

FALKIRK COUNCIL

BONNYFIELD NATURE PARK

NOTICE OF WORKS

- What's Happening?** Approximately 30 large trees are to be felled in the woodland adjacent to the houses at the western end of Bonnyvale Place. Most of these trees are poplars and are diseased and are being removed for safety reasons.
- In addition a number of smaller trees and scrub will be removed to allow the formation of a new footpath linking the footway at the bus stop on Bonnyvale Road to the end of the existing footway at the end of Bonnyvale Place. In the short term this footpath will be unsurfaced. Further work is planned for early 2005 when an asphalt footway will be installed. This will provide a high quality link between the main road and Bonnyvale Place. The existing footpath along the garden fence will be stopped off once the new temporary link is in place. This work is being paid for by Falkirk Council following consultation with the Bonnyfield Nature Park Management Group.
- Date?** Work is scheduled to take place in the week commencing 29th November 2004 and will last about a week.
- Disruption?** On the whole the work should not have a great impact on residents other than noise, and vehicle movements at the start and end of the working day. None of the timber is to be removed from site so there will be no large, heavy vehicles involved. For safety reasons the area will be cordoned off during the works and no access will be permitted through the area. If you use the bus stop please would you access it through the housing development via Bonnyvale Place and Woodlea Gardens. The Council would also urge parents to keep children away from the area. Chainsaws and wood chipping machinery will be in use and whilst of interest to children they can be dangerous.
- The Council would appreciate your co-operation in helping the works run smoothly and getting them completed as quickly as possible.
- More Information?** If you require any further information please do not hesitate to contact me - Ian Edwards, Tel. 01324 504714
- Circulation?** House holders 1-17 Woodlea Gardens, 1-23 Bonnyvale Place
- Web Site** Further information about the **Nature Park** can be found on: www.falkirk.gov.uk then go into the 'A-Z', then hit 'B' and go to 'Bonnyfield Nature Park'.
- Date** 26th November 2004
