

FALKIRK COUNCIL

Subject: CHANGE OF USE OF PART OF EXISTING SHOP UNIT TO FORM HOT FOOD TAKEAWAY AT 18 WOODBURN STREET, FALKIRK, FK2 9DS FOR MR & MRS LALLI – P/07/0953/FUL
Meeting: PLANNING COMMITTEE
Date: 23 September 2009
Author: DIRECTOR OF DEVELOPMENT SERVICES

Local Member: Councillor David Alexander
Councillor Craig R Martin
Councillor Cecil Meiklejohn
Provost Pat Reid

Community Council: Grahamston, Westfield and Middlefield

Case Officer: Kevin Brown (Planning Officer ext. 4701)

1. DESCRIPTION OF PROPOSAL / SITE LOCATION

- 1.1 This detailed application proposes the change of use of part of an existing shop unit to form a separate hot food takeaway.
- 1.2 The application site is located in a predominantly residential area of Falkirk within an established neighbourhood shop.

2. REASON FOR COMMITTEE CONSIDERATION

- 2.1 A significant number of objections from local residents have been received in association with this planning application.

3. SITE HISTORY

- 3.1 F/2002/0730 - change of use and alterations to shops to form 2 dwellinghouses and erection of 5 flatted dwellings, granted detailed planning permission – 09/04/2003.

4. CONSULTATIONS

- 4.1 The Roads Development Unit has raised concerns in relation to lack of off street parking.

- 4.2 The Environmental Protection Unit has assessed the proposed development and the odour extraction details submitted by the applicant and has raised no concerns. They have however pointed out that if in practice noise or odour complaints are received, the Environmental Health Unit would be obliged to investigate and act as necessary under Statutory Nuisance legislation contained in the Environmental Protection Act.

5. COMMUNITY COUNCIL

- 5.1 The Grahamston, Westfield and Middlefield Community Council has not commented on the proposal.

6. PUBLIC REPRESENTATION

- 6.1 133 letters of objection were received following the neighbour notification process. One of these letters enclosed a petition containing 49 signatories. Issues raised include:

- Parking shortage.
- Odours.
- Noise late at night.
- Litter.
- Anti-social behaviour.
- The proposal is located in the middle of a housing scheme.

7. DETAILED APPRAISAL

When determining planning applications, the status of the development plan is emphasised in Section 25 of the Town and Country Planning (Scotland) Act 1997. This requires that:

“the determination shall be made in accordance with the plan unless material considerations indicate otherwise”.

Accordingly,

7a The Development Plan

- 7a.1 There are no specific policies within the approved Falkirk Council Structure Plan relevant to this application.

Falkirk Local Plan

7a.2 Policy FAL 3.7 'Shopfront Design' states:

"The design of new or altered shopfronts should be well-proportioned and sympathetic to the character of the building of which they are part. Where possible, the preservation or restoration of existing traditional shopfront features such as stallrisers, pilasters, cornices, friezes and mouldings will be encouraged."

7a.3 The proposed shopfront is considered to relate well to the existing shopfront on the shop adjacent and as such would not have any adverse impact on the visual amenity of the area. The proposal therefore complies with policy FAL 3.7.

7a.4 Policy FAL 5.8 'Non Residential Uses in Housing Areas' stated:

"Within established residential areas, there will be a general presumption against the introduction of uses which would be incompatible with the residential character and amenity of the area. Proposals for appropriate ancillary services (e.g. surgeries, nurseries and corner shops) will be welcomed where it can be demonstrated that the quality of the residential environment would be safeguarded and access and parking issues can be satisfactorily resolved."

7a.5 Policy FAL 7.8 'Food and Drink Outlets' states:

"Proposals for food and drink outlets (Class 3 as defined by the Town and Country Planning (Use Classes)(Scotland) Order 1997), public houses and hot food takeaways will only be permitted where:

- (i) there will be no adverse impact on the amenity of adjacent residential properties, or the surrounding area generally, by virtue of noise, disturbance, litter or odours;*
- (ii) the proposal meets the terms of Policy FAL 7.9 on protected shopping frontages; and*
- (iii) the proposal is satisfactory in terms of parking, access and traffic generation."*

7a.6 The proposed introduction of a hot food takeaway in this location is considered compatible with the neighbouring land use. The Environmental Protection Unit has confirmed that it is satisfied with the proposed odour extraction system and has raised no concerns in relation to noise and odours. The proposal complies with Policy FAL 7.8. The comments of the Roads Development Unit regarding lack of off street parking are noted. However, the application site is part of an existing larger shop that sells a wide range of convenience goods. The proposal would reduce the floor area of the existing shop unit and so the overall impact on parking is unlikely to be significant. In addition, whilst there is no off-street parking to serve the existing premises or the proposed subdivision of the premises, there is unrestricted on street parking immediately in front of the application site and in the vicinity. The proposal is therefore considered to be in accordance with the terms of Policy FAL 5.8 and FAL 7.8.

