Subject: P/17/0517/FUL Erection of 2 Dwellinghouses Land To The North East Of Standburn Villa, Falkirk

Environmental Health

Noise need not be considered as a determining factor in considering this application.

Informative - The builder shall ensure that noisy work which is audible at the site boundary shall ONLY be conducted between the following hours:

Monday to Friday	08:00 - 19:00 Hours
Saturday	08:00 - 13:00 Hours
Sunday / Bank Holidays	No noise audible at the site boundary

Contaminated Land

Formal Condition

Conditioned due to the presence of former development on site, mining under site, mineshaft and spoil heap in south-eastern periphery of site, and potentially other contaminative activities within 250m of the site.

1. Unless otherwise agreed in writing no development shall commence on site until a contaminated land assessment in accordance with current guidance has been submitted and approved by the Planning Authority. The assessment shall determine the nature and extent of any contamination on the site, including contamination that may have originated from elsewhere, and also identify any potential risks to human health, property, the water environment or designated ecological sites .

2. Where contamination (as defined by Part IIA of the Environmental Protection Act 1990) is encountered, a detailed remediation strategy shall be submitted to and approved in writing by the Planning Authority. The strategy shall demonstrate how the site shall be made suitable for its intended use by the removal of any unacceptable risks caused by the contamination.

3. Prior to the commencement of development the remediation works shall be carried out in accordance with the terms and conditions of the remediation scheme as approved in writing by the Planning Authority. No part of the development shall be occupied until a remediation completion report/validation certificate has been submitted to and approved in writing by the Planning Authority.

4. In the event that unexpected contamination is encountered following the commencement of development, all work on the affected part of the site shall cease. The developer shall notify the Planning Authority immediately, carry out a contaminated land assessment and undertake any necessary remediation works. Development shall not recommence without the prior written approval of the Planning Authority.

Air Quality
