5. School Improvement

A Foreword from the Director of Children's Services

Session 2020-21

This handbook contains a range of information about your child's school which will be of interest to you and your child. It offers an insight into the life and ethos of the school and also offers advice and assistance which you may find helpful in supporting and getting involved in your child's education.

Falkirk Council is keen to work with parents, not only to allow you a greater opportunity to contribute to your child's education, but also to encourage you to play a greater role in the life of the school as a whole. We offer a number of opportunities when you will be able to make your voice heard in relation to your own child's education, your local school, and Children's Services as a whole.

Throughout each school year there will be opportunities for you to discuss your child's progress with his/her teacher. There will also be Council-wide events for parents organised by Children's Services. These events are spread across the school year and each focuses on a particular theme. The events are open to all parents and they are also attended, wherever possible, by the Education Portfolio Holder as well as members of the Service's Management Team. Each session offers parents an opportunity to ask questions about aspects of their child's education. Dates for these events will be issued by your child's school and we hope you will be able to come along and hear about, and contribute to, our plans for Education in Falkirk.

We are pleased to introduce this handbook for session 2020/21 and trust it will provide you with all the relevant information you may need concerning your child's school. If you have any queries regarding the contents of the handbook please contact the Head Teacher of your child's school in the first instance who will be happy to offer any clarification required.

Robert Naylor
Directors of Children's Services
Falkirk Council

Footnote: If you want a printed copy of this handbook, please ask the school.

It may be possible to offer some assistance in helping to translate all or part of this handbook to parents whose first language is not English. Enquiries should be directed in to the Communications Officer for Children's Services (tel: 01324 506657).

Disclaimer

The information in this school handbook is considered to be correct at the time of publication (Dec 2019), however, it is possible that there may be some inaccuracy by the start of the school term in August 2020

Curriculum for Excellence - Learning to Achieve

Learning Entitlements

In addition to the entitlements of Curriculum for Excellence our education provisions will reflect local needs and circumstances. Therefore, at different stages of their education, our learners will have opportunities to:

- Link aspects of their learning to the local environment and its heritage
- Participate on a residential experience where possible
- Participate in arts, sports and cultural events
- Participate in environmental projects
- Participate in a community project
- Participate in outdoor learning experiences
- Access appropriate technology
- Be consulted on and contribute to the decision making process in school
- Experience work based learning
- Develop collaborative, social, leadership and other life skills
- Access academic and vocational learning experiences
- Access learning experiences designed and / or delivered by relevant partners
- Reflect upon and be pro active in planning and making choices about their own learning
- Engage with learners in other countries and demonstrate knowledge of their culture.

How can you help?

By law, you must make sure your child receives education.

As a parent, you can help your child by:

- making sure your child goes to school regularly;
- encouraging and supporting your child with any homework given;
- showing that you are interested in how your child is getting on at school;
- encouraging your child to respect the school and the whole school community;
and
- being involved in the life and work of the school.

Throughout this handbook the term 'parent' has the meaning attributed in the Standards in Scotland's Schools Act 2000 and the Scottish Schools (Parental Involvement) Act 2006. This includes grandparents, carer or anyone else who has parental responsibility for the child.

Welcome from the Head Teacher

Welcome to the Larbert Village Primary School Handbook.

This handbook offers an introduction to our school and a general overview of your child's learning experience in LVPS.

If you have any questions, or would like any further information on any aspect of this handbook or the education of your child, please do not hesitate to contact me.

To make our handbook easy to use I've divided the information into five different sections :-

Section One – Practical Information about the School

This section provides you with some background information on our school and our nursery. It tells you how our school day and school year are made up and how to contact the school if, for example, your child is ill.

This section deals with the practical aspects of your child's attendance at our school. It provides details on such things as:

- travelling to and from school
- school meals and milk
- financial assistance with school clothing, transport and school meals
- school closures in an emergency or unexpectedly for any reason
- general supervision available for your child in the morning and at lunchtime
- wet weather details
- how the school communicates with parents
- how to complain if you are not happy about something.

As with any organisation, to ensure smooth running and appropriate maintenance of standards, a range of procedures and policies have to be implemented within our school.

This section gives an overview of the policies the school has in place. If you would like to see a full copy of these policies or to discuss them in more detail, please contact me. Most of these policies are available on the school website – www.larbertvillage.falkirk.sch.uk

- Homework Policy
- Clothing or uniform (PE Clothing)
- Health Statement / medicines

Section Two – Parental Involvement in the School

Parental involvement is very important as we know it helps children do better in school.

This section contains information about how parents can be involved in supporting learning at home as part of a home – school partnership.

You can also find out more about the ethos of the school, what our values are and our aspirations for our pupils including how we celebrate pupil success, and links we have with partner organisations and the wider local, national and international community.

Lastly, it includes information on our Parent Teacher Association and Parent Council, how to contact them and how parents can get involved in the life and work of the school.

Section Three – School Curriculum

This section describes how the curriculum is planned and delivered in the school including the range of subjects and subject areas your child will be learning. It also includes information on how pupils develop skills for learning, life and work, including literacy, numeracy and health and wellbeing in and out of the classroom.

As well as giving you information about the statutory curriculum requirements we have included details on sports and outdoor activities available to pupils and the range of facilities available within the school.

Details of how parents will be informed about sensitive aspects of learning e.g. relationships, sexual health, parenthood and drugs awareness are included as well as information about religious instruction and observance and arrangements for parents who wish to exercise their right to withdraw their child.

This handbook also tells you how we will report on your child's progress and what written reports may be sent out to parents.

Section Four – Support for Pupils

This section gives information about how pupils' additional support needs will be identified and addressed and the types of specialist services provided within our school. This handbook also explains who to contact for more information if you think your child has additional support needs.

This section also gives information about transition – from primary school to secondary school – what the arrangements are and contact details of the catchment high school to which our pupils normally transfer. There are also details about making a placing request to another school.

Section Five – School Improvement

The section gives you an overview of the main achievements of the school within the last 12 months and performance information relating to literacy, numeracy and health and wellbeing.

Whilst Falkirk Council is happy to provide this information we do have some reservations that the publication of raw statistics, without any kind of informed qualification, can be misleading to the reader. In particular, they should not be construed as offering an indication of the quality of education provided in any of our schools.

We have also shown where you can get further information about our plans for the next three years to improve our performance and how the school will involve parents in that improvement.

I hope you find all of the above information helpful and self-explanatory. If you have any queries about any of the information contained in this handbook, or indeed about any aspect of our school, please do not hesitate to contact me.

Amanda Gillespie
Head Teacher
Larbert Village Primary School

Section One – Practical Information about the School

Contact Details

Name of Head Teacher – Mrs Amanda Gillespie

Name of School – Larbert Village Primary School

Address – Main Street, Larbert, FK5 3AS

Telephone Number – 01324 503420

Website – www.larbertvillage.falkirk.sch.uk

E-mail Address – larbertvillageprimaryschool@falkirk.gov.uk

About the school

Stages of Education provided for: Nursery to Primary 7

Present Roll: 406 including Nursery

Denominational Status of the School : Non-Denominational

Gaelic Medium Education? - No

Single sex school? - No

Organisation of the School Day

Primary 1 pupils attend school on a full-time basis after the first week.

Start Time : 9.00am

Morning Break : 10.30 – 10.45am

Lunch Time : P1 to P7 : 12.15-1.00pm

There is no afternoon break

Finish Time – Whole school finishes at 3.00pm

Assembly days for pupils are: P1-3 : Monday

P4-7 : Monday

This day can change from year to year.

FALKIRK COUNCIL: CHILDREN'S SERVICES

Agreed Term Dates for Session 2020-2021

<u>School Year</u>	<u>Term Dates</u>	<u>Days</u>	
		<u>Staff</u>	<u>Pupils</u>
Autumn Term Begins (Staff Only - Dev Day)	Monday 17 August 2020		
(Staff Only - Dev Day)	Tuesday 18 August 2020

Staff Development Days

Monday 17 August 2020
 Tuesday 18 August 2020
 Monday 19 October 2020
 Tuesday 16 February 2021
 Thursday 06 May 2021

Registration and enrolment

The date for registration of new school entrants is advertised in all local nurseries, the local press and on the council's website www.falkirk.gov.uk. Pupils should be registered in only one school for their catchment area. Parents will be provided with information about the school, when they register their child.

Pupils who are baptised Roman Catholic are automatically entitled to enrol at the denominational catchment school. All other pupils must make a placing request to attend a denominational school.

Parents who want to send their child to a school other than the catchment school must make a placing request. Please refer to section four of this handbook for more information on placing requests.

Parents of pupils who have moved into the catchment area or, who wish their child to transfer to the school, should contact the school office for information.

Attendance and absence

It is the responsibility of parents of a child of school age to make sure that their child is educated. Most do this by sending their child to school regularly. Attendance is recorded twice a day, morning and afternoon.

Absence from school is recorded as 'authorised' i.e. it has been approved by the education authority, or as 'unauthorised' i.e. the absence remaining unexplained by the parent.

