Clerk - Rose Mary Glackin
Treasurer - Nikki Bridle

CENTRAL SCOTLAND VALUATION JOINT BOARD

INTRODUCTION

by Brian Byrne, Assessor

Central Scotland Valuation Area covers three council areas of Clackmannanshire, Falkirk and Stirling. The Valuation Joint Board appoints an Assessor for the Valuation Area and bears the costs of carrying out the statutory duties. The three Councils have also appointed the Assessor as Electoral Registration Officer.

The Assessor has three core statutory duties. These are:-

1. Valuation of Lands and Heritages

The Valuation Roll contains every non-domestic property (unless exempted by statute) in the Valuation Area showing the rateable value of the property. Rateable value is effectively the estimated rental value of the property. Since the revaluation in April 2010, rateable value has been effectively the estimated rental value of the property at April 2008. There are over 11,000 non-domestic properties in Central Scotland with a total rateable value of over £320 million. The Roll includes commercial properties like shops and offices, industrial properties from small workshops to giants like the petrochemical works and the refinery at Grangemouth, and publicly owned properties such as schools and sport centres. The Assessor maintains survey records of each property and is obliged by law to carry out a revaluation of non-domestic properties every five years and to maintain the Roll to reflect new and altered properties.

The valuation appeals from the 2005 Revaluation to be heard by the local Valuation Appeal Committee have been completed with only those few appeals to be heard by the Lands Tribunal and the Lands Valuation Appeal Court remaining. Work is well underway on the appeals arising from the 2010 Revaluation. A programme of hearings was agreed with the Secretary of the Valuation Appeal Committee for the year. Appeal disposal has to be completed through the local appeal stages by 31st December 2013. Of the original 3532 properties under appeal 1937 properties remain under appeal at the end of March 2012.

In the year 2011/12 along with the Revaluation appeal work we continued to maintain the Roll for new entries, amendments and deletions. In addition to the normal level of appeals arising from these routine changes we have received a large number (approximately 5000) of material change appeals referring to the economic climate. These material change appeals will be dealt with as the 2010 Valuation Roll becomes established with settlement of Revaluation Appeals. These appeals have the same disposal date of 31st March 2013. Two significant appeals have been heard by the Lands Valuation Appeal Court for properties in other Valuation Areas (Dundee and Fife), which are expected to provide guidance on many of the material changes appeals relating to the economic climate throughout Scotland. The Judges decisions are expected in mid 2012.

2. Compiling the Valuation List

All domestic properties are shown in the Valuation List. The Assessor places every domestic property in a valuation band based on the capital value that the property would have had at April 1991 and in line with statutory assumptions. While the pace of new building has slowed there are now over 139,000 entries in the Council Tax List in Central Scotland.

The Council Tax band for an altered existing property is reconsidered when it is sold. While appeal/proposal activity in Council Tax for new and altered houses is normally fairly light, occasional media interest in the Council Tax proposal procedures throughout the UK can result in an increased level of enquiry into existing bandings. An increase in Council Tax enquiries follows each television programme on this issue which creates an unplanned workload for technical staff. Staff have

continued to handle this well with as little as possible impact on the timing of other survey work in domestic alterations.

3. Compiling the Register of Electors

The Register of Electors is published annually and is a listing of every declared eligible elector in each local authority area set against the local address that satisfies the residence qualification. The Register is used for all Local Government, United Kingdom, Scottish and European Parliamentary Elections. It is also used for Community Councils' elections and for referendums. In combination with data from other Electoral Registration Officers it is used to compile a register as required for National Park Elections. The Electoral Registration Officer also requires to publish an Edited Register and to maintain Absent Voter Lists.

The Scottish Parliamentary Elections in May 2011 was a major test of our procedures, as it produced a significant level of late interest in registration and continuing increase in postal voting. The later added complication of a national referendum on the voting system for UK Parliamentary elections had to be reflected in planning. While the date and procedures for the Scottish Elections were known well in advance the referendum legislation was not in place until only a few weeks before Election Day.

Immediately following that election, planning and preparation for encouraging registration for the Scottish Local Government Elections was a major focus of our work. Although not held until 3 May 2012, preparation began in mid 2011.

Introduced in late 2006, the "new duties" placed on Electoral Registration Officers to encourage electoral registration and participation have now become embedded in our practices. Various procedures and initiatives were carried out in co-operation with other Electoral Registration Offices and with the Electoral Commission. Electronic methods of communication with electors and potential electors continue to be extended.

The number of properties canvassed by post and by other methods now stands at over 135,000. The number of electors who had chosen to vote by post (as at 31st March 2012) was 24,000, including those specifically for the 3rd May 2012 Local Council elections.

CENTRAL SCOTLAND VALUATION JOINT BOARD

Explanatory Foreword 2011/12

by Nikki Bridle, Treasurer

Introduction

I am pleased to present the Board's statement of Accounts for the year ended 31 March 2012.

The purpose of the Statement of Accounts is to present a summary of the financial activities of the Valuation Joint Board for the benefit of members and officers of the three constituent authorities and the general public, to report on the stewardship of funds for the financial year 2011/2012, and explain in overall terms the Joint Board's financial position.

The Statement of Accounts has been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom (the code) issued by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Local Authority (Scotland) Accounts Advisory committee (LASAAC), based on International Financial Reporting Standards (IFRS). This is the second year that the Accounts have been prepared using the International Financial Reporting Standards.

The Code is based on approved accounting standards issued by the International Financial Reporting Interpretations Committee. It also draws on approved accounting standards issued by the International Public Sector Accounting Standards Board and the UK Accounting Standards Board where these provide additional guidance.

