TAXICARD

Application form and information for people with disabilities who cannot use buses

TAXICARD allows people with a disability who cannot normally use buses to travel in taxis at reduced fares. **TAXICARD** is not available to people with temporary disabilities, (e.g. broken leg) or children under 2 years old.

*Remember, your disability may allow you to have a companion travel with you without charge if you use your **National Entitlement Card** for bus travel.*

Do I qualify? If you are resident in the Falkirk Council area and registered blind or your ability to walk is seriously impaired, which means that even if accompanied you are normally unable to use ordinary buses, you can apply for a **TAXICARD**.

Membership is normally for up to five years but a renewal application can be made shortly before the expiry date is reached.

When and where can I use it? You can travel at any time but you must book your journey in advance. Your journey must start and / or finish within the Falkirk Council area but there is no restriction on distance. Same day bookings may be requested before 10am but cannot be guaranteed.

What does it cost? At present there is no charge to join **TAXICARD**. On journeys where the fare is up to £4.00, as a **TAXICARD** holder you pay half fare. For fares over £4.00 you will pay the fare less £2.00.

Your TAXICARD allows up to 6 subsidised journeys each week.

Can friends travel with me? Yes. Up to three people may travel with you for 20p each per single journey.

How do I book? Just phone the **TAXICARD** office in Stirling (local call rate), normally one day in advance. A taxi will pick you up at the time you booked and take to your destination and on completion of the journey you simply pay your portion of the fare to the driver.

How do I apply? Complete Part A of this application, enclose a passport-size photograph of yourself, unless you have a **National Entitlement Card**, then post the form to the address shown below.

Note: An emergency telephone number for contact purposes is required.