Please let the school know by letter, email to the school's generic address or phone if your child is likely to be absent. If there is no explanation from a child's parents / carers, the absence will be regarded as unauthorised.

Please make every effort to avoid family holidays during term time as this disrupts your child's education and reduces learning time. In certain extreme situations, the head teacher can approve absence from school for a family holiday for example, in traumatic domestic circumstances where the holiday would improve the cohesion and wellbeing of the family. Please discuss your plans with the head teacher before the holiday. If the head teacher does not give permission before the holiday, it will be recorded as unauthorised absence. The head teacher may also exercise discretion when a parent can prove that work commitments make a family holiday impossible during school holiday times. Normally, your employer will need to provide evidence of your work commitments. Absence approved by the head teacher on this basis is regarded as authorised absence.

Parents from minority ethnic and/or religious communities may request that their children be permitted to be absent from school to celebrate recognised religious and/or cultural events. Absence approved by the head teacher on this basis is regarded as authorised absence. Extended leave can also be granted on request for families returning to their country of origin for cultural or care reasons.

A supportive approach is taken to unexplained absence. However the education authority has legal powers to write to, interview or prosecute parents, or refer pupils to the Reporter to the Children's Panel.

School Uniform

Parents are asked to co-operate with the school in encouraging their child to follow the school's dress code.

The school's dress code has been agreed in consultation with parents, pupils, staff and the Parent Council. This consultation has ensured that the dress code meets the needs of the school community, allows pupils to participate in all aspects of school life and is age appropriate.

School uniform can be bought from Trutex in Vicar Street, Falkirk. The school also does one main order annually in the Summer Term. Orders can be placed online at www.border-embroideries.co.uk and delivered to the school free of charge.

The appropriate clothing and footwear for PE is a T-shirt, shorts and gym shoes with non-marking soles. These are necessary for health and safety reasons and your co-operation is requested to ensure that pupils are equipped to participate in the PE lessons.

Please ensure that all items of clothing are clearly labelled, particularly ties, sweat shirts and PE equipment, which are often lost. A protective apron or an old shirt should be worn for art and craft activities. Please help the school and the education authority by making sure that pupils do not bring valuable or expensive items of clothing to school, even on occasions where we have a 'dress down day' for charity.

In certain circumstances, appropriate clothing will be necessary for school activities for safety reasons, e.g. in games areas, science laboratories and technical workshops; this extends to the wearing of suitable footwear and even, on occasion, to the length of pupils' hair and the wearing of jewellery and earrings.

Offensive clothing such as T-shirts or other items featuring inappropriate language or illustrations is not permitted. Football colours are also inappropriate as they can lead to incidents of rivalry.

If you have any queries regarding the school's dress code, please contact the Headteacher.

Free School Meals and Clothing Grants

Some families may be eligible to apply to Falkirk Council for free school meals and / or a payment towards the cost of footwear and clothing.

You can get more information, and apply online at www.falkirk.gov.uk/fsm. You can also contact 01324 506999, or visit our One Stop Shops or the Advice and Support Hub.

We now use an online system for ordering and paying for lunches (this will eventually include school trips). Information will be issued when your child is enrolled.

At present we are still accepting cash in school. Money should be in an envelope, clearly marked with child's name, class and purpose. Children who bring a packed lunch will eat in the assembly hall.

Please ensure that you do not send your child to school with bottles or cans of fizzy juice. We also have a 'No Nuts' policy in school and request that children do not have peanut butter/Nutella sandwiches in their packed lunch.

School Clothing Grant

Falkirk Council can also provide assistance with the cost of school clothing and footwear.

Clothing grants are available for children who live in the Falkirk Council area and who are in compulsory education at any of our [primary](#), [special](#) or [secondary](#) schools. Pupils attending some special schools outside the area may also be eligible for this grant.

School clothing grants are not available to children attending [nursery schools](#), nursery classes or other pre-5 centres.

The School Clothing Grant is means tested. To be eligible, parents or guardians must meet one of the following criteria:

- In receipt of Income Support, or
- In receipt of Income-based Job Seekers Allowance, or
- In receipt of Income-related Employment and Support Allowance, or
- In receipt of Child Tax Credit only with a gross annual income below £16,105, or
- In receipt of Child Tax Credit and Working Tax Credit with a gross annual income below £16,105

Payments are paid directly into the parent or guardian's bank account.

Medically Prescribed Diets

Parents/Carers with a child/ren on a medically prescribed diet should contact the Headteacher in order to obtain and complete a prescribed diet referral and declaration

form. The Schools Meals Service will only accommodate a child/ren with a medical referral diagnosed by a medical professional.

Travel to and from School

Parents should remind their child/ren that, in the interests of safety, appropriate behaviour is expected from all pupils travelling on school transport.

Children should be reminded by parents that, wherever possible, they should only cross the road where there is a crossing patrol and should exercise care on walking to and from school.

Parents are requested, when dropping off/collecting children from school that they do not park near the pedestrian exit or in any location which causes an obstruction and they take care not to restrict the view of the school crossing patrol. These areas are clearly marked in yellow on the road outside the school gates.

Larbert Village Primary School and Nursery operate a “Park and Stride” policy. The police regularly visit and parents can be fined if found to be parked illegally.

Transport for Primary and Secondary School Children (Excluding Placing Requests)

Free school transport is provided to and from your home address to your child's catchment school if they are distance entitled. Falkirk Council operate a more generous distance entitlement policy than required by law.

Distance entitled children are:

- ✓ All children under 8 years of age who live one mile or over from their catchment school by the nearest available safe walking route*.
- ✓ All children 8 years of age or over who live two miles or over from their catchment school by the nearest available safe walking route*.

*Note – a “safe walking route” assumes that the pupil is accompanied by a responsible adult.

Concessions, details of times of operation, criteria and application forms are available from the Transport Planning Unit within Falkirk Council. Tel: 01324 504724 / 504966.

Pickup points

Where home to school transport is provided, some pupils will require to walk a reasonable distance from home to the transport pick-up point but this should not exceed the authority's agreed limit of 1 mile.

It is the parent's responsibility to make sure that their child arrives at the pickup point on time and behaves in a safe and acceptable manner while boarding, travelling in and leaving the vehicle. Children who misbehave can lose their right to home to school transport.

General Supervision

Before school begins supervision is very limited, therefore pupils should not arrive at school until as near to the school start time as possible. During intervals school helpers supervise the children. In addition the Headteacher and Janitor are on call to cope with any difficulties which may arise. There is always access to the building and the children are made aware of this. For further information on these arrangements, please contact the school.

School security

Falkirk Council has introduced procedures to ensure the safety and security of pupils and staff when attending or working in a school. We use a number of security measures including a 'visitors' book, badges and escorts, while visitors are within the school building. Normally, anyone calling at a school for any reason, will be asked to report to the school office and will be asked to sit in the holding area. The school staff then can make the necessary arrangements for the visit.

Wet Weather Arrangements

In wet weather pupils are allowed into school during breaks and at lunchtime. However, as supervision during these periods is limited, it is especially important that they exercise appropriate behaviour.

Parents Meetings

All of our schools offer opportunities for parents to discuss their child's progress with teachers through arranged meetings. Although arrangements vary from school to school, all parents will be advised of at least once per session when these meetings take place. Over and above these set meetings, parents are welcome to contact the school at any time to ask for information or for a meeting. Please see section two of this handbook for more details on home / school partnership.

Communication with Home

From time to time you will receive important and routine communications from the school via variety of methods (group call email, text) Parents are also encouraged to check their child's schoolbag for these communications, although paper letters are now limited to when necessary. No new information will be shared on social media, only occasional reminders. Enquiries of any kind should be addressed to the Head Teacher in the first instance.

Newsletters are available on the school website, usually at the end of September, November, January and April. This is the central point for key dates throughout the year. We also share learning via twitter.

Unexpected Closures

Most closures will be notified to you in writing, in advance, but there are occasions when the school may not open or have to close early. In the event of an early school closure we would get in touch with yourself or your emergency contact. No child will be sent home without us knowing an adult is there for them. To help us keep you informed it is important that you make sure we have the most up to date emergency contact information for your family. We will keep in touch using text messaging, via the Falkirk Council website or via information broadcast on Central FM.

Mobile devices

Parents provide their children with mobile devices for a variety of reasons, including supporting learning and for personal safety. It is the right of parents to allow their child to have a personal mobile device in school. However, if devices are brought to school there must be a clear understanding that the individual pupil is responsible for the care and usage of their device. In Larbert Village Primary, children's mobile phones should be kept switched off in their school bag at all times before entering school grounds, and not switched on again until after they leave school grounds.

ICT Acceptable Use Policy

Falkirk Council Children's Services recognises that access to Information and Communications Technology (ICT) equipment and services helps young people to learn and develop skills that will prepare them for work, life and citizenship in the 21st Century.