These changes aim to improve the comparability of the Board's accounts with the rest of the public sector and over time with the private sector. Overall this results in the presentation of more detailed financial statements which aim to provide greater transparency about the key issues affecting the Board's finances.

Core Financial Statements

The main financial statements comprise the following:

- **Movement in Reserves Statement**
the Movement in Reserves Statement shows the movement in the year on the different reserves held by the Board, analysed into 'usable reserves' (those that can be used to fund expenditure) and other reserves.
- **Comprehensive Income and Expenditure Statement**
The Comprehensive Income and Expenditure Statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from requisitions.

- **Balance Sheet**

The balance sheet is a consolidation of the Board's financial position. It shows the balances available, long term indebtedness and the long-term and current assets and liabilities of the Board.

- **Cash Flow Statement**

The Cash Flow statement shows the inflows and outflows of cash as a result of the Board's transactions, both capital and revenue.

The main material change to the 2011/12 Code is the requirement for Heritage Assets to be reported separately when applicable. This requirement does not impact on the Accounts as the Board does not hold any Heritage Assets. Similarly requirements introduced in relation to accounting for Assets Held for Sale and Component Accounting do not apply to the Board where the only Long Term Assets held are in relation to Intangible Assets. The new disclosure requirement to include more detail in respect of exit packages has been included within the remuneration report.

The deficit on the provision of service for the financial year reported in the Comprehensive Income and Expenditure Account is £95k. However this includes £230k of adjustments between the accounting and funding basis. When these are removed from the surplus shown in the Comprehensive Income and Expenditure Account the net useable surplus available is £135k. This is the amount that that is available to meet future capital and revenue expenditure.

The usable surplus brought forward from previous years is £297k. The usable surplus achieved in the year is £135k. The surplus carried forward to future years is therefore £432k. The balance of £432k has been retained as a surplus attributable to the constituent authorities in the general fund usable reserve. This reserve will be retained during the period of service reconfiguration which once finished there will be a review of the level to ensure that it is sufficient for the future requirements of the Board.

Within the overall budgetary performance there were a number of variances, both positive and negative, and the major variances are highlighted below.

There is a saving of £143k relating to salaries. This has arisen as a result of single status being implemented later than estimated, costs being below budgeted expenditure levels, and a higher level of vacancies due to the ongoing reconfiguration of the service.

This saving is reduced due to the overspend on IT Costs of £12k resulting from the purchase of additional electoral software maintenance.

Additional Human Resources for job analyst support to expedite implementation of Single Status in line with planned timescale has resulted in extra costs of £23k.

Administration payments includes £97k relating to the National Assessors Project. This is funded by contributions from all Scottish Assessors. There are also additional payments of £42k in respect of postage Election costs that are recharged to the constituent authorities.

CENTRAL SCOTLAND VALUATION JOINT BOARD

STATEMENT OF RESPONSIBILITIES

The Valuation Joint Board's responsibilities

The Joint Board is required:-

- (1) to make arrangements for the proper administration of its financial affairs, and to ensure that one of its officers has responsibility for the administration of those affairs. In respect of the Valuation Joint Board that officer is the Treasurer.
- (2) to manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.

The Treasurer's responsibilities

The Treasurer is responsible for the preparation of the Valuation Joint Board's statement of accounts which, in terms of the CIPFA / LASAAC Code of Practice on Local Authority Accounting in Great Britain, is required to present a true and fair view of the financial position of the Valuation Joint Board at the accounting date and its income and expenditure for the year then ended.

In preparing this statement of accounts, the Treasurer has:

- (1) selected suitable accounting policies and then applied them consistently;
- (2) made judgements and estimates that were reasonable and prudent;
- (3) complied with the Code of Practice.

The Treasurer has also:

- (1) kept proper accounting records which were up to date;
- (2) taken reasonable steps for the prevention and detection of fraud and other irregularities.

Statement by the Treasurer

I confirm that the Statement of Accounts presents fairly the financial position of the board as at 31st March 2012 and its income and expenditure for the year ended 31st March 2012.

Nikki Bridle
Treasurer
7th September 2012

CENTRAL SCOTLAND VALUATION JOINT BOARD

ANNUAL GOVERNANCE STATEMENT

Scope of responsibility

The Valuation Joint Board and the Assessor are responsible for ensuring that business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Board and the Assessor have a responsibility to make arrangements to secure continuous improvement in the way in which the organisation's functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, the Board and Assessor are responsible for putting in place proper arrangements for the governance of the organisation's affairs, facilitating the effective exercise of their functions, which includes arrangements for the management of risk.

The Board and the Assessor have in place governance arrangements which are consistent with the principles of the Chartered Institute of Public Finance and Accountancy (CIPFA) Framework Delivering Good Governance in Local Government. These arrangements are defined with the Valuation Joint Board's Code of Corporate Governance. This statement explains how the Board and the Assessor has complied with the Framework.

The purpose of the governance framework

The governance framework comprises the systems and processes, and culture and values, by which the organisation is directed and controlled and its activities through which it accounts to, engages with the community. It enables the Board to monitor the achievement of the strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Board's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place at the Valuation Joint Board for the year ended 31 March 2012 and up to the date of approval of the Statement of Accounts.

The governance framework

The responsibilities of the Valuation Joint Board and the Assessor are laid out in statute. These responsibilities, together with the corporate governance framework are contained within the Code of Corporate Governance. The Code is further supported by the Standing Orders, Scheme of Delegation, Financial Regulations and Contract Standing Orders. Professional support is provided by Clackmannanshire Council and Falkirk Council on financial and clerk matters, respectively.

