4. CIVIC LICENSING COMPLAINTS

A complaint was received from a male cyclist regarding a taxi driver who had been negotiating the mini roundabout at Cockburn Street and Hodge Street, Falkirk. He alleged that the taxi driver had caused him to brake violently to avoid a collision and that the taxi driver had also made a rude hand gesture towards him. The taxi driver had not stopped and a short time later, as the cyclist was still standing at the side of the road, the taxi driver drove past him and once again made a rude hand gesture towards

him. The taxi driver was traced and when spoken to about the incident denied that his driving had caused the cyclist to brake violently. He maintained that he had the right of way on the roundabout. He also denied that he had made any rude hand gestures towards the cyclist.

A complaint was received from a male motorist regarding a taxi driver and his manner of driving in Carronvale Road, Larbert. He alleged that he had stopped at a road calming measure to allow an oncoming vehicle to pass. However, the taxi driver had driven past him and had then stopped in such a position that the oncoming vehicle struggled to pass him. The taxi driver had then driven into the grounds of Ladeside Primary School. The complainer had approached the taxi driver and remonstrated with him about the manner of his driving and alleged that the taxi driver had used a swear word when replying to him. The taxi driver was traced and when spoken to about the incident he stated that he thought the complainer's vehicle had been parked at the side of the road, along with other vehicles, and that was why he had driven past him. He also stated that there had been a space for him to park in to allow the oncoming vehicle to pass. He did admit that when confronted by the complainer he had used a swear word. He accepted that he should not have done so and was apologetic.

The complainants were advised of the outcome of their complaints and were satisfied with the course of action undertaken.