To support this, we provide resources for pupils and staff to use. The Children's Services ICT Acceptable Use Policy (AUP) outlines the guidelines and behaviours that pupils are expected to follow when using school equipment or when using personally-owned mobile devices in Falkirk Council establishments. The purpose of this is to protect young people online and to protect the Council's network and equipment. The ICT Acceptable Use Policy (AUP) will be issued by the school for both parent(s) and pupil(s) to sign.

Equality

The council is required to work towards advancing equality of opportunity for all people and to foster good relations between people. The council is committed to eliminating discrimination on the grounds of race, sex, disability, sexual orientation, religion/belief, age, marriage or civil partnership, transgender status, pregnancy/maternity or poverty.

Children's Services have a range of policies and procedures to address equalities issues specific to education to enable us to fulfil these duties. In addition to this all education establishments have a responsibility to report incidents of prejudice-based bullying in line with our recently updated Anti-Bullying Policy: 'Promoting Positive Relationships in Falkirk's Educational Establishments'.

English as an Additional Language

As part of the Additional Needs Service, the Council provides a support service for children who have English as an additional language. The service visits schools to work with those bilingual pupils who require assistance in developing English language skills.

Compliments, Enquiries and Complaints Procedure

Falkirk Council Children's Services would like you to be completely satisfied with your child's education. We encourage feedback on our services from parents, pupils and members of the public. We are interested in feedback of all kinds, whether it be compliments, enquiries or complaints.

Sometimes, parents/carers may feel that the services provided are not what they wished for and they may wish to complain. As a Council of the Future, we are encouraged to view complaints positively. If you have a complaint about the service provided by the school, please let us know as this enables us to resolve any issues you or your child are experiencing and helps us to make any improvements to service delivery.

How do I complain?

Complaints can be made to schools in writing, by email, on the telephone, in person or by using the Falkirk Council online complaints form on the website.

Who do I complain to?

Parents must first consult the school regarding their complaint.

What happens with my complaint?

All complaints are logged confidentially on our Customer First online complaints handling system. They will be monitored exclusively by each school and Children's Services staff at Sealock House to ensure any response is within the timescales. This system will enable us to learn from complaints to prevent similar issues arising in future. We will deal with your complaint confidentially and as quickly as possible. If we have made a mistake we will apologise and try to put things right.

How long will it take until I get a reply?

Our aim is to respond within 5 working days to front line complaints, (Stage 1) although issues can sometimes be complex and the school may need time to investigate them.

What happens next?

If your complaint has not been satisfactorily resolved by the school, it may be eligible for consideration at the second, investigation stage by Children's Services headquarters at Sealock House. Complaints will not be considered by Children's Services unless they have been first reported to the school – unless there are exceptional circumstances. Our aim is to respond to second stage complaints within 20 working days.

Who else can help?

If you remain dissatisfied after the second, investigation stage, you can raise the matter with the Scottish Public Services Ombudsman

<https://www.spsso.org.uk/complain/form/start/>

You should also be aware that you have the right to raise concerns with your local Councillor, MSP or MP.

What else do I need to know?

Please note that schools can only respond to complaints about a service that they or Falkirk Council provides or a service we have contracted from a third party.

The Council's complaints handling procedure sets a time limit for making a complaint of six months from when the customer first knew of the problem

You can find out more about the Council's Complaint Procedure from the Falkirk Council website - <http://www.falkirk.gov.uk/contact-us/complaints/>

Insurance Cover for School Children

Public Liability

Personal Injury

Falkirk Council has in place a Public Liability policy which operates in respect of claims for injury to any school child whilst under the care of the Council or employees, however the onus is on the claimant to prove that the Council has been legally negligent.

Pupil's Property

Each session, unfortunately but inevitably, pupil's property is lost, damaged or stolen from school. Parents are therefore discouraged from allowing their children to carry expensive items of personal belongings to the school and are reminded that a standard household policy can be extended to provide a degree of cover for personal items taken away from the home. Falkirk Council are not legally responsible for lost, damaged or stolen items unless specifically entrusted to a staff member.

Any claim made for loss or damage to the property left in the care of the school will have to be submitted, in the first instance to Children's Services, and the claim will only be settled if it is shown that the Council can be shown to be legally liable for the loss.

Travel and Personal Accident Cover – Educational Excursions

The Council has in force travel and personal accident cover for school children under which compensation is payable in the circumstances below, irrespective of legal liability.

- | | |
|---|----------------------|
| 1. Death | £30,000 |
| 2. Permanent Total/Partial Disablement | up to £30,000 |

The insurance applies to any activities involving a journey outside the premises of the School – both in the UK and overseas – organised by the school/Council.

School Health Service

NHS Forth Valley has a statutory obligation to provide a health service for all school age children in Falkirk District. The aim of the service is to make sure that all children, throughout their school years, are in the best possible health to benefit from their education

The Public Health Nursing Team for Schools offer health assessments and reviews, health screening and deliver school based immunisation programmes. The team comprises of Public Health Nurses (Specialist Practitioner), Registered Nurses and Healthcare Assistants who are based in a local Health Centre and work over a number of schools in the area.

Pupils, parents/carers can request a health appointment at any time. Other health professionals and teaching staff can also request a health appointment for the child or young person with parental and or young person's consent.

Health reviews will take place as necessary involving a parent questionnaire, a check of health records and if required screening of growth and vision.

- Health screening – All children in primary one and at other selected stages will be seen to have their growth and vision checked
- Immunisations – Secondary school pupils are offered immunisations. At the appropriate time information booklets and consent forms will be issued.
- Health Education – The Public Health Nursing Team has an important role in encouraging health lifestyles, working closely with teaching staff, pupils, parents/carers and the community.

The School Doctor (Community Paediatrician) may also offer appointments to children who have a significant ongoing medical or developmental condition affecting their education. School staff and parents can request a consultation with the School Doctor at any time.

The School Health Service can be contacted on – 01786 434059

The Public Dental Service carries out dental inspections in Primary 1 and Primary 7 and can help access dental services for those children who are not registered with a Dentist.

Infectious Diseases

Colds, flu and gastroenteritis are the most common infections affecting children. Children should be free from sickness and diarrhoea for 48 hours before returning to school or nursery.

Head Lice

Head lice are spread through head to head contact at home, while playing or in school.

Regular wet combing of your child's hair using a head lice detection comb is the best way to catch this possible problem at an early stage.

Further advice can be obtained from the Health Board head lice leaflet which is available in all schools and health centres. Children's Services leaflet 'Frequently Asked Questions', which is also available in schools.

Clinics

From time to time some children are asked to attend clinics (eye clinics, dentist, doctor, etc). Please inform the school of these visits and arrange for your child to be collected if he/she must leave school to attend the clinic.

No child will be allowed away from school during school hours unless accompanied by a responsible adult or unless written permission to do so has been given by the parent. We ask that as far as possible all appointments are made out with school hours.

Medicine administration

The administration of medicines prescribed by a doctor is undertaken by the school once parental signed consent is given. We are not in a position to administer un-prescribed medicine. In order to safeguard the health and safety of children, procedures are drawn up by Falkirk Council Children's Services.

When a child is prescribed medication by a doctor or a dentist and parents require the school to administer this, the relevant request Form should be completed. We require parents to deliver the medication to school for administration by school staff.

The school has procedures in place for permitting pupils to carry and administer medication themselves eg inhalers.

Prescribed medication should be clearly marked with your child's name, the date prescribed, how often it has to be taken and for how long.

Section Two – Parental Involvement in the School

Parents Welcome

All Falkirk Council schools welcome and encourage parental involvement and engagement. Research has shown that when parents are involved children do better in school.

Falkirk Council Children's Services and all of our schools work and collaborative with parents in the spirit of the recently published national action plan - "**Learning together**": **Scotland's national action plan on parental involvement, parental engagement, family learning and learning at home 2018 – 2021**'. The plan can be accessed here: <https://www.gov.scot/publications/learning-together-scotlands-national-action-plan-parental-involvement-parental-engagement/>. In light of this new plan, Falkirk Council Children's Services are currently updating our Parental Involvement and Engagement Strategy in consultation with parents. This will detail a series of actions which we plan to take over a three year period to improve parental engagement with schools and the service and help to break down barriers which many parents experiencing when trying to become involved in the life and work of the school.

 Parentzone Scotland is a unique website for parents and carers in Scotland, from early years to beyond school. The website provides up-to-date information about learning in Scotland, and practical advice and ideas to support children's learning at home in literacy, numeracy, health and wellbeing and science. Information is also available on Parentzone Scotland regarding additional support needs, how parents can get involved in their child's school and education. Furthermore, the website has details about schools including performance data for school leavers from S4-S6; and links to the national, and local authority and school level data on the achievement of Curriculum for Excellence levels. Parentzone Scotland can be accessed at <https://education.gov.scot/parentzone>.

At Larbert Village Primary, we recognise parents as the first educators of all children. We know that, if parents and teachers communicate well and share their expertise and knowledge, children will always benefit.

We arrange a variety of events which encourage and promote parental engagement. These include, parent workshops, parent consultations, information evenings, individual appointments, progress appointments with other agencies, review meetings and curricular events. We also welcome you to class assemblies, concerts and fund-raising events.