The Assessor is supported in meeting his statutory responsibilities by his Management Team, which has responsibility for all aspects of planning, managing, monitoring and reporting of statutory function, service delivery and performance improvement.

The Three Year Strategic Plan is the key corporate tool for making best use of financial, technological, human and other resources available. From the Three Year Strategic Plan, the annual operational and services plans are prepared with progress monitored by the Management Team. A performance framework is in place with standards and targets in place. Ongoing monitoring against targets is undertaken by the Management Team and Valuation Joint Board.

The Board's financial management arrangements conform to the standards of the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Role of Treasurer is fulfilled by the Section 95 Officer from Clackmannanshire Council. The Board approve a financial budget annually, prior to the start of the financial year, and performance against budget is monitored regularly by both the Management Team and the Board, on a regular basis.

The Board has an approved Risk Management Strategy, which ensures that key strategic, business and operational risk are defined, monitored and mitigated against. Key business risks are regularly considered and reviewed by both the Management Team and the Board. In relation to the day to day operations, a framework of internal controls is in operation, which further mitigates against risks.

Review of effectiveness

The Board and the Assessor have responsibility for conducting, at least annually, a review of the effectiveness of the governance framework including the system of internal control.

The process that has been applied in maintaining and reviewing the effectiveness of the governance framework includes the following:

- the internal management processes, including performance, risk and financial management and monitoring;
- an annual self assessment of the adequacy of the governance arrangements;
- work undertaken by Internal Audit during the year, including a review of the risk management arrangements and the follow up of recommendations from the previous governance audit; and
- external audit review of the work of internal audit and comment on the corporate governance, risk management and performance management arrangements.

We understand we will be advised on the implications of the nearly completed result of the review of the effectiveness of the governance framework by the Board and a plan to address weaknesses and ensure continuous improvement of the system is in place.

Significant governance issues

The review to date, as detailed above, provides reasonable assurance on the effectiveness of the Valuation Joint Board's governance arrangements. There have been no governance issues identified to date during the year that are considered significant in relation to the overall governance framework. Specific opportunities for improvements in governance and internal control identified as part of the assurance processes detailed above have been addressed or are included in improvement plans allocated to the relevant member of the Management Team.

Signed on behalf of the Valuation Joint Board

Assessor

Convenor of the Board

Date7th September 2012

Date:7th September 2012

CENTRAL SCOTLAND VALUATION JOINT BOARD

REMUNERATION REPORT

All information disclosed in the tables of the remuneration report will be audited by Deloitte LLP to ensure that they are consistent with the financial statements.

Following restructuring of the Boards Senior Management Team there is now only one Depute Assessor. This is reflected in the table disclosing the remuneration of Senior employees. Depute Assessor, I Ballance left employment during the 2011/12 financial year and was replaced by P Wildman.

The remuneration of senior officers of the Valuation Joint Board is regulated by The Local Government (Scotland) Act. Section 27/5 states that the Assessor be appointed in reasonable terms by the Valuation Authority. The Local Valuation Joint Board (Scotland) Order 1995 Regulations 2 (2), Section 27 transferred the authority to the Valuation Joint Board. Appointment of Senior Officers are approved by the Board.

The following tables provide details of the remuneration paid to the Board's Senior Employees.

Remuneration of Senior Employees of the Board

Name and Post Title	Salary, fees and allowances £	Taxable Expenses £	Compensation for loss of Employment £	Benefits other than in cash £	Total Remuneration 2011-12 £	Total Remuneration 2010-11 £
B Byrne, Assessor	90,941	-	-	-	90,941	90,715
P Wildman, Depute Assessor (started 2/12/11)	24,063 (full year equiv £72,012)	-	-	-	24,063	0
I Ballance, Depute Assessor (left 16/10/11)	40,180 (full year equiv £72,012)	-	-	-	40,180	72,426
G Livingston, Depute Assessor	-	-	-	-	-	2,160

The senior employees included in the table include any Joint Board employee:

- Who has responsibility for management of the Board to the extent that the person has power to direct or control the major activities (including activities involving the expenditure of money) during the year to which the Report relates whether solely or collectively with other persons;
- Who holds a post that is politically restricted by reason of section 2(1) (a), (b) or (c) of the Local Government and Housing Act 1989: or
- Whose annual remuneration is £150,000 or more.

Pension Benefits

Senior Employees

The pension entitlements of Senior Employees for the year to 31 March 2012 are shown in the table below, together with the contribution made by the Board to each Senior Employees' pension during the year.

Name and Post Title	In-year pension Contributions		Accrued pension benefits			
	For year to 31 March 2011 £	For year to 31 March 2012 £		As at 31 March 2011 £	As at 31 March 2012 £	Difference from 31 March 2011 £
B Byrne, Assessor	16,774	17,274	Pension	44,000	46,000	2,000
			Lump Sum	123,000	123,000	0
I Ballance, Depute Assessor	13,053	7,441	Pension	36,000	36,000	0
			Lump Sum	100,000	100,000	0
P Wildman, Depute Assessor	-	11,089	Pension	14,000	17,000	3,000
			Lump Sum	37,000	42,000	5,000

All senior employees shown in the tables above are members of the Local Government Pension Scheme (LGPS). The pension figures shown relate to the benefits that the person has accrued as consequence of their total local government service and not just their current appointment.

Where staff are no longer in employment at 31st March 2012 there is no increase in accrued pension benefit attributable.

The Section 95 Officer is Nikki Bridle, Director of Finance and Corporate Services Clackmannanshire Council. Her remuneration is paid by Clackmannanshire Council.

