#### **1. INTRODUCTION**

- 1.1 The Assessor is required to carry out a general Revaluation of all Non-domestic properties normally every 5 years. Following the postponement of the 2015 Revaluation, the 2017 Revaluation came into effect from 1<sup>st</sup> April, 2017. The 2017 Revaluation required the revaluation of approximately 11,800 non-domestic properties with a total Rateable Value of approximately £350,000,000. Following the 2017 Revaluation the Assessor received in excess of 4,500 appeals, a 17% increase on the number of appeals received following the 2010 Revaluation.
- 1.2 In addition, following the Land Reform (Scotland) Act 2016 and the removal of the exemption from the Valuation Roll for Shooting Rights and Deer Forests, a further 532 entries were made in the Valuation Roll in September 2017 resulting in a number of additional appeals with effect from 1<sup>st</sup> April, 2017.
- 1.3 Also a number of appeals against entries in the 2005 and 2010 Valuation Rolls remain outstanding, the majority of these appeals being referred to the Lands Tribunal or Lands Valuation Appeal Court.
- 1.4 The Assessor is also required to maintain the Valuation Roll which includes the addition of new entries and amendments to existing entries to reflect a number of circumstances including physical changes to properties. These changes, together with changes to proprietors, tenant or occupier may also result in appeals being lodged by relevant parties.
- 1.5 The Assessor is required to maintain the Council Tax Valuation List by amending the List to reflect new, altered and demolished properties. Additionally he must dispose of any proposals (appeals) which are made against any entry in the Council Tax List.
