

AC6. Strategic Risk Register

The committee considered a report by the Chief Finance Officer which provided an update on the IJB's strategic risk register. There were 11 live risks recorded in the register, 10 were considered as high risk and 1 as low risk. No new risks had been added to the register since the version which was considered by the IJB in December 2019. However updates had been included in respect of the Covid-19 pandemic.

Decision

The committee noted the Strategic Risk Register.