Senior Councillors

The remuneration of councillors is regulated by the 2007 regulations and these set out the remuneration payable to councillors with a responsibility of Convenor or Vice-Convenor of the Joint Board. The council of which the convenor or Vice-convenor is a member is required to pay their total remuneration and is then reimbursed for the element of the payment made on behalf of the joint board.

Convenor : Councillor A Simpson, Stirling Council
Reimbursement £5,197 (2010/11 £5,332)

Vice-Convenor : Councillor H McLaren, Clackmannanshire Council.
Reimbursement £2,886 (2010/11 £3,153)

Officers' Remuneration

The number of employees whose remuneration, excluding employer's pension contributions, was £50,000 or more in bands of £5,000 were

Remuneration band	Number of Employees	
	2010/11	2011/12
£50,000 - £54,999	1	0
£55,000 - £59,999	0	1
£60,000 - £64,999	0	0
£65,000 - £69,999	0	0
£70,000 - £74,999	1	0
£75,000 - £79,999	0	0
£80,000 - £84,999	0	0
£85,000 - £89,999	0	0
£90,000 - £94,999	<u>1</u>	<u>1</u>
	<u>3</u>	<u>2</u>

Termination Benefits

As part of the ongoing reconfiguration of the service six staff received voluntary severance on the grounds of efficiency. The Board incurred strain payment costs of £114k.

Exit Packages

The cost of these packages are analysed below. Where there is only one person in the banding these have been combined to ensure that individual exit packages cannot be identified. These costs have been included within the Comprehensive Income and Expenditure.

Exit Package	Number	Cost
	2011/12	2011/12 £'000
£00,001 - £19,999	4	26
£20,000 - £79,999	<u>2</u>	<u>88</u>
	<u>6</u>	<u>114</u>

**CENTRAL SCOTLAND VALUATION JOINT BOARD
MOVEMENT IN RESERVES STATEMENT**

This statement shows the movement in the year on the different reserves held but the Board, analysed into 'usable reserves' (those that can be applied to fund expenditure) and other reserves. The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance. The Net Increase/Decrease shows the statutory General Fund Balance.

	Usable Reserves £000	Unusable Reserves £000	Total Reserves £000
Balance at 31 March 2010	208 =====	(6,380) =====	(6,172) =====

Balance at 31 March 2012 carried forward	432	(4,576)	(4,144)

CENTRAL SCOTLAND VALUATION JOINT BOARD

COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices.

	Gross Expenditure £000	Gross Income £000	2010/11 Net Expenditure £000		Gross Expenditure £000	Gross Income £000	2011/12 Net Expenditure £000
37	1,631	(2,976)	(1,345)	Cost of Services (Footnote A & B)	2,860	(2,823)	
			<u>129</u>	Financing and Investment Income and Expenditure (note 7)			<u>58</u>
			(1,216)	(Surplus) or Deficit on Provision of Services (note 16)			95
			<u>(1,591)</u>	Actuarial gains/losses on pension assets/liabilities (note18)			<u>683</u>
			<u>(2,807)</u>	Total Comprehensive Income and Expenditure			<u>778</u>

(A) Cost of Services

All Costs flow through the Central Services line at financial statement level, and therefore there is no further breakdown of Service costs.

(B) Amounts Reported for Resource Allocation Decisions

As the Valuation Board operates as a single entity, the reporting during the year is that specified by the Service Reporting Code of Practice (SERCOP). Thus there is no requirement to included a reconciliation between that reported during the year and that reported above. Within the Cost of Services above there are included costs of £8k (2010-11 £12k) that were not reported during the in year monitoring. These are as a result of Capital Financing Costs and Compensating Absences Account Adjustments.

**CENTRAL SCOTLAND VALUATION JOINT BOARD
BALANCE SHEET**

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Board. The net assets (assets less liabilities) are matched by the reserves held. Reserves are reported in two categories. The first category of reserves are usable reserves, those reserves that the board may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt). The second category of reserves is those that the board is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

31 March 2011 £000		Note	31 March 2012 £000

Treasurer

CENTRAL SCOTLAND VALUATION JOINT BOARD
CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents during the reporting period. The Statement shows how the board generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Board are funded by way of grant income or from the recipients of services provided by the Board. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Board's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (borrowing) to the Board.

2010/11		2011/12

CENTRAL SCOTLAND VALUATION JOINT BOARD

NOTES TO THE ACCOUNTS

1) Accounting Policies

a) General Principles

The Statement of Accounts summarises the Board's transactions for the 2011/12 financial year and its position at the year-end of 31 March 2012. The Board is required to prepare an annual Statement of Accounts by the Local Authority Accounts (Scotland) Regulations 1985, section 12 of the Local Government in Scotland Act 2003 requires they be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2011/12 and the Best Value Accounting Code of Practice 2011/12, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

b) Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from the sale of goods is recognised when the Board transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Board;
- Revenue from the provision of services is recognised when the Board can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Board;
- Expenses in relation to services received (including those rendered by the Council's officers) are recorded as expenditure when the services are received, rather than when payments are made; and
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet.

c) Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Board's cash management.

d) Changes in Accounting Policies and Estimates and Errors

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Changes in accounting estimates are accounted for prospectively, ie, in the current and future years affected by the change.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

e) Charges to Revenue for Non-Current Assets

The following amounts are debited to record the cost of holding fixed assets during the year:

- depreciation attributable to the assets;
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off ; and
- amortisation of intangible fixed assets.

