that collaboration though the aggregation of supply may favour larger businesses that are better placed to compete for higher value contracts with more complex and potentially national distribution needs. The Council therefore intends to ensure that the needs of SMEs and locally based businesses are also considered when developing contract strategies to maximise the local economic benefit and opportunities for SMEs from its procurement activities.

8. COMMUNITY BENEFIT SUMMARY

- 8.1 Regulation 25(2) of the Procurement Reform Act 2014 requires Contracting Authorities to consider, before carrying out the procurement, whether to impose community benefit requirements as part of the procurement for all contracts with a Value of >£4m. Falkirk Council awarded four contracts with a value greater than £4m. Three contracts included community benefit requirements and one contract due to its specialist nature had very limited scope to secure community benefits. A summary of the contracts awarded can be seen in Table 2.

| | 01/01/2017 to 31/03/2018 |
|--|-----------------------------|
| No of Contracts Awarded >=£4m | 4 |
| No of Contracts awarded >= £4m with Community Benefit Requirements | 3 |

Table 2 - Summary of contracts >=£4m awarded with Community Benefits

- 8.2 Falkirk Council also considers the inclusion of community benefit requirements for procurement exercises valued at £50,000 and above, taking into account the nature of the contract, its duration and other local factors.
- 8.3 A community benefits toolkit is published on the Council's intranet to assist Officers to implement the Community Benefit in Procurement approach by providing model procurement procedures that should be used where targeted recruitment and training actions are to be part of the supplier's requirements for a contract.
- 8.4 There were 108 regulated procurements and / or contracts valued at £50,000 and above awarded by Falkirk Council during the period 1st January 2017 to 31st March 2018. Of this 108, there were 52 contracts led by Falkirk Council with the remainder being contracts awarded through sectoral and national frameworks.
- 8.5 There were 28 contracts out of the 52 that contained Community Benefit Clauses. The other 24 contracts were of a low annual value, sporadic/ad hoc requirements or were of a specialist nature. Further analysis is required moving forward to assess scope for other community benefits for similar future contracts. A summary of the 52 Falkirk Council led contracts >=£50,000 awarded with Community Benefits can be seen in Table 3.

| | 01/01/2017 to 31/03/2018 |
|--|-----------------------------|
| Total No of Contracts Awarded >= £50k led by Falkirk Council | 52 |
| No of Contracts Awarded >= £50k led by Falkirk Council with Community Benefit Requirements | 28 |

Table 3 - Summary of contracts awarded >=£50k with Community Benefits

- 8.6 The 28 contracts awarded during 1st January 2017 to 31st March 2018 delivered the following 36 community benefits:
- 24 work placements
 - 12 apprenticeships

8.7 During the same period, contracts placed prior to the reporting period, delivered the following community benefits:

- 3 work placements
- 7 apprenticeships
- 8 new jobs

8.8 Therefore during the reporting period there were a total of 54 Community Benefits delivered. In terms of reporting against national outcomes it is important to measure the delivery of longer lasting employment and training opportunities. Table 4 below shows the number of employment and training places continuing after 26 weeks.

| | 01/01/2017 to 31/03/2018 |
|---|-------------------------------------|
| Recruits still employed at 26 weeks | 8 |
| Apprentices still employed at 26 weeks | 19 |

Table 4 - Community Benefits continuing after 26 weeks

9. SUPPORTED BUSINESSES SUMMARY

9.1 Article 19 of the EU public procurement directive allows public bodies to make the decision to reserve public contracts for supported businesses. This is enacted in Scotland by Regulation 7 of the Public Contracts (Scotland) Regulation 2012.

9.2 Supported businesses provide essential job opportunities for disabled and disadvantaged people within our communities which enables them to become more independent, while also delivering a range of excellent goods and services.

