Head of Policy, Technology, and Improvement and Head of Housing
Compromised security, or inefficient use, of the Council's <u>data and information</u> asset.	Failure to properly secure data and information may lead to data breach, legal recourse, and reputational damage. Head of Policy, Technology, and Improvement and Chief Governance Officer
Failures in <u>workforce planning</u> , including absence, vacancy management, and succession planning.	Failures in workforce planning adversely and significantly impact on the quality and consistency of service delivery, and compromise on-going availability.	Head of Human Resources and Business Transformation
Flawed or unreliable <u>management information</u> compromises decision making.	Inaccurate, inadequate, or incomplete management information compromises decision making and, therefore, on the allocation of Council budget and assets. This, in turn, compromises delivery of services and the duty of Best Value.	Head of Policy, Technology, and Improvement