The Board is required to make an annual provision from revenue to contribute towards the reduction in its overall borrowing requirement. Depreciation, revaluation and impairment losses and amortisations are therefore replaced by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

f) Employee Benefits

Benefits Payable During Employment

Short-term employee benefits (those that fall due wholly within 12 months of the year-end), such as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (eg cars) for current employees, are recognised as an expense in the year in which employees render service to the Council. An accrual is made against services in the Surplus or Deficit on the Provision of Services for the cost of holiday entitlements and other forms of leave earned by employees but not taken before the year-end and which employees can carry forward into the next financial year. The accrual is made at the remuneration rates applicable in the following financial year. Any accrual made is required under statute to be reversed out of the General Fund Balance by a credit to the Accumulating Compensated Absences Adjustment Account in the Movement in Reserves Statement.

Post Employment Benefits

Employees of the Authority are members of The Local Government Pensions Scheme administered by Falkirk Council

This scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees worked for the Joint Valuation Board.

The Local Government Pension Scheme

The Local Government Scheme is accounted for as a defined benefits scheme:

- The liabilities of the Falkirk pension fund attributable to the Board are included in the Balance Sheet on an actuarial basis using the projected unit method – ie an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc, and projections of projected earnings for current employees;
- Liabilities are discounted to their value at current prices, using a discount rate based on the gross redemption yield on the iBoxx Sterling Corporate Index, AA cover 15 years;
- The assets of the Falkirk pension fund attributable to the Board are included in the Balance Sheet at their fair value:
 - quoted securities – current bid price
 - unquoted securities – professional estimate
 - unitised securities – current bid price
 - property – market value; and
- The change in the net pensions liability is analysed into seven components:
 - current service cost – the increase in liabilities as result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked;
 - past service cost – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years – debited to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement;
 - interest cost – the expected increase in the present value of liabilities during the year as they move one year closer to being paid – debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
 - expected return on assets – the annual investment return on the fund assets attributable to the Board, based on an average of the expected long-term return – credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
 - gains/losses on settlements and curtailments – the result of actions to relieve the Board of liabilities or events that reduce the expected future service or accrual of benefits of employees – debited/credited to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement;

- actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – debited to the Pensions Reserve; and
- contributions paid to the Falkirk pension fund – cash paid as employer's contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Board to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact on the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Discretionary Benefits

The Board also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

The Valuation Joint Board is a recognised 'employing authority' within the meaning of the Local Government Superannuation (Scotland) Regulations.

g) Intangible Assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Board as a result of past events (eg software licences) is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Council.

Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the Board can be determined by reference to an active market. The depreciable amount of an intangible asset is amortised over its useful life in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account.

h) Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Board and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (ie, repairs and maintenance) is charged as an expense when it is incurred.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management
- the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located

Assets are then carried in the Balance Sheet using fair value, the amount determined by that what would be paid for the asset in its existing use (existing use value - EUV).

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost is used as an estimate of fair value.

Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum every five years.

Disposals

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (ie netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

The written-off value of disposals is appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives

i) Reserves

Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged in that year to score against the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments and retirement benefits and that do not represent usable resources – these reserves are explained in the relevant policies below.

j) Events After the Reporting Period

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period - the Statement of Accounts is adjusted to reflect such events; and
- those that are indicative of conditions that arose after the reporting period - the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

2) Accounting Standards

There have been no new Authority Standards issued that have not yet been adopted.

3) Critical Judgements in Applying Accounting Policies

No critical judgements have been made in the Statement of Accounts while applying the accounting policies set out in Note 1.

There is a high degree of uncertainty about future levels of funding from local government. However at this point this uncertainty is not yet sufficient to provide an indication that the levels of service provision will be affected.

4) Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made about the future or that which are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Board's Balance Sheet at 31 March 2012 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Pensions Liability	<p>Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Board with expert advice about the assumptions to be applied.</p>	<p>The effects on the net pensions liability of changes in individual assumptions can be measured. For instance, a 0.5% increase in the discount rate assumption would result in a decrease in the pension liability of £1.348m.</p> <p>However, the assumptions interact in complex ways. During 2010/11, the actuaries advised that the net pensions liability had decreased by £1.375m due to the pension increase change from RPI to CPI introduced in the June 2010 Emergency Budget.</p>

5) Events after the Reporting Period

The Unaudited Statement of Accounts was authorised for issue by the Treasurer on 22nd June 2012. Events taking place after this date are not reflected in the Financial Statements of Notes. Where events taking place before this date provided information about conditions existing at 31st March 2012, the figures in the Financial Statements and Notes have been adjusted in all material respects to reflect the impact of this information.

There have been no material events since the date of the Balance Sheet which necessitates revision to the figures in the financial statements or notes thereto.

6) Movement in Reserves Statement – Adjustments between Accounting Basis and Funding Basis under Regulations

This note details the adjustments that are made to the total comprehensive income and expenditure recognised in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to meet future capital and revenue expenditure.