9.3 Falkirk Council is committed to maximising contracting opportunities for supported businesses. Table 5 below notes the value of contracts awarded by Falkirk Council through the National Supported Factories Framework Agreement.

| Supported Factories Framework Agreement | Supplier | Address | Spend 01/01/2017 to 31/03/2018 |
|--|-----------------------|---|---|
| Lot 2 Document Management | Haven Products Ltd | Block 6 8 Central Park Boulevard Larbert, FK5 4RU | £35,159.72 |
| Lot 3 Textiles / Personal Protective Equipment | Haven PTS | Block 6 8 Central Park Boulevard Larbert, FK5 4RU | £11,977.62 |
| Lot 4 Signage | Haven Sign Factory | Block 6 8 Central Park Boulevard Larbert, FK5 4RU | £93,698.74 |

Table 5 - Suppliers used through National Supported Factories Framework

- 9.4 In addition, a sole supplier framework was awarded by Falkirk Council to supported business City Building (Contracts) LLP for the survey, design and supply of kitchen units to Council housing properties in the Falkirk Council area. The framework is valued at £2.1m including extension period, with spend of £681,628 during the period 1 January 2017 to 31 March 2018.
- 9.5 Falkirk Council have also utilised Regulation 7 through the invitation to tender for a Reserved Contract and awarded Haven Recycle a contract to Dispose of Waste Electrical and Electronic Equipment (WEEE). The contract for WEEE disposal is conducted at no cost to the Council.
- 9.6 The total spend with Supported Business during the period 1 January 2017 to 31 March 2018 is therefore £822,465.

10. PROCURING FOR THE FUTURE

- 10.1 The Procurement and Commissioning Unit has continuously improved its customer service delivery, evidenced through its improving Procurement and Commercial Improvement Programme assessment scores. However to assist in the realisation of future council savings, further improvements to our procurement activity are being progressed through the “Procuring for the Future” project, which was initiated on 1 November 2017.
- 10.2 The Procuring for the Future project contains 52 actions and links with the 8 outcomes identified within the Corporate Procurement Strategy. Monthly updates are provided to the Council of the Future Board and quarterly updates are provided to the Procurement Board. To date, over 90% of the actions have either been completed or are in progress.

11. PROCUREMENT SAVINGS & BENEFITS

- 11.1 Effective procurement has delivered over £6m savings to the Council within the past three years, with c£600k savings in 2017/18. A further savings target of £700k has been assigned for 2018/19. The procurement wave plans agreed with Services identify if contracts have been targeted for savings and if appropriate, the value of the anticipated savings from the resulting procurement exercise.
- 11.2 Improved compliance with Contract Standing Orders and Financial Regulations is also required to drive spend through contracted suppliers and ensure maximum savings are delivered. Savings can also be achieved through aggregating spend with partner organisations at a regional or national level. The [Collaboration](#) section of this report describes how savings and benefits can be maximised through collaborative procurement activity.
- 11.3 Workplans for the PCU include the continued scrutiny of all live contracts. Effective contract management and control of consumption ensures that savings and benefits are being realised and maximised.

12. CONCLUSION

- 12.1 This Annual Procurement Report demonstrates the progress in meeting the objectives of the Council's Procurement Strategy and delivering continuous improvement in procurement performance. Details of future procurement activities outline the Council requirements in procurement terms going forward and demonstrate proactive medium term planning of procurement which shall bring about benefits to the Council and its stakeholders.

APPENDIX A – GLOSSARY OF PROCUREMENT TERMINOLOGY

| TERM | DESCRIPTION |
|---------------------------------|---|
| Best Value | Best value is a trade-off between price and performance that provides the greatest overall benefit under the specified selection criteria. The term is closely associated with value for money. Seeking best value involves considering the quality of the solution proposed, the total life costs, service and support issues, sustainability etc. |
| Category | A collection of commodities or services sourced from the same or similar supply base, which meet a similar consumer need, or which are inter-related or substitutable. |
| Category Strategy | <p>A Category Strategy is based upon an analysis of spend and contracting activity so as to establish the following:</p> <ul style="list-style-type: none"> • Key contracting activity and segmentation of spend • Non-contract spend and actions required to improve compliance • Category savings targets & future opportunities • Current levels of procurement collaboration and opportunities for increasing • Maximised sustainable procurement activity • Maximised accessibility for local suppliers, SMEs, supported businesses and the third sector • Proposed consultations and engagement, and what has been learned • Contract management responsibilities |
| Collaboration | When two or more groups of people or organisations engage in procurement work together for mutual benefit. Collaboration delivers procurement exercises with shared priorities, drives national policies and champions local benefits, all for the greater good of public services. |
| Community Benefits | Community Benefits are contractual requirements which deliver a wider social benefit in addition to the core purpose of the contract. In particular, requirements in relation to targeted training and employment outcomes. |
| Contract | An agreement between two or more parties to perform specific acts and is enforceable by law. |
| Contract Management | The process of monitoring the performance of a supplier to contract. |
| Contract Standing Orders | Contract Standing Orders are a requirement of Section 81 of the Local Government (Scotland) Act 1973. They exist to ensure that uniform contracting procedures are laid down for use throughout the Council. |