7a.7 The proposal is therefore in accordance with the terms of the Falkirk Local Plan.

7b Material Considerations

7b.1 The material considerations relating to this proposal are the representations received and the Falkirk Council Local Plan Finalised Draft (Deposit Version).

Representations Received

- 7b.2 It is acknowledged that the premises do not have off-street parking. However the application site is part of an existing shop unit that has operated here for a number of years and it is not considered that the proposed hot food takeaway and the reduction in size of the existing shop unit will significantly impact upon congestion in the area.
- 7b.3 Noise and odour issues have been considered by the Environmental Protection Unit and no objections have been raised in this regard. The unit has advised that should any noise or odour nuisance occur, this can be controlled statutory nuisance legislation contained in the Environmental Protection Act.
- 7b.4 The issue of litter is difficult to control through the planning process and is better controlled through licensing legislation.
- 7b.5 Anti-social behavior is not a material planning consideration.
- 7b.6 The location of the proposed unit within a housing area is noted, but this is not considered to be an incompatible land use given that the site is part of an existing shop unit and adequate noise and odour abatement provisions are proposed.

Finalised Draft Falkirk Local Plan

- 7b.7 Policy EQ11 'Shopfronts' states:

- "(1) The design of new or altered shopfronts should be well-proportioned and sympathetic to the character of the building of which they are part. The retention and restoration of existing traditional shopfront features such as stallrisers, pilasters, cornices, friezes and mouldings will be required; and*
- (2) External security measures should not detract from the character of the building or the area in general. Where such measures are necessary, there will a presumption in favour of perforated shutters and grilles, as opposed to solid roller shutters."*

- 7b.8 Policy EQ11 affirms the position of the Falkirk Local Plan

- 7b.9 Policy SC7 - 'Established Residential Areas' states:

"Within established residential areas, there will be a general presumption against the introduction of uses which would be incompatible with the residential character and amenity of the area. Proposals for appropriate community services (e.g surgeries, day nurseries and neighbourhood shops), homeworking or other compatible business uses (e.g. guest houses) will be supported where it can be demonstrated that the quality of the residential environment would be safeguarded, the type and location of the property is suitable, and satisfactory access and parking can be provided."

- 7b.10 Policy SC 7 affirms the position of the Falkirk Local Plan.

7b.11 Policy EP9 - 'Food And Drink ' states:

"Proposals for Class 3 uses, hot food takeaways and public houses will be encouraged to locate within centres, in association with other neighbourhood shops or services, or in other locations where they are capable of serving a tourism function. It must also be demonstrated that:

- (1) There will be no adverse impact on the amenity of adjacent residential properties, or the surrounding area generally, by virtue of noise, disturbance, litter or odours;*
- (2) In the case of proposals within a centre, the proposal is consistent with the specific policies covering the relevant centre, particularly with regard to safeguarding the centre's retail function; and*
- (3) Parking, access and traffic generation requirements are satisfied."*

7b.12 Policy EP9 affirms the position of the Falkirk Local Plan.

7b.13 The proposals are therefore in accordance with the terms of the Falkirk Council Local Plan Finalised Draft (Deposit Version).

7c Conclusion

7c.1 The proposed development is considered to be acceptable development as it is in accordance with the terms of Policies FAL 3.7, FAL 5.8 and FAL 7.8 of the Falkirk Local Plan and Policies EQ11, SC7 and EP9 of the Falkirk Council Local Plan Finalised Draft (Deposit Version). There are no material planning considerations that would justify a refusal of planning permission in this instance.

8. RECOMMENDATION

8.1 It is recommended that detailed planning permission be granted subject to the following condition:-

- (1) The development to which this permission relates must be begun within three years of the date of this permission.**

Reason(s):

- (1) To accord with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997.**

Informative(s):

- (1) Should in practice, any noise or odour complaints be received, the Environmental Health Unit would be obliged to investigate and act as necessary under Statutory Nuisance legislation contained in the Environmental Protection Act.

.....
For Director of Development Services

Date: 15th September 2009
