## **1. INTRODUCTION**

- 1.1 The purpose of this report is to provide an independent assurance statement on the effectiveness of the financial and non financial internal controls operating within Central Scotland Valuation Joint Board in the period April 2014 to March 2015.
- 1.2 Clackmannanshire Council's Internal Audit function provide Internal Audit services on behalf of the Assessor and the Valuation Joint Board. The provision of an Annual Report by the Internal Audit and Fraud Team Leader is required by Performance Standard 2450 of the Public Sector Internal Audit Standards (PSIAS).
- 1.3 It is the responsibility of senior management to establish an appropriate and sound system of internal control and to monitor the continuing effectiveness of that system. PSIAS requires that the annual internal audit opinion must conclude on the overall effectiveness of the organisation's framework of governance, risk management and control in a report that incorporates;
- The opinion;
  - A summary of the work that supports the opinion; and
  - A statement on conformance with the PSIAS and the results of the quality assurance and improvement programme.
- 1.4 This report has been prepared in line with the above requirements.

## 2. AUDIT OPINION

- 2.1 To form an opinion on the Board's control environment, Internal Audit prepares an Annual Plan which incorporates the audits to be completed during the financial year. The audits in this plan are selected with a view to determining whether the risks facing the key corporate and service objectives are being adequately managed and financial and non financial controls are operating.

### Basis of Assurance

- 2.2 In forming my opinion on the Board's control environment, I have relied on different sources, including:
- The audit work undertaken by the Internal Audit and Fraud Team during the year to 31 March 2015,
  - Progress made by management in the implementation of Internal Audit recommendations,
  - Reports issued by the Council's external auditors, Deloitte LLP and other review agencies,
  - The Annual Governance Statement assurance process.
- 2.5 On this basis I am able to provide **significant** assurance upon the adequacy and effectiveness of Central Scotland Valuation Joint Board's framework of governance, risk management and control in the year to 31 March 2015.

### **3. OVERVIEW OF 2014-15**

- 3.1 Internal Audit and Fraud's Annual Plan for 2014/15 comprised 1 assurance audit (Valuation List - Domestic Properties) together with time allocated for follow up work and input into the Annual Governance Statement (AGS) assurance process for the 2014/15 accounts. A total of 4 weeks were included within the Annual Plan.

#### **Assurance**

- 3.2 Within the Annual Audit Plan for 2014-15 a review of the Valuation List - Domestic Properties was scheduled. The scope of the audit was to assess the adequacy and effectiveness of the controls and procedures in place to ensure that the records relating to current domestic property values are up to date and accurate.
- 3.3 Internal Audit provided a significant level of assurance. In our opinion there is a strong control environment operating in relation to how the Central Scotland VJB mitigates the risks associated with the updating and amending of the domestic properties on the valuation list. As a result no negative findings were required to be reported and no further management action was required.

#### **Governance**

- 3.4 The Internal Audit and Fraud Team have contributed to the Annual Governance Statement assurance process through reviewing Governance arrangements. This included reviewing and challenging evidence provided by the Board in support of the assurance statements.

### **4. QUALITY ASSURANCE**

- 4.1 All Local Authority Internal Audit teams are required to operate in accordance with the Public Sector Internal Audit Standards (PSIAS). The PSIAS formalise standards to be achieved in relation to, for example, independence, staffing and training, audit strategy and planning, reporting and performance and quality and effectiveness.

- 4.2 Some development work was identified and undertaken in 2014/15. This included re-designing the audit process to ensure that individual audit reviews focus more clearly on the key risks associated with the areas under review. We have also drafted an updated Internal Audit Charter for inclusion in financial regulations.
- 4.3 The Internal Audit and Fraud Team has also undertaken a self assessment against the PSIAS during 2014/15 with the aim of identifying further development work required. A Quality Improvement Plan has been drafted which identifies a number of areas for improvement including reviewing and updating the Internal Audit Manual and giving consideration to how independent assurance over the fraud function will be provided.
