Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: My objections to this development going ahead are as follows:- this will block limited sunshine which we already have to our property, concerns regarding road access to these new properties i.e. emergency services etc, these new properties are going to be a stone throw away from my back garden to which i feel will take away our privacy, issue regarding the fact on the land registry there is a high pressure water main where he is hoping to build, i therefore express my reasons for objecting to this development going ahead. Thanks.
