

Mr + Mrs. William Batchelor
7. Tanera Crt.
FALKIRK FK12 9Q [REDACTED]

For the attention of the case officer.

This is regarding Application No. P16/0707/Ful.
We strongly object to the proposal of these
dwellinghouses. The major issue is our privacy,
there is very large houses on this land and
most of the windows overlook into our home,
Especially our bedroom. The proposal of these
new homes are going to be near our boundary
garden wall, they will be now looking into our
dining area so no privacy when eating. Also
what about traffic, noise etc. which will have
an affect on our day to day life, and what
affect will this have on selling our property?
if we choose to sell. The houses that are build
already have intruded in our pleasant and great
view. P.t.o.

and I know we do not require a view.
what we have left is limited as it is. If these
houses go ahead we will be looking at roofs
and windows, mind you we have been
looking at a building site for the last 5
years as it is. So this is our objection to
these houses.

Regards .