| | |
|--------------------------------------|--|
| Contract Strategy | <p>A Contract Strategy is used to document the appraisal of a procurement exercise including:</p> <ul style="list-style-type: none"> • Contract objective • Funding arrangements • Current contract status • Historical spend information • Market analysis • Collaboration considerations • Sustainability considerations • Procurement procedure to be followed • Proposed contract benefits • Risk Assessment |
| Financial Regulations | <p>Financial Regulations form part of the Standing Orders approved by the Council. They set down guidelines for Officers and Members that require to be followed. They are designed to ensure the highest standards of probity in dealing with public money and to assist and protect staff in such dealings.</p> |
| Flexible Framework Assessment | <p>A tool which helps organisations to assess where their current level of performance lies with regard to sustainable procurement and the actions required to improve their performance.</p> |
| Framework Agreement | <p>An agreement or other arrangement between one or more contracting authorities and one or more economic operators which establishes the terms (in particular the terms as to price and, where appropriate, quantity) under which the economic operator will enter into one or more contracts with a contracting authority in the period during which the framework agreement applies.</p> |
| Influenceable Spend | <p>The value of Procurement relevant spend which was actually influenced by Procurement.</p> |
| Market Analysis | <p>When developing a contract strategy, most procurement processes ascertain the demand for the category with the attributes of the supply market. A review of the characteristics, capacity and capability of the supply market is performed to understand the extent to which the market meets the needs of the buying organisation.</p> |
| Non-Influenceable Spend | <p>The value of Procurement relevant spend which cannot be influenced by Procurement.</p> |
| OJEU | <p>OJEU stands for the Official Journal of the European Union. This is the publication in which all tenders from the public sector which are valued above a certain financial threshold according to EU legislation must be published.</p> |

| | |
|--|---|
| Procurement | A function that ensures identification, sourcing, access and management of the external resources that an organisation needs or may need to fulfil its strategic objectives. |
| Procurement Exercise | Full end to end procurement exercise documentation from strategy development to contract & supplier management. |
| Public Contracts Scotland (PCS) | <p>Public Contracts Scotland is the national advertising website where Scottish public sector organisations:</p> <ul style="list-style-type: none"> • post Official Journal of the European Union (OJEU) contract notices (contracts over the EU thresholds) • post below-threshold contract notices • invite suppliers to submit quotations for low value/risk supplies and services through the online 'Quick Quote' system • publish contract award notices • can reserve suitable contracts for supported businesses <p>Public Contract Scotland also contains links to other UK and Ireland national public sector procurement portals where details of contract opportunities from elsewhere in the UK may be found.</p> |
| PCU | Procurement and Commissioning Unit |
| Quick Quote | Quick Quote is an online quotation facility within PCS which allows Contracting Authorities to obtain competitive quotes electronically for low value requirements. |
| Regulated Procurements | For the purposes of the Procurement Reform (Scotland) Act 2014 regulated procurements have a contract threshold of £50,000 and above for supplies and services contracts and £2 million and above for works contracts. |
| Segmentation | Division and grouping of suppliers or contracts in relation to spend and its criticality to business. |
| Small and Medium Enterprise (SME) | <ul style="list-style-type: none"> • Micro Enterprise = staff headcount <10 • Small Enterprise = staff headcount <50 • Medium Enterprise = staff headcount <250 |
| Services Contract / Framework | An agreement to provide a specific task including (but not restricted to) installation of goods in connection with any such services. |
| Specification | The description of the requirement that needs to be met. Specifications fulfil two basic purposes: to communicate what is needed to the supplier, and to allow measurement as to whether the goods or services delivered meet the required standard. |