2011/12	Usable Reserves		
	General Fund Balance £000	Movement in Unusable Reserves £000	2011/12 £000
Adjustments involving the Capital Adjustment Account:			
<u>Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement:</u>			
Charges for depreciation and impairment of non current assets	(10)	10	0
<u>Insertion of items not debited or credited to the Comprehensive Income and Expenditure Statement:</u>			
Capital expenditure charged against the General Fund	0	0	0
Adjustments involving the Pensions Reserve:			
Reversal of items relating to post employment benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement (see note 18)	(621)	621	0
Employer's pensions contributions and direct payments to pensioners payable in the year	399	(399)	0
Adjustment involving the Accumulating Compensated Absences Adjustment Account			
Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	2	(2)	0
Total Adjustments	(230)	230	0

2010/11	Usable Reserves		2010/11
	General Fund Balance £000	Movement in Unusable Reserves £000	£000
Adjustments involving the Capital Adjustment Account:			
<u>Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement:</u>			
Charges for depreciation and impairment of non current assets	(12)	12	0
<u>Insertion of items not debited or credited to the Comprehensive Income and Expenditure Statement:</u>			
Capital expenditure charged against the General Fund	24	(24)	0
Adjustments involving the Pensions Reserve:			
Reversal of items relating to post employment benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement (see note 16)	857	(857)	0
Employer's pensions contributions and direct payments to pensioners payable in the year	258	(258)	0
Adjustment involving the Accumulating Compensated Absences Adjustment Account			
Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	0	(0)	0
Total Adjustments	1,127	(1,127)	0

7) Comprehensive Income and Expenditure Statement – Financing and Investment Income and Expenditure

2010/11 £000		2011/12 £000
129	Pensions interest cost and expected return on pensions assets	60
(0)	Interest receivable and similar income	(2)
129	Total	58

8) Comprehensive Income and Expenditure Statement – Material Items of Income and Expense

Council Contributions		2010/11 £'000	2011/12 £'000
- Falkirk Council	49.3%	(1,365)	(1,313)
- Stirling Council	35.3%	(978)	(940)
- Clackmannanshire Council	15.4%	(428)	(412)
		<u>(2,771)</u>	<u>(2,665)</u>

9) Balance Sheet – Usable Reserves

Movements in the usable reserves are detailed in the Movement in Reserves Statement and note 6.

31 March 2011 £000		31 March 2012 £000
297	General Fund	432
297	Total Usable Reserves	432

10) Balance Sheet – Unusable Reserves

31 March 2011 £000		31 March 2012 £000
26	Capital Adjustment Account	16
(3,660)	Pensions Reserve	(4,565)
(29)	Accumulating Compensated Absences Adjustment Account	(27)
(3,663)	Total Unusable Reserves	(4,576)

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside as finance for the costs of acquisition, construction and enhancement.

Note 6 provides details of the source of all the transactions posted to the Account.

2010/11		2011/12
£000		£000
15	Balance at 1 April	26
	Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:	
(9)	• Charges for depreciation and impairment of non current assets	(10)
(4)	• Amortisation of intangible assets	0
	Capital financing applied in the year:	
24	• Capital expenditure charged against the General Fund	0
26	Balance at 31 March	16

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Board accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Board makes employer's contributions to pensions funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Board has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

2010/11 £000		2011/12 £000
(6,366)	Balance at 1 April	(3,660)
1,591	Actuarial gains or losses on pensions assets and liabilities	(683)
857	Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	(621)
258	Employer's pensions contributions and direct payments to pensioners payable in the year	399
(3,660)	Balance at 31 March	(4,565)

Accumulating Compensated Absences Adjustment Account

The Accumulating Compensated Absences Adjustment Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

2010/11 £000		2011/12 £000
(29)	Balance at 1 April	(29)
29	Settlement or cancellation of accrual made at the end of the preceding year	29
(29)	Amounts accrued at the end of the current year	(27)
0	Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	2
(29)	Balance at 31 March	(27)

11) Cash Flow Statement – Non Cash Movements

2010/11 £000	2011/12 £000
(12) Depreciation	(10)
(82) Movement in Creditors	(5)
110 Movement in Debtors	(101)
1,115 IAS19 Adjustments	(222)
1,131 Net cash flows from financing activities	(338)

12) Cash Flow Statement – Operating Activities

The cash flows for operating activities include the following items:

2010/11 £000	2011/12 £000
0 Interest received	(2)
0 Interest paid	0
0 Dividends received	0

13) Cash Flow Statement – Investing Activities

2010/11 £000	2011/12 £000
24 Purchase of property, plant and equipment, investment property and intangible assets	0
24 Net cash flows from investing activities	0

14) Cash Flow Statement – Financing Activities

2010/11 £000	2011/12 £000
0 Cash receipts of short- and long-term borrowing	(2)
0 Other receipts from financing activities	0
0 Repayments of short- and long-term borrowing	0
0 Other payments for financing activities	0
0 Net cash flows from financing activities	(2)

15) Cash Flow Statement – Cash and Cash Equivalents

The balance of Cash and Cash Equivalents is made up of the following elements:

31 March 2011 £000		31 March 2012 £000
330	Bank current accounts	573
330	Total cash and cash equivalents	573

16) Comprehensive Income and Expenditure - (Surplus) or Deficit on Provision of Services

Gross Expenditure	2010/11 £'000	2011/12 £'000
Staff Costs	750	2,019
Property Costs	265	256
Transport Costs	35	32
Supplies & Services	486	434
Third Party Payments	19	22
Support Services	64	89
Capital Financing Costs	12	10
Compensating Absences Adjustment	<u>0</u>	<u>(2)</u>
Continuing Operations	1,631	2,860
Income		
Sales of Electoral Roll	(42)	(42)
Other Income	(163)	(116)
Council Contributions	<u>(2,771)</u>	<u>(2,665)</u>
	(2,976)	(2,823)
Net Expenditure	(1,345)	37
Financing and Investing Income and Expenditure (Note 7)	129	58
(Surplus) or Deficit on Provision of Services	(1,216)	95

All costs flow through one Service line at Financial Statement Level

17) External Audit Costs

The Board has incurred the following costs in relation to the audit of the Statement of Accounts, certification of grant claims and statutory inspections and to non-audit services provided by the external auditors

	2010/11 £000	2011/12 £000
Fees payable to Audit Scotland with regard to external audit services carried out by the appointed auditor for the year	8	8
Fees payable in respect of other services provided by the appointed auditor during the year	0	0
Total	8	8

18) Defined Benefit Pension Schemes

Participation in pension schemes

As part of the terms and conditions of employment of its officers, the Board makes contributions towards the cost of post employment benefits. Although these benefits will not actually be payable until employees retire, the Board has a commitment to make the payments and this needs to be disclosed at the time that employees earn their future entitlement.