We encourage parents to become as involved in school life as they can. A number of parents support in school during the day and we welcome and appreciate this.

At the end of each school year, parents are given a report on their child's progress. Parents are invited at the same time to record their own comments

on the report. Children are invited to contribute too.

We are always looking for more parents to help in school and be involved. There are numerous ways parents can support the school on a daily basis and it's an excellent opportunity to enhance the learning of our children.

Information and advice on education and learning for parents in Scotland

Be at the heart of your child's learning . . .

education.gov.scot/parentzone

Parent Councils

Parents are welcomed to be:

- involved with their child's education and learning;
- be active participants in the life of the school
- express their views on school education generally and work with the school.

All parents / carers are automatically members of the Parent Forum at this school. As a member of the Parent Forum all parents should –

- receive information about the school and its activities;
- hear about what partnership with parents means in our school;
- be invited to be involved in ways and times that suit you;
- identify issues you want the Parent Council to work on with the school;

- be asked your opinion by the Parent Council on issues relating to the school and the education it provides;
- work collaboratively with the school; and
- enjoy taking part in the life of the school in whatever way possible.

Parent Councils are the formal representative body for parents / carers with children attending school. Parent Councils are different in each school to enable them to meet the needs of parents / carers locally.

The Parent Forum decides how their representatives on the Parent Council are chosen and how the Parent Council operates. Parents / carers are encouraged to volunteer or put themselves forward to be chosen as representatives of the Parent Council if they wish.

The main aims of the Parent Council are:

- To support and work collaboratively with the school in its work with pupils
- To seek and represent the views of parents
- To promote contact between the school, parents, pupils, providers of nursery education and the community
- To report to the Parent Forum
- To be involved in the appointment of senior promoted staff in the school.
- To raise funds for the school for the benefit of pupils (in some schools the PTA/PA fulfils this role).
- To be included in School Improvement Planning

For more information on parental involvement and engagement or to find out about parents as partners in their children's learning, please contact the school or visit the Parentzone website at <https://www.education.gov.scot/parentzone/>

What is the role of the Parent Council?

- To support the school in its work with pupils
- Represent the views of parents and carers
- Encourage links between the school, parents and carers, pupils, pre-school groups and the wider community.

Why is this important?

- Because parents and carers views are important and make a real difference to children's learning. When parents and carers are involved, children and young people do better and achieve more.
- To make sure that all parents have a say in their children's education and are able to express their views and wishes.

Over the last year, the Parent Council have had a key role representing parents to

ensure that the senior managerial changes have created the best possible outcome for our children.

We also routinely represent the schools interests with the council and the community council; look at ways to improve communication between school and parents and support the school in helping to enhance the school profile in the community.

Who are we?

Parent Council meetings are usually attended by 6-8 parents, the Head teacher and several teacher representatives. Any parents are welcome to come along and raise issues. We usually meet at the school every 8 weeks, sometimes more often, depending on need. The meeting time is usually 7pm on a Tuesday and meetings are published in school newsletters and on the school website.

The Parent Council has three named posts: chairperson, vice-chair and treasurer. These positions are renewed each year at the AGM. The current Chair is Chris Hughes.

He can be contacted through the school or The Parent Council social media pages.

For more information on parental involvement and engagement or to find out about parents as partners in their children's learning, please contact the school or visit the Parentzone website at <https://www.education.gov.scot/parentzone/>

Parent Teacher Association (PTA)

The PTA is mainly responsible for arranging events for parents and raising funds for the school. Volunteers are welcome - please contact the PTA if you want to join in. The PTA are a group of volunteers made up of Parents and Teachers committed to raising funds for our school, from which each and every child benefits.

We raise our funds by organising events such as Summer and Christmas Fayres, Prize Bingo/Quiz night and school discos. Last year we raised approximately £10,000. This money paid for / subsidised; P1 Book bags, Christmas party gifts & food, Christmas Panto, Badges for children (Buddy, House Captain, Eco etc) Star Award Certificates, Summer trips, buses for events, workshops etc. We meet at least once a term, these meetings last approx 1 hour to plan our fundraising events. We are always looking for new ideas, members and helpers. You can also find us on facebook – Larbert Village Primary School PTA.

Connect (formerly the SPTC) the national organisation for PTAs and PAs in Scotland, Parent Councils are members too, and it runs an independent helpline service for all parents. They can be contacted by phone on 0131 474 6199, via website <https://connect.scot/>, email on info@connect.scot or write to Connect, Mansfield Traquair Centre, 15 Mansfield Place, Edinburgh, EH3 6BB.

Pupil Groups

At Larbert Village Primary School we want children to be stakeholders in their learning. We encourage all children to become involved in a variety of ways.

Children have the opportunity to be involved groups such as the Eco Group, the World Wide Council, and Pupil Voice House Meetings.

We are keen to develop citizenship in our school and encourage all P6 pupils to take part in our “Buddy” scheme – where they support the P1 pupils’ transition into LVPS.

We also encourage all our P7 pupils to take part in the Prefect scheme as well as appointing Vice and House Captains for each of our four houses.

We are a Rights Respecting School and pupils are involved in discussing and implementing a class/school charter of their rights and responsibilities.

School Ethos

At Larbert Village Primary School we work as a team to promote an effective and fair school where everyone feels they belong and feel valued, secure and respected. Our motto is:

Learning through Values with Pride in our Successes

Community Involvement is very important to us and is planned and encouraged throughout the year.

All staff and pupils work together to create a positive environment, both in and out of the classrooms. We believe in developing relationships to ensure the best possible environment for learning. We celebrate diversity and strongly believe that each child should be valued and appreciated as a unique individual and have their successes, at whatever level and in whatever area, celebrated. We take every opportunity to do this in classrooms, during assembly times and share this with home.

Larbert Village has a strong partnership with the churches in the community. We work with various church volunteers who come into school on a regular basis to support our assemblies. We use Larbert Old Parish for our end of term services. The whole school go to the church to celebrate various occasions throughout the session. These include Easter, Christmas and Harvest.

We have developed positive partnerships with local care homes through intergenerational work, and businesses such as Network rail to support learning.

Pupil Conduct

A partnership between the school and family is necessary to ensure the best possible standards of pupil conduct.

Pupils are expected to set themselves high standards in appearance and behaviour. School rules are devised to encourage the maximum amount of self-discipline. The rules make clear what is expected of pupils, and how they are required to behave. The general aim is to produce an atmosphere of friendly co-operation, encouraging respect and consideration for other persons and for property. A behavioural agreement is included in the School Enrolment Form that parents complete when enrolling their child(ren).

Restorative Approach to Bullying Behaviour

Whilst many believe that children who display bullying behaviour should be punished, it is widely accepted that this type of response can at times be ineffective, and make the situation worse.

The adoption of restorative approaches is evidenced to be a more effective response than traditional methods. Pupils are given the opportunity to accept responsibility for their actions, recognise the harm done and are supported to find restorative responses to the harm they have caused.

There are times where sanctions are appropriate; exclusion is seen as a last resort and carried out when incidents fall within the legislation criteria.

Falkirk Council has a responsibility to provide an education for all pupils and to challenge and address bullying behaviour. Whilst appropriate action will be taken by the school, it is also important that all parent/carers, work with the school to resolve any issues in the best interests of their child or young person.

Parents can access Falkirk Council's Anti-Bullying Policy, 'Promoting Positive Relationships in Falkirk's Educational Establishments'; on the Council website: www.falkirk.gov.uk/services/schools-education/policies-strategies/anti-bullying-policy.aspx

When we invest in relationships we see positive learning behaviour. A wide range of incentives to reward positive behaviour are offered in Larbert Village Primary. The incentives include praise, stickers, certificates, House Points and privileges.

We also have Star Awards which are presented to the children during assemblies. Some will be individual rewards, some will be group or class rewards.

Each class will have Golden Time. This is a weekly session which lasts for 30 minutes. During Golden Time each child will be able to choose from a selection of enjoyable activities which have been chosen by the children themselves in

discussion with their teachers.

When there are any incidents of misbehaviour in school or issues between the children, the school management team investigate thoroughly. Every child involved is spoken to in a very calm, supportive manner and given the opportunity to explain their point of view and to provide their account of the incident.

The notes are recorded in a file, kept in the Headteacher's office. Should it be necessary, parents will be contacted and asked to come into school and be fully involved. We find that this approach is very successful and children appreciate the opportunity to be listened to, allowing us to resolve issues more promptly.

We encourage children to line up appropriately. We reward excellent manners and dining room habits.

At LVPS we reward the children who are consistently great role-models for our school. Where children find this more challenging we see it as our role to teach and model the appropriate communication.

Section Three – School Curriculum

Curriculum for Excellence

- **Learning to Achieve** - Our core educational policy.

This describes in detail how **Curriculum for Excellence** will be delivered in our educational establishments. We use **Learning to Achieve** along with the national guidance to monitor, develop and improve outcomes for children and young people.

