## Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Further to previous comment:

- I have lived adjacent to the site since May 2006. No building works on a house have happened in these 9 years.

- Previous granting for permission of a caravan had conditions that were not met, namely the planting of a double row of trees along the boundary.

- The current multitude of mature trees - home to protected Pipistrelle bats - should be under protection. The application suggests there are no trees which is untrue.  
In fact trees appear in the photographs supplied by the applicant.