The Board participates in two post employment schemes:

- The Local Government Pension Scheme, administered locally by Falkirk Council – this is a funded defined benefit final salary scheme, meaning that the Board and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.
- Arrangements for the award of discretionary post retirement benefits upon early retirement – this is an unfunded defined benefit final arrangement, under which liabilities are recognised when awards are made. However, there are no investment assets built up to meet the pensions liabilities, and cash has to be generated to meet actual pensions payments as they eventually fall due.

Transactions relating to post employment benefits

We recognise the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make is based on the cash payable in the year, so the real cost of post employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

**Local Government
Pension Scheme
£000**

2010/2011 2011/12

Comprehensive Income and Expenditure Statement

Cost of Services:

- | | | |
|------------------------|---------|-----|
| • Current service cost | 305 | 271 |
| • Past service costs | (1,291) | 290 |

Financing and Investment Income and Expenditure

- | | | |
|------------------------------------|-------|-------|
| • Interest cost | 836 | 781 |
| • Expected return on scheme assets | (707) | (721) |

<i>Total Post Employment Benefit Charged to the Surplus or Deficit on the Provision of Services</i>	(857)	621
---	-------	-----

Other Post Employment Benefit Charged to the Comprehensive Income and Expenditure Statement

- | | | |
|------------------------------|---------|-----|
| • Actuarial gains and losses | (1,591) | 683 |
|------------------------------|---------|-----|

<i>Total Post Employment Benefit Charged to the Comprehensive Income and Expenditure Statement</i>	(2,448)	1,304
--	----------------	--------------

Movement in Reserves Statement

- | | | |
|---|-------|---------|
| • reversal of net charges made to the Total Comprehensive Income and Expenditure for post employment benefits in accordance with the Code | 2,448 | (1,304) |
|---|-------|---------|

Actual amount charged against the General Fund Balance for pensions in the year:

- | | | |
|--|-----|-----|
| • employers' contributions payable to scheme | 258 | 399 |
| • retirement benefits payable to pensioners | | |

The cumulative amount of actuarial gains and losses recognised in the Comprehensive Income and Expenditure Statement to the 31 March 2011/12 is a loss of £(3,074)k.

Assets and liabilities in relation to post employment benefits

Reconciliation of present value of the scheme liabilities (defined benefit obligation):

Funded liabilities: Local Government Pension Scheme		
	2010/11 £000	2011/12 £000
Opening balance at 1 April	16,291	14,232
Current service cost	305	271
Interest cost	836	781
Contributions by scheme participants	90	90
Actuarial gains and losses	(1,447)	661
Benefits paid	(552)	(731)
Past service costs	(1,291)	290
Closing balance at 31 March	14,232	15,594

Reconciliation of Fair Value of Scheme (plan) Assets		
	2010/11 £'000	2011/12 £'000
Opening Balance at 1 April	9,925	10,572
Expected rate of return	707	721
Actuarial (gains) and losses	144	(22)
Employer Contributions	258	399
Contributions by scheme participants	90	90
Benefits paid	(552)	(731)
Closing Balance at 31 March	10,572	11,029

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance Sheet date. Expected returns on equity investments reflect long-term real rates of return experience in the respective markets.

The actual return on the scheme assets in the year was £416k (2010/11 £853k)

Scheme history

	2007/08 £000	2008/09 £000	2009/10 £000	2010/11 £000	2011/12 £000
Present value of liabilities:	(10,569)	(10,199)	(16,291)	(14,232)	(15,594)
Fair value of assets in the Local Government Pension Scheme	9,458	7,443	9,925	10,572	11,029
Surplus/(deficit) in the scheme:	(1,111)	(2,756)	(6,366)	(3,660)	(4,565)

The liabilities show the underlying commitments that the Board has in the long run to pay post employment (retirement) benefits. The total liability of £4.565m has a substantial impact on the net worth of the Board as recorded in the Balance Sheet, resulting in an overall negative balance of £4.144m. However, statutory arrangements for funding the deficit means that the financial position of the Board remains healthy:

- the deficit on the scheme will be made good by increased contributions over the remaining working life of employees (ie, before payments fall due), as assessed by the scheme actuary
- finance is only required to be raised to cover discretionary benefits when the pensions are actually paid.

The total contributions expected to be made to the Local Government Pension Scheme by the council in the year to 31 March 2013 is £246k.

Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. The Valuation Joint Boards liabilities have been assessed by Hymans Robertson an independent firm of actuaries, estimates for the Fund being based on the latest full valuation of the scheme as at 31 March 2011.

