### **CONSUMER PROTECTION TRADING STANDARDS**

#### **Testing of Weighing and Measuring Equipment**

The 2006/2007 Schedule is based on average costings of £85 per hour including provision for normal travelling time and ancillary expenses.

The Schedule relates to the costs of testing single items when travelling time is involved.

Discount fees may be appropriate: -

1. where more than a single item is submitted on one occasion and particularly where large quantities are involved
2. where facilities or assistance are provided by the submitter by prior arrangement
3. where no officer travelling time is involved

The fees charged under categories B to G of this Schedule are authorised by virtue of Section 74 (2) and Section 76 of the Weights and Measures Act 1985 and attract Value Added Tax

The fees charged under categories A, I and J of this Schedule are authorised by virtue of Section 74 (2) and Section 76 of the Weights and Measures Act 1985 and attract Value Added Tax.

The fees charged under category K of this Schedule are authorised by virtue of Section 21 of the Explosives Act, 1875, and Section 4 of the Petroleum (Consolidation) Act, 1928, and are exempt from Value Added Tax.

#### **A. Special Weighing and Measuring Equipment**

The charges for examining, adjusting, testing, certifying, stamping, authorising or reporting of special weighing or measuring equipment will be based upon a figure of £85 per hour at the place where the service is provided.

Such types of equipment, specifically excluded from Tables B to G below, include:

1. Automatic or totalising weighing machines
2. Equipment designed to weigh loads in motion
3. Bulk fuel measuring equipment tested following a Regulation 65 or 66 occurrence
4. Weighing or measuring equipment tested by means of statistical sampling
5. The establishment of calibration curves for templets
6. Testing or other services in pursuance of a Community obligation other than EC initial or partial verification.
