

VJB33. RECRUITMENT PROCEDURES AND DISCLOSURE POLICY

The Board considered a report by the Depute Assessor which outlined the proposed changes to the recruitment procedures and the disclosure policy in terms of meeting the requirements of the Cabinet Office's Terms of Use for connecting the Board's Electoral Management System to the Government Digital Service (GDS)

The report outlined the proposed changes to both policies and advised that consultation had already taken place with the trade union and with staff and that no issues had been raised.

Discussion took place on how the cost of additional disclosure checks would be met.

The Board approved the Recruitment Procedures and the changes to the Disclosure Policy.
