

IJB39. Remobilisation, Recovery, Redesign

The Integration Joint Board considered a report by the Head of Integration providing an update on the Health and Social Care Partnership's (HSCP) plans for remobilisation, recovery and redesign during the period of the Covid 19 pandemic.

The plan was in line with national guidance relating to fluctuating patterns of the coronavirus Covid 19 in the local community. The report also provided a high level summary of current actions being undertaken.

Decision

The Integration Joint Board noted the current actions being undertaken by the Health and Social Care Partnership (HSCP) to support the recovery phase of the Covid 19 pandemic, whilst recognising and maintaining a level of preparedness due to the fluctuating nature of the pandemic.