- **Curriculum for Excellence** – Bringing **learning to life** and **life to learning**.

Curriculum for Excellence is the vehicle by which we deliver a Quality Education across the **4 Contexts of Learning**. It aims to **raise standards**, prepare our children for a future they do not yet know and equip them for jobs of tomorrow in a fast changing world.

Curriculum for Excellence balances the importance of **knowledge** and **skills**. Every child is entitled to a **broad** and **deep** general education, whatever their level and ability. It develops **skills** for learning, life and work, bringing real life into the classroom, making learning relevant and helping young people apply lessons to their life beyond the classroom. It links **knowledge** in one subject area to another helping make connections in their learning. It develops skills which can enable children to think for themselves, make sound judgements, challenge, enquire and find solutions.

- **Responsibility of all**

Every single teacher and practitioner will be responsible for the development of **literacy and numeracy and health & well-being** from Early Level through to Senior Phase.

Teachers and practitioners will share information to plan a child's learning journey from 3-18, helping their progression from nursery to primary, primary to secondary and beyond, ensuring each transition is smooth. They'll ensure children continue to work at a pace they can cope with and with challenge they can thrive on.

There is an entitlement to personal **support** to help young people fulfil their potential and make the most of their opportunities with **additional support** wherever that's needed. There is an emphasis by all staff on looking after our children's **health and well-being**; to ensure that the school is a place where children feel safe and secure. **GLOW**, Scotland's unique, world leading, online network supports learners and teachers. Learners have **individual access** to GLOW through a username and password issued by school.

- **Developing the Young Workforce**

Developing the Young Workforce (**DYW**) is a seven-year programme that aims to better prepare children and young people from 3–18 for the world of work. This programme **builds on the foundations** already in place as part of Curriculum for Excellence.

Collaborative working between primary and secondary alongside **partnership working** builds on your child's experiences in primary school through secondary school. Curriculum planning and structures in schools have continued to evolve progressively as new qualifications have been introduced alongside traditional subjects. There is now on offer a **wide range of opportunities** for young people to develop their employability skills, gain experiences of the world of work and

incorporate work-based learning elements together with employers to explore **direct pathways** into employment.

Please contact the headteacher if you would like any further information about the curriculum within our school.

For further information on Learning in Scotland please access the following link:
<https://education.gov.scot/parentzone/learning-in-scotland>

Skills for Learning, Life and Work

Through adopting 'A Curriculum for Excellence' here in Larbert Village, we ensure a continuous focus on literacy, numeracy and health and wellbeing across learning.

These skills are essential if young people are to gain access to learning, to succeed in life and to pursue a healthy and active lifestyle.

Through focusing on child-led learning we aim to teach areas which are relevant, appropriate and linked to the environment we are growing up in.

In Larbert Village, we focus on the following skills in order to prepare our children for life in the 21st Century.

Literacy skills are about effective communication. They include:

- reading
- writing
- listening and talking

Numeracy skills are about using numbers to solve problems and to understand the results they give. They include:

- counting
- doing calculations
- measuring
- understanding graphs and charts

Health and wellbeing skills are about taking care of yourself and others. They include:

- developing a positive attitude to life
- looking after yourself physically and emotionally
- being considerate to others

Employability, enterprise and citizenship skills are about developing individuals for a changing and uncertain world. They include:

- preparing for diverse employment
- sustainable and responsible development
- innovative ideas and action

Thinking skills are about cognitive ability. They include:

- remembering and identifying
- understanding
- applying knowledge
- analysing and evaluating
- creating

We have revised **Learning to Achieve** – our core educational policy. **Learning to Achieve** describes in detail how Curriculum for Excellence will be delivered in our educational establishments. We will use **Learning to Achieve** to monitor, develop and improve outcomes for children and young people.

In Larbert Village, at the Early Stages, learning through play is an important aspect of the school curriculum. The skills learned through play include independent and collaborative learning, as well as working co-operatively with others. These skills are reinforced through a variety of activities such as art and crafts, baking, role play, sand and water.

As children become older, the skills learned through Play are further developed and extended through Problem Solving, Technology and aspects of Maths and Environmental Studies.

Class teachers have responsibility for all the children in their care and are able to assist pupils with learning difficulties through using group teaching methods in class and also through setting. A wide variety of resources are used to support this work. Suitable programmes of work and resources are currently being developed for more able children.

Active Literacy

Our main teaching resource for everything in literacy is to use the strategies from the Active Literacy approach. This programme has been designed to provide a clear structure for the development of all literacy skills, including listening and talking, spelling and phonics, reading and writing. It provides a progressive programme for the teaching of phonics and spelling using active methods and dictation for assessment purposes.

Reading is taught using a wide variety of books to develop comprehension and

fluency. We focus on teaching the skills of reading.

There are daily writing opportunities as well as the taught writing lessons. These promote writing for a variety of purposes across the curriculum.

The programme ensures that literacy tasks are active, enjoyable and fun. It has been constructed to ensure that children are not learning in isolation but with collaborative working in pairs and trios.

Mathematics/Numeracy

Mathematics is based on A Curriculum for Excellence, with pupils working on the recommended attainment targets in:

- Number, money and measurement
- Information Handling
- Shape, Position and Movement
- Problem Solving & Enquiry
- Mental Agility

We use a range of resources and materials to teach maths with the focus being on the learning rather than the resource being used.

Interdisciplinary Learning

Interdisciplinary studies, based upon groupings of experiences and outcomes from within and across curriculum areas, can provide relevant, challenging and enjoyable learning experiences and stimulating contexts to meet the varied needs of children and young people.

Revisiting a concept or skill from different perspectives deepens understanding, and can also make the curriculum more coherent and meaningful from the learner's point of view.

Interdisciplinary studies can also take advantage of opportunities to work with partners who are able to offer and support enriched learning experiences and opportunities for young people's wider involvement in society.

Effective interdisciplinary learning:

- can take the form of individual one-off projects or longer courses of study
- is planned around clear purposes
- is based upon experiences and outcomes drawn from different curriculum areas or subjects within them
- ensures progression in skills and in knowledge and understanding
- can provide opportunities for mixed-stage learning which is interest-based.

The curriculum should include space for learning beyond subject boundaries, so that

children and young people can make connections between different areas of learning.

Information Communication Technology / ICT/ Computing

All children have access to computers in the classrooms as well as in our ICT Suite. Pupils are taught a wide variety of ICT skills, in line with Curriculum for Excellence and are cross curricular. The skills and knowledge gained through the daily use of ICT, range from simple mouse and keyboard skills, graphic and text editing, saving and retrieving information and using the Internet for research and enquiry.

Physical Education

All children must have 2 hours of physical education every week. At Larbert Village this is offered both indoors and outdoors. We use our gym hall, our outdoor sports area and also the public open space at Stewartfield across the road. Our P.E. specialists are Mr Grant, Miss Stewart and Mr Miller. All classes receive the P.E. specialist at certain points in the year.

All classes share their P.E. days and times at the beginning of August and January. Children are expected to bring the appropriate clothing to take part in physical education.

Outdoor Learning

All classes will be given the opportunity of visiting the woods with their class teacher and the forest ranger, or experience some other form of outdoor learning.

Active Learning

Curriculum for Excellence emphasises the value of an active learning approach. Active learning is engagement of the brain whilst participating in learning opportunities. In the early years, children will have a range of learning experiences that include planned and purposeful play and stimulating learning which engages and challenges children's thinking using real life and imaginary situations. As children progress through school they continue to be involved in active learning experiences which give them ownership of their own learning, encourage co-operative working and utilise skills required for learning, life and work.

Planning Children's and Young People's Learning

Practitioners use a variety of approaches to ensure that pupils understand the purpose of their learning and are clear about how to be successful. A variety of planning approaches are used to ensure that experiences are progressive, skills – focused and meet pupils' learning needs. Often individualised targets help pupils to assess their own learning.

Learning at Home

The school's homework policy can be found here www.larbertvillage.falkirk.sch.uk

Practitioners provide home learning activities to support reinforcement of learning or to encourage pupils to apply learning in different ways, often in real life situations.

Parents are encouraged to get involved in home learning tasks. This helps parents keep up-to-date about learning in class and promote positive learning partnerships. The school encourages parents to sign each homework task.

Through our active homework activities children will be given the opportunity to choose how they learn best. Our homework encourages children to work with their parents/carers to select activities for language, maths and interdisciplinary learning. Parents/Carers will be given regular feedback through homework books, success story profiles to help them gain a better understanding of their child's learning.

Care of Books / Materials

To enable us to provide the best possible education for your child, every care should be taken to look after the school's resources and facilities. Parents are asked to remind their child/ren that all school equipment and fittings should be used with care.

Books and learning resources which are lost or destroyed must be paid for, either wholly or in part, depending on the age of the book. Any loss of school or Council property should be reported immediately to the school.

Development of Pupils' mental, social and emotional wellbeing

The school is committed to supporting the development of the whole child and as a result, wishes to encourage their holistic wellbeing.