The principal assumptions used by the actuary have been:

	Local Government Pension Scheme	
	2010/11	2011/12

Long-term expected rate of return on assets in the scheme:

Equity investments	7.5%	6.2%
Bonds	4.9%	3.7%
Property	5.5%	4.4%
Cash	4.6%	3.5%
Mortality assumptions:		

Longevity at 65 for current pensioners:

Men	21.6 years	23.0 years
Women	25.0 years	25.8 years

Longevity at 65 for future pensioners:

Men	23.1 years	24.9 years
Women	26.6 years	27.7 years
Rate of inflation	2.8%	2.5%
Rate of increase in salaries	5.1%	4.8%
Rate of increase in pensions	6.9%	5.7%
Rate for discounting scheme liabilities	5.5%	4.8%
Take-up of option to convert annual pension into retirement lump sum	50%	50%

The Discretionary Benefits arrangements have no assets to cover its liabilities. The Local Government Pension Scheme's assets consist of the following categories, by proportion of the total assets held:

	31 March 2011 %	31 March 2012 %
Equity investments	76	79
Bonds	13	7
Property	7	8
Cash	3	6
	100	100

History of experience gains and losses

The actuarial gains identified as movements on the Pensions Reserve in 2011/12 can be analysed into the following categories, measured as a percentage of assets or liabilities at 31 March 2012:

	2007/08	2008/09	2009/10	2010/11	2011/12
	%	%	%	%	%
Differences between the expected and actual return on assets	(10.05)	(33.78)	20.9	1.38	(2.77)
Experience gains and losses on liabilities	0.38	(1.26)	(0.09)	0.12	(2.31)

19) Intangible Assets

The Board accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant and Equipment.

All software is given a finite useful life, based on assessments of the period that the software is expected to be of use. The useful lives assigned to the major software suites are all three years.

The carrying amount of intangible assets is amortised on a straight-line basis.

Movements in 2011/12

Software	2010/11	2011/12
	£000	£000
Balance at start of year		
Gross carrying amounts	84	84
Accumulated amortisation	80	84
Net carrying amount at start of year	4	0
Amortisation for the period	4	0
Net carrying amount at end of year	0	0
Comprising:		
Gross carrying amounts	84	84
Accumulated amortisation	(84)	(84)
	0	0

20) Property, Plant and Equipment

Movements in 2011/12

Computer Equipment	2010/11	2011/12
	£000	£000
Cost or Valuation		
At 1 April	236	260
Additions	24	0
Derecognition – Disposals	0	0
At 31 March	260	260
Accumulated Depreciation and Impairment		
At 1 April	225	234
Depreciation charge	9	10
At 31 March	234	244
Net Book Value		
At 31 March	26	16

Depreciation

The deemed useful life and depreciation rate for computer equipment is 3 years.

21) Debtors

	2010/11	2011/12
	£000	£000
Central government bodies	5	0
Other local authorities	47	0
Other entities and individuals	119	70
Total	171	70

22) Creditors

	2010/11	2011/12
	£000	£000
Central government bodies	64	29
Other local authorities	64	41
Other entities and individuals	105	168
Total	233	238

23) Nature and Extent of Risks Arising From Financial Instruments

As at 31st March 2012 the Valuation Joint Board has Debtors of £70k and Creditors of £238k. There is no provision for bad debts. The transactions entered into do not give rise to any market, liquidity or credit risk.

24) Financial Instruments

Long Term Liabilities

	2010/11	2011/12
	£000	£000
Surplus/(deficit) in the pension scheme:	(3,660)	(4,565)

25) Related Parties

The Board is required to disclose material transactions with the related parties - bodies or individuals that have potential to control or influence the Board or to be controlled or influenced by the Board. Disclosure of these transactions allows leaders to assess the extent to which the Board might have been constrained in its ability to operate independently or might have secured the ability to limit another parties ability to bargain freely with the Board. In this context related parties include:-

- Other Local Authorities
- Elected Members and Chief Officers

The following related party transactions in 2011/12 are disclosed elsewhere within the Statement of Accounts:-

- a) Requisitions from other Local Authorities are shown in Note 8 to the Comprehensive Income and Expenditure Statement.
- b) Payments to Elected Members and Chief Officers are shown in the Remuneration Report.

Independent auditor's report to the members of Central Scotland Valuation Joint Board and the Accounts Commission for Scotland

We certify that we have audited the financial statements of the Central Scotland Valuation Joint Board (CSVJB) for the year ended 31st March 2012 under Part VII of the Local Government (Scotland) Act 1973. The financial statements comprise the Comprehensive Income and Expenditure Statements, Movement in Reserves Statements, Balance Sheets and Cash-Flow Statements and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union, and as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2011/12 (the 2011/12 Code).

This report is made solely to the parties to whom it is addressed in accordance with Part VII of the Local Government (Scotland) Act 1973 and for no other purpose. In accordance with paragraph 123 of the Code of Audit Practice approved by the Accounts Commission for Scotland, we do not undertake to have responsibilities to members or officers, in their individual capacities, or to third parties.

Respective responsibilities of the Responsible Financial Officer and auditor

As explained more fully in the Statement of Responsibilities set out on page 7, the Responsible Financial Officer is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) as required by the Code of Audit Practice approved by the Accounts Commission for Scotland. Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the group's and the body's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Responsible Financial Officer; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Treasurer's Explanatory Foreword to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view in accordance with applicable law and the 2011/12 Code of the state of the affairs of CSVJB as at 31st March 2012 and of the income and expenditure of the group and the local government body for the year then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union, as interpreted and adapted by the 2010/11 Code; and
- have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973 and the Local Government in Scotland Act 2003.

Opinion on other prescribed matters

In our opinion:

- the part of the remuneration report to be audited has been properly prepared in accordance with The Local Authority Accounts (Scotland) Regulations 1985; and
- the information given in the Explanatory Foreword for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We are required to report to you if, in our opinion:

- adequate accounting records have not been kept; or
- the financial statements and the part of the Remuneration Report to be audited are not in agreement with the accounting records; or
- We have not received all the information and explanations we require for our audit; or
- the Annual Governance Statement does not comply with the 2011/12 Code; or
- there has been a failure to achieve a prescribed financial objective.

We have nothing to report in respect of these matters.
