

Directory of Falkirk Mental Health & Well Being Services & sources of support

30th March 2020

Updated to reflect arrangements for services throughout the Covid-19 Crisis. Directory will be reviewed again after the emergency arrangements stood down and normal service resumes.

This directory is for health professional working in NHS Forth Valley. It is designed to help signpost individuals with mental health problems to the most appropriate source of support. We hope it makes it easier for those who experience mental health problems to get the right support, from the right place, at the right time

(Please note this directory is not intended to be exhaustive).

Apps to Support Mental Health and Well Being

There are many apps available online and with the ever changing technology these grow, change and upgrade with great frequency. To that end it was felt that giving a link to NHS Apps will give professionals the most up to date information to patients, the link gives a very varied list of apps across the age range and for multiple needs. There is the ability to search for mental health apps on the pagewhich will bring up a selection of apps specific to mental health and well being. Web address as follows;-