Mental, social and emotional wellbeing is supported in the following ways;

- Creating a school ethos which, in every way possible, gives value to these aspects of development, especially by providing an environment which is both caring and challenging and which provides opportunities for exercising rights and responsibility.

- Ensuring that staff and adults in the school act as positive role models for pupils.
- Providing opportunities for members of the school community to come together reinforcing shared values.
- Providing rich opportunities across all areas of the curriculum to develop mental, social and emotional wellbeing.
- Taking every opportunity within the curriculum and across the wider work of the school to celebrate diversity and promote equality.

Religious Instruction and Observance

Religious Instruction

Schools have a statutory duty to provide Religious Instruction in the timetable. This aims to promote a knowledge of the Christian and other faiths, and encourage children and young people to develop enquiring minds through investigating spiritual, moral and philosophical issues.

Religious Instruction may include visits to local places of worship, and/or visits from representatives of places of worship. This helps children and young people to develop knowledge and understanding of faiths, especially those with which they are less familiar.

Ultimately, pupils in the upper secondary school can gain a qualification through the study of Religious, Moral and Philosophical Studies at Higher and Advanced Higher Levels. These courses further develop young people's skills in logical thinking, methodical enquiry and ways of expressing ideas effectively.

Religious Observance/Time for Reflection

Religious Observance, which may take the form of a Time for Reflection, is held at least six times a year, in addition to traditional celebrations central to the life of the school community. Religious Observance will often (but not necessarily) take the form of an assembly or Church Service.

Withdrawal from Religious Instruction and Religious Observance/Time for Reflection

Parents who wish to exercise their right to withdraw their child from religious observance are encouraged to discuss their intention with the Headteacher in the first instance to enable them to make a fully informed decision. Thereafter parents who wish to proceed to withdraw their child(ren) should notify the Headteacher in writing. This is so that alternative educational activities can be planned for their child(ren) during times of Religious Instruction and/or Observance.

Extra-curricular Activities

Every school is encouraged to offer as wide a range of sporting and cultural activities as possible. In this context, the Authority provides a degree of financial and administrative support for leagues, competitions, festivals and similar events but it is recognised that, again, the help of parents and the community is irreplaceable. Quite separately, the Council and / or Falkirk Community Trust and other partner organisations also undertake to organise and administer certain events and many schools take part in these.

There is a range of extra curricular activities available for pupils during lunchtime and after school. Parents will be informed about these by the school. In addition to in-school activities, classes also make regular educational visits and field studies. Wherever possible, these visits are linked to pupils' class work.

Where participation involves children travelling or staying late after school, written permission for children taking part is required from parents.

Facilities for Physical Education and Outdoor Activities

The gym hall has a variety of apparatus for physical education within the school. As part of the school's physical education programme, pupils may also use the facilities of the local sports complex, swimming pool or athletics stadium.

Active Schools

Active Schools within Falkirk Community Trust, aims to provide more and higher quality opportunities to take part in sport and physical activity before, during lunchtime and after school, to develop effective pathways between schools and sports clubs in the local community.

Active School co-ordinators work with primary, secondary and additional support needs schools to increase the number and diversity of children and young people participating in Active Schools activities. In Falkirk there are 8 cluster schools that co-ordinators work with to provide clubs, events and coach education training, For further information please contact 01324 590952.

www.falkirkcommunitytrust.org/sport/active-schools

Follow us on [@falkirkSPORT](https://twitter.com/falkirkSPORT)

Assessment and Reporting

There are a variety of ways to assess progress and ensure that children and young people achieve their potential. Effective assessment practice within schools and establishments include:

- Learner involvement in setting personal targets and next steps
- On-going self-evaluation by learners, staff and school leaders
- Identification of strengths and next steps
- A range of approaches to assessment
- A variety of evidence gathered informally on a day to day basis or formally at certain points throughout the year (not exclusively - Teachers' professional

judgement, Scottish National Standardised Assessments, National Qualifications)

- Moderation of standards using Education Scotland Benchmarks
- Consideration of data analysis and performance information

Achievement of a Level & Scottish National Standardised Assessments (SNSA):
Learner's progress is defined within the following levels:

Level	Stage
Early	Pre-school and P1 however may be later for some
First	To the end of P4 however may be earlier or later for some
Second	To the end of P7 however may be earlier or later for some
Third & Fourth	S1 – S3 however this may be earlier for some
Senior Phase	S4-S6 and college or other means of study

Achievement of a level means that the learner has achieved a breadth of learning across the curriculum area and has met the appropriate benchmarks; that they have responded consistently well to the level of challenge in their learning and can apply what they have learned in new and unfamiliar situation.

From August 2017, National standardised assessments have been introduced to all schools across Scotland in aspects of reading, writing and numeracy, for all learners in P1, P4, P7 and S3.

These assessments sit alongside a wide range of other evidence including ongoing classroom assessment of all aspects of literacy and numeracy. They cannot be used alone to confirm judgements of achievement of a level.

- Within schools and establishments, finding out about your child's progress includes:
 - Attending parents' information evenings
 - Discussing progress with teacher staff and school leaders by appointment
 - Attend open evenings/afternoons including "meet the teacher" events
 - Reading learning logs or diaries (which usually invite parents/carers to comment)
 - Summary Reports (sent home to parents/carers including an invite to make comments)
 - Social media updates from staff and/or the school

Further information about what data is collected about your child is given in section 5 of this handbook.

Section Four – Support for Pupils

Getting It Right for Every Child (GIRFEC)

Taking care of our children's well-being and making sure they are alright - even before they are born - helps to ensure the most positive outcomes for them later in life. It gives them the potential to grow up ready to succeed and play their part in society.

Getting it Right for Every Children (GIRFEC) is the Scottish Government's approach to improve children's services. The wellbeing of all children and young people is at the heart of GIRFEC. Services must work together with children, young people and their families to provide quick and effective support when it is needed

Wellbeing

The Getting it Right approach looks at eight areas of 'well-being'. These are recognised as areas in which children and young people need to progress in order to do well now and in the future. They allow those responsible for the care and support of children - including members of their own families - to look at a situation in a structured way that will help them identify any needs and concerns and plan with the child and family any action they need to take. The eight well-being indicators are:

- Safe
- Healthy
- Achieving
- Nurtured
- Active
- Responsible
- Respected
- Included

The approach gives them a common language and a way to gather information about a child's world, making sure the child is growing and developing, and has everything they need from the people who look after them both at home and in the wider community. It also encourages practitioners to think about who else might need to be involved (for example a teacher might need to contact other professionals to make sure that an education plan with the child and family is meeting all the child's needs).

Named Person

The Scottish Government have recently stated that the relevant sections of the Children and Young People (Scotland) Act 2014 relating to the Named Person will be repealed. As a result of this decision, education authorities will no longer be legally required to provide this service.

We are currently awaiting guidance from the Scottish Government on the timescales for repeal and what the likely impact will be as a result. Every child and young person will still have a main contact to make sure their wellbeing is promoted.

The role of the main contact is to act as the first point of contact for children and families. Through children and families knowing who to contact, their access to help is made easier.

When the main contact is not available, please speak to another member of staff who will be able to help. During school holidays an officer from Children's Services Headquarters will provide the advice and support you may require.

Family Support Service

Across Falkirk there are a number of services who can support children, Young people and their families from early intervention to more intensive support. The main aim of these services is to increase the wellbeing of young people and their families.

Children, young people and their parents may require additional support at different times in their life e.g. following a bereavement, illness, transition, when experiencing anxiety, behaviour issues, during or after changes in family circumstances.

Support is tailored to meet the individual needs of children & families, when they need it and as locally as possible.

Individual or group work can be delivered in school, home or in the community. A request for support can be made through a member of school staff (named person) who will be able to talk with you, gather information & your family's views. This helps identify the most appropriate service.

Family Support services work in partnership with families, schools and other agencies to support young people's wellbeing.

Protecting Children and Young People

All children have a right to be protected from harm, abuse and neglect. The vision of the Forth Valley Child Protection Committee is that "It's everyone's job to make sure that children in the Forth Valley are safe."

Children's Services have an important role in identifying children who have been abused or are at risk of being abused.

Falkirk Council has clear procedures for all staff to follow. Headteachers or designated member of staff are instructed to notify Falkirk Council and Children's Services when a member of staff has a suspicion that a child might have been abused or be at risk of abuse.

Children's Services will make a decision on whether or not an investigation is necessary and will advise accordingly. In every situation, the welfare of the child overrides other considerations.

Additional Support Needs

As with all local authority schools in Scotland, this school operates under the terms of the Additional Support for Learning Act (2009) and its accompanying Code of Practice. Further details of the policies and procedures can be found on the Falkirk Council website: <http://www.falkirk.gov.uk/services/schools-education/additional-support-needs/>. These procedures have been strengthened through the Children and Young People Act (2014).

Working with other agencies and professionals – for example, Social Work Services, Educational Psychology Service, National Health Service and parents – decisions are made jointly with parents, children and young people with regards to the best possible education to meet the needs of the child within the resources available.

