Technical notes

1. The Standard criteria (Tolerable Standard, Free from Serious Disrepair, Energy Efficient, Modern Facilities and Services and Healthy, Safe & Secure)

Landlords should record the number of properties under each of these categories for each year. If a property fails on more than one category (e.g. Tolerable Standard and Energy Efficient), please record that property under **every** category on which it fails

2. Total stock number

The total stock number is taken as at the end of the financial year, which is assumed to be 31 March. If the year end is not 31 March, please make this clear on the form.
