Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Myself and all the neighbours adjacent to the proposed area of development object to the plans. We already have restricted light to our properties and these houses will completely block the natural light to our properties. When we bought our house in 2011 there was permission for 2 luxury houses which have now been built. There was no word at all that any more would be built. These will severely hinder any future sale of our home as they are proposed to be almost on the boundaries of our properties.

The main issue as stated is the already restricted light to our homes which will now be severely impacted if this goes ahead. We will call the office to speak in regards to this and this objection will also be put in writing from us all.

Kind regards

Snorwood