Support for Pupils

Pupils' additional support needs will be identified and addressed through the Getting It Right for Every Child processes. This involves close co-operation between the parent or carer, the child and the staff in school – they are the core part of the Team around the Child. Others involved in your child's education and well-being will also be part of the Team, and will help to complete a rounded picture of assessment where appropriate. The Team will also draw up and review plans to meet the needs identified. Their activities are co-ordinated by the Named Person, who is responsible for ensuring plans are implemented and has an overall picture of the pupil's progress. You will be told who the Named Person is for your child when they start school. If you believe your child may have unrecognised additional support needs, your first point of contact should be the child's EYO class teacher or guidance teacher.

The school makes provision for pupils with additional support needs throughout their education:

- each teacher differentiates the Curriculum for Excellence within their class to provide educational targets and objectives suited to their age and stage of development
- the school has a Support for Learning Teacher to co-ordinate and organise support for children
- the school can allocate s Support for Learning Assistant on a basis of need exceptional cases

Disputes and Resolution in Additional Support Needs

Schools and Early Years facilities do their best to support pupils, and are responsive to the needs of parents, carers and pupils. Nevertheless, problems may arise, and it is important to deal with these as soon as possible.

In the first instant it is usually wise to contact the school or nursery directly, and if the matter cannot be satisfactorily resolved, they may call on the services of some of centrally-based staff – the Additional Support for Learning Adviser, the Educational Psychologist or the school's attached Team Manager. Children's Services also commission independent mediation through Children in Scotland. Their services, called Resolve, may be arranged by the Additional Support for Learning Adviser, or accessed directly by parents on 0131-222-2456.

Parents, carers and children with additional support needs can also seek independent advice and support through:

- Enquire – the Scottish advice and information Service for additional support for learning: www.enquire.org.uk, 0345 123 2303
- Scottish Independent Advocacy Alliance; www.siaa.org.uk, 0131-260-5380
- Take Note: National Advocacy Service for Additional Support Needs (Barnados in association with the Scottish Child Law Centre) www.sclc.org.uk, 0131-667-6633.
- Let's Talk ASN, c/o Govan Law Centre, letstalkasn@edlaw-org.uk, 0141-445-1955.

Educational Psychology Service

Educational Psychologists work in collaboration with teachers, parents and other professionals to support children and young people with their learning and general development, and to make the most of their lives, particularly in educational settings.

Every school and pre-five establishment has a link Educational Psychologist who provides consultation, assessment intervention, training and project work. We work within the Staged Intervention Approach of Children's Services

The school must obtain the agreement of parents and, where appropriate, the pupil before involving the Educational Psychology Service. Further information is on the website <https://blogs.glowscotland.org.uk/fa/epservice>

Pastoral Support

All children are in the care of the class teacher who has responsibility for their well-being. Some times a child may need extra pastoral support.

All staff carry the role of supporting children who may be experiencing emotional difficulties or issues related to low self esteem.

We have staff trained in 'Seasons for Growth'. This is a programme which helps children who are experiencing difficult situations, such as bereavement, loss, separation or divorce.

Identified staff can work with children who may be at risk in any of the following:

- Significant and consistent underachievement
- Poor behaviour compared to peers
- Failing motivation and/or confidence
- Difficulty in concentrating and being focussed
- Poor attendance and / or punctuality
- Difficulty in relationships with peers or adults
- Experiencing personal crises

Transitions

Moving from P7 – S1

Pupils from Larbert Village normally transfer to Larbert High School at the end of P7. There is close liaison between Larbert Village Primary and Larbert High and regular meetings take place to ensure your child has a smooth transition from P7-S1. Our P7 pupils and their parents / carers will get several opportunities to visit Larbert High before their transfer in August. The pupils spend a week in Larbert High school early on in their P7 year when they take part in various activities. Pupils and parents will also be invited to information events and our P7 pupils will also attend Larbert High for a full day in the summer term. Commencing in January, members of Larbert High Integrated Pupil Support staff will spend a great deal of time in Larbert Village, getting to know the pupils and meeting with the class teachers in order to gather the relevant information that will ensure that your child gets the best possible start in their new school.

If your child had additional support needs, the pupil support team from Larbert High School will visit their primary class on several occasions in order to get a clear understanding of your child and their educational and pastoral needs. You will be invited to participate in meetings to discuss your child's enhanced transition and to discuss how Larbert High will meet your child's needs.

Moving from Nursery to Primary

Many children may view the move from nursery to primary as a huge leap which is both exciting and daunting - as do many parents! A change of environment and routine in any aspect of life can be unsettling for children and it's understandable that so many parents worry about how their child will cope with the transition from nursery to primary school. There is no doubt that the step from nursery to primary school is big - both educationally and emotionally. The time dedicated to learning increases, the nature of work being undertaken changes and children are expected to take all this in their stride while also coping with a new environment and new faces. The nursery to primary school transition is a vitally important time in your child's life and if it is managed correctly, he/she will experience minimum stress and will be able to settle in to primary school much easier and quicker, without any hindrance to their learning. In fact, a smooth, well-managed transition can even give children a head start when it comes to primary school learning and skills development.

In Larbert Village Primary School, we believe that this period of change is a crucially important time in a child's life and we treat it as such.

As part of transition we involve the nursery pupils in PE lessons, music lessons and other joint projects with our P1 pupils. This allows the Nursery children to become familiar with the P1 classroom setting and the P1 teaching staff and Support for Learning Assistants.

From Nursery to Primary 1

The Primary 1 teachers visit the nursery class to observe the pre-school children in a familiar setting. We make every effort to visit all feeder nurseries at least twice. Once just the teacher and then again with the children's buddy.

The nursery children will visit the Primary 1 classrooms. During these sessions the children will meet their new teacher and have an opportunity to play/carry out activities in their new classroom. Prior to their visit to the classroom the nursery children will spend time in the school playground playing with the other school children at breaktime.

In June the new Primary 1 pupils will be invited to sample a school lunch with one of their parents/carers. This allows the children to become familiar with the dining hall and to meet the catering staff. It allows parents to see the quality of the school lunches and how well their child will cope in the dining hall.

We hold an information afternoon for nursery parents/carers in June. This gives parents and carers an opportunity to meet the Primary 1 teacher and to see the classroom and also allows the children to meet their class buddies as well as become more familiar with their class and teacher.

Each child entering P1 is assigned a buddy from the P6 class. These buddies will visit the nursery several times before the summer holidays to meet their buddy and spend some time getting to know them. This partnership will continue in P1.

Nursery Class Provision

The school's nursery class provides places for children aged 3-5 years.

Nursery class provision is non-denominational, which allows children of parents from all religions and beliefs to attend the nursery. Attendance at the nursery class does not however guarantee a place in the school.

Admission to Early Learning & Childcare (ELC) Establishments in Falkirk

All ELC places are allocated according to the Early Learning and Childcare Admission Policy. A funded pre-school education place is available for every child aged 3 to 5 years who lives in Falkirk. A place can be provided in either a Falkirk Council ELC Centre or in a private nursery which is in partnership with Falkirk Council.

From August 2018, children become eligible for pre-school education as follows:

- For children who reach 3 years of age between 1st March and 31st July the start date will be the beginning of the Autumn Term (August)
- For children reaching 3 years of age between 1st August and 29th February of the following year the start date will be a month after the child's 3rd birthday.

Application forms are available from all primary schools and ELC Centres and can also be downloaded from the Falkirk Council web-site at www.falkirk.gov.uk.

Only one application form should be completed. The application form asks for the 1st, 2nd and 3rd choice of ELC Centre, the form should be returned to any school, ELC Centre, One Stop Shop or can be sent directly to ELC Admissions Team, Sealock House, 2 Inchyra Road, Grangemouth, FK3 9XB.

You will also be asked to provide the child's birth certificate and proof of address.

Applications are then allocated according to the criteria detailed in the Admissions Policy - <https://www.falkirk.gov.uk/services/children-families/early-learning-childcare/docs/nursery-admission-policy/Early%20Learning%20and%20Childcare%20Admission%20Policy.pdf>

Transition from Nursery to Primary

Before leaving nursery, a transfer of information record for each child will be prepared by nursery staff to ensure a smooth transition and continuity of education for the child transferring to primary. All nurseries and primary schools have a variety of systems which support the transition process for children. This ensures that children's strengths and development needs are addressed.

Primary School Admissions

Children's Services must set a date each year for the commencement of children's attendance at Primary school. This date is usually the 3rd or 4th week in August.

When commencing Primary 1 education, your child will normally attend the local denominational or non-denominational Primary school and transfer from it, after Primary 7, to its associated Secondary school. Details of the catchment areas and boundaries can be obtained from the Forward Planning Section – Tel. 01324 506621/506608 in the Children's Services, on the website - www.falkirk.gov.uk or the relevant school.

Pupils who are baptised Roman Catholic and who live within the catchment area of a denominational school are automatically entitled to enrol at the school. All other pupils will require a placing request (see below).