| | |
|--------------------------------------|---|
| Supplies Contract / Framework | An agreement for goods to be supplied to the Purchaser by the Supplier (or by any of the Supplier's Sub-contractors). |
| Supply Chain | All activities, resources, products etc. involved in creating and moving a product or service from the supplier to the procurer. |
| Supported Business | A business whose primary aim is the social and professional integration of disabled or disadvantaged persons, and at least 30% of the employees of those businesses should be disabled or disadvantaged. |
| Sustainability | Sustainability is about meeting the needs of the present, without compromising the ability of future generations to meet their needs. |
| Sustainable Procurement | A process whereby organisations meet their needs for goods, services, works and utilities in a way that achieves value for money on a whole life basis and generates benefits, not only for the organisation but also to society, the economy and the environment. |
| Terms and Conditions | General and special arrangements, provisions, requirements, rules, specifications, and standards that form an integral part of an agreement or contract. |
| Third Sector | The third sector includes charities, social enterprises and voluntary groups which delivers essential services, helps to improve people's wellbeing and contributes to economic growth. It plays a vital role in supporting communities at a local level. |
| Whole Life Costing | The costs of acquiring goods or services (including consultancy, design and construction costs, and equipment), the costs of operating it and the costs of maintaining it over its whole life through to its disposal – that is, the total ownership costs. These costs include internal resources and overheads. |
| Works Contract / Framework | This is an agreement which is a mixture of service / labour and the transfer of supplies. Under a works contract the contractor agrees to do certain job and in the execution of that job, certain supplies are transferred to the customer. Therefore an agreement of building construction, manufacture, processing, fabrication, erection, installation, repair or commissioning of any movable or immovable property is a works contract. |

APPENDIX B – SUMMARY OF COMPLETED REGULATED PROCUREMENTS AND / OR CONTRACTS >= £50,000

| Contract Award Date | Supplier Name | Contract Title | Estimated Contract Value | Contract Start Date | Contract End Date |
|---------------------|--|--|--------------------------|---------------------|-------------------|
| 05/01/2017 | Everwarm Ltd | Upgrading to 28 Properties, Letham Cottage | £668,464.71 | 05/01/2017 | 04/07/2017 |
| 05/01/2017 | Ailsa Building Contractors Ltd | Upgrading Works Comprising Re-roofing & External Render to 84 Residential Properties | £1,784,432.79 | 01/02/2017 | 30/09/2017 |
| 16/01/2017 | Maxi Construction Ltd | Grangemouth Stadium - Refurbishment of Changing Accommodation and Replacement Indoor Track | £359,763.93 | 16/01/2017 | 31/03/2017 |
| 18/01/2017 | Murdoch Mackenzie Construction Ltd T/A Mackenzie Plant | A904/40 Grange Burn - Waterproofing | £55,771.14 | 18/01/2017 | 31/03/2017 |
| 18/01/2017 | Go-Wright Ltd | Kinneil Walled Garden - Masonry Works | £76,745.08 | 18/01/2017 | 31/03/2017 |
| 19/01/2017 | Bam Ritchies (a division of Bam Nuttal Limited) | B805 Blair's Retaining Wall Works | £66,983.00 | 19/01/2017 | 31/03/2017 |
| 19/01/2017 | Burnfield Builders & Demolishers Ltd | Demolition Services - Lot 1 Works up to £50,000 | £363,611.10 | 01/02/2017 | 31/07/2018 |
| 19/01/2017 | Caskie Ltd | Demolition Services - Lot 1 Works up to £50,000 | | 01/02/2017 | 31/07/2018 |
| 19/01/2017 | Central Demolition Ltd | Demolition Services - Lot 1 Works up to £50,000 | | 01/02/2017 | 31/07/2018 |
| 19/01/2017 | CEP Demolitions Ltd | Demolition Services - Lot 1 Works up to £50,000 | | 01/02/2017 | 31/07/2018 |
| 19/01/2017 | CMEC Demolition Ltd | Demolition Services - Lot 1 Works up to £50,000 | | 01/02/2017 | 31/07/2018 |
| 19/01/2017 | Connell Brothers Ltd | Demolition Services - Lot 1 Works up to £50,000 | | 01/02/2017 | 31/07/2018 |
| 19/01/2017 | Damada Asbestos Removals Ltd t/a Damada Group | Demolition Services - Lot 1 Works up to £50,000 | | 01/02/2017 | 31/07/2018 |