Any movement between denominational and non-denominational schools at year stages other than Primary 1 will require a Placing Request Form to be completed.

The authority will place adverts in the local press and nurseries advertising the date(s) for enrolment.

Parents of pupils enrolling at a denominational school must also present their child's RC baptismal certificate. Parents of pupils that are not RC baptised will be required to submit a placing request (see below).

You are still required to enrol your child(ren) at your catchment denominational school (if RC baptised) or catchment non-denominational school (if not RC baptised) even if you do not wish him/her to attend that school.

Enrolment timetables will also be available through the Falkirk Council website at www.falkirk.gov.uk.

Children eligible for enrolment are those whose 5th birthday falls between 1st March and the end of February the following year. Requests for enrolment will only be prioritised if Children's Services receive more requests for enrolment than places available at the school.

Primary to Secondary Transfer

Children visit their secondary school in preparation for the move from Primary 7 to 1st Year.

Each cluster of schools (i.e. the secondary school and its associated primary schools) makes its own transition arrangements.

Generally, visits take place in the summer term, with a programme of activities for pupils in classroom relating to their secondary subjects. Sporting and social

activities may also be planned. Pupils, therefore, become familiar with the new school, their new teachers and their new classmates.

Clusters also arrange for secondary school subject teachers to visit Primary 7 classes from time to time, with the cluster agreeing each year which subject areas should be the focus for these. Secondary teachers of PE and Music regularly visit primary schools to support the teaching of these subjects.

Most secondary schools also have an information evening for parents of Primary 7 children at which they can gain information about uniform, lunchtime arrangements, school clubs, etc.

Pupils with Additional Support Needs

Secondary school Pastoral and Support for Learning teachers make visits to the Primary 7 class to get to know the children and their needs, including any Additional Support for Learning needs. Visits by Support for Learning staff sometimes take place as early as Primary 6 to help with additional arrangements for those children for whom the move to secondary school may present particular challenges.

Moving to the denominational secondary school

Children who are baptized Catholic

With the exception of some pupils at St Patrick's PS, pupils who are in Primary 7 in denominational primary schools (Sacred Heart PS, St Andrew's PS, St Mary's PS, St Francis Xavier's PS and St Joseph's PS) move to St Mungo's HS.

Pupils in Primary 7 at St Patrick's PS attend St Modan's HS in Stirling.

Children who are non-Catholic

Parents of non-RC baptised pupils who were enrolled through a Placing Request at a denominational primary school must submit a further Placing Request if they wish them to transfer to St Mungo's High School. These pupils are, otherwise, automatically entitled to transfer to their catchment non-denomination secondary school.

Moving between denominational and non-denominational schools

Parents who intend to send their children to St Mungo's HS from a non-denominational primary school, or from a Catholic primary school to their catchment non-denominational high school, should make known their intentions both to the primary school and the secondary school as soon as possible. This enables the necessary transfer arrangements to be made.

Catchment Secondary School

Children in Larbert Village normally transfer to Larbert High School for their secondary education.

Placing Requests

As a parent, you have the right to make a Placing Request for your child(ren) to be educated in a school other than the local school. Applications for Primary 1 and Secondary 1 Placing Requests to commence school in August will only be accepted following the publication of an advert in the local press inviting applications in early December.

Every effort will be made to try to meet parental wishes, but you should note that it is not always possible to grant every Placing Request. You should also note that a successful Placing Request for one child does not guarantee a successful one for another child. A parent could, therefore, end up with children attending different schools.

Primary 1 children must also be enrolled at the catchment area school on the appropriate Enrolment Form whilst awaiting the outcome of their Placing Request Application. If the Placing Request is granted, the child's enrolment at the catchment school will automatically be withdrawn by Children's Services.

Placing Requests can only be approved when there are sufficient places remaining in the class after all catchment area children have enrolled and if staffing and accommodation at the school are able to meet the numbers of Placing Requests at that school. Children's Services will also reserve places in a class for catchment pupils they expect to move into the area during the school year.

If more Placing Requests are made for admission to a particular school than places available, these Requests will be prioritised according to Falkirk Council's Admissions Policy and requests accepted and refused accordingly.

Online placing request applications can be made via the Council's website www.falkirk.gov.uk/placingrequests. Written application forms are available from all

schools and from Children's Services. Written applications must be returned to the Director of Children's Services, Sealock House, 2 Inchyra Road, Grangemouth, FK3 9XB. Placing request for Primary 1 and Secondary 1, commencing in the next school session, should be made by the 15th March each year. Responses will be issued no later than 30th April.

Your Placing Request will be considered against a set of criteria which is set out in the Council's priorities for admission.

Any Placing Requests received after the 15th March for Primary 1 and Secondary 1 will not be considered in the first round of Placing Requests. Parents / Carers will be notified of the outcome of their request within 8 weeks of receipt.

As soon as a decision has been made, you will be notified of the result. If your Placing Request is successful, you will be asked to contact the school to establish arrangements for enrolment.

Mid-session Transfers

You may make a Placing Request at any time during a school session. If your child is experiencing problems at school, you are advised to discuss the matter with the Head Teacher prior to making a Placing Request. Completing the Application Form does not guarantee a place for your child at your chosen school. Your Placing Request will only be granted if there are surplus places available at the school.

Transport for Placing Requests

If a Placing Request is successful, parents will be responsible for the safety and transportation costs of their child to and from their chosen school.

Section Five – School Improvement

Raising Attainment

Monitoring performance and using the resulting information to secure improvement is an important part of the work of head teachers, school staff and officers within Children's Services. Head Teachers regularly track pupils' progress at meetings with each teacher to ensure that progress is maintained and to identify effective strategies progress when necessary.

Standards and Quality Report

Every year each school publishes a Standards and Quality report which highlights the school's major achievements.

Standards and Quality Reports – Operational Guidance

Schools and centres must provide an annual Standards and Quality Report (SQR) as a record of the progress made with the annual improvement plan. The SQR should be based on the results of on-going self-evaluation which is rigorous, effective and based on consideration of impact. This self-evaluation should be informed by How good is our school? 4th edition (HGIOS?4) and/or How good is our early learning and childcare? (HGIOELC?) and How good is OUR school? It should give a clear indication of where the school is now in relation to its process of continuous improvement.

It should state clearly and briefly the progress towards the National Improvement Framework (NIF) priorities and drivers and Children's Services NIF Improvement Plan priorities. The report should be written using evaluative language.

The National Improvement Framework's 4 key priorities are:

- Improvement in attainment, particularly in literacy and numeracy;
- Closing the attainment gap between the most and least disadvantaged children;
- Improvement in children's and young people's health and wellbeing; and
- Improvement in employability skills and sustained, positive school leaver destinations for all young people

The 6 key drivers of improvement identified in the NIF are:

- School leadership
- Teacher professionalism
- Parental engagement
- Assessment of children's progress
- School improvement
- Performance information

School Improvement Plan

A copy of our School Improvement Plan can be found on our website – www.larbertvillage.falkirk.sch.uk

Transferring Educational Data about Pupils

The Scottish Government and its partners collect and use information about pupils in schools (e.g. the number and characteristics of pupils, their attendance, absence and exclusions, their attainment and their destination when leaving school) to help to improve education across Scotland.

Information on how this data is used and what the Scottish Government and its partners do to protect the information supplied to them can be found via the link below:

<https://www2.gov.scot/Topics/Statistics/ScotXed/PrivacyInformation>

For more information on why we transfer educational data to the Scottish Government and third parties, please see the Primary page on the Falkirk Council website : www.falkirk.gov.uk/privacy

Concerns

If you have any concerns about the ScotXed data collections you can email the Head of Schools Analysis, Mick Wilson, at mick.wilson@scotland.gsi.gov.uk or write to Education Analytical Services, Area 2D, Victoria Quay, Leith, EH6 6QQ.

Websites

You may find the following websites useful.

- <https://education.gov.scot/parentzone/> - parents can find out about everything from school term dates to exam results. This site also offers information for pre-5 and post school. It also lists relevant publications for parents and provides hyper-links to other useful organisations.
- <https://education.gov.scot/inspection-reports/> - parents can access school and local authority inspection reports and find out more about the work of Education Scotland.
- <https://education.gov.scot/> - parents can find out about individual schools. They can choose a school and select what type of information they need such as Education Scotland reports, exam results, stay on rates and free school meal entitlement.
- www.falkirk.gov.uk - contains information for parents and information on Falkirk schools.
- www.childline.org.uk/Explore/Bullying/Pages/Bullyinginfo.aspx contains

information for parents and children on varying forms of bullying and provides help for parents and children who are affected by bullying.

- <http://www.respectme.org.uk/> - Scotland's anti-bullying service. Contains information for parents and children on varying forms of bullying and provides help for parents and children who are affected by bullying
- <http://www.ltscotland.org.uk/> - provides information and advice for parents as well as support and resources for education in Scotland
- <https://www.equalityhumanrights.com/> - contains information for everyone on equality laws within the government and local authorities.
