A Foreword from the Director of Children's Services

Session 2017-18

This handbook contains a range of information about your child's school which will be of interest to you and your child. It offers an insight into the life and ethos of the school and also offers advice and assistance which you may find helpful in supporting and getting involved in your child's education.

Falkirk Council is keen to work with parents, not only to allow you a greater opportunity to contribute to your child's education, but also to encourage you to play a greater role in the life of the school as a whole. We offer a number of opportunities when you will be able to make your voice heard in relation to your own child's education, your local school, and Children's Services as a whole.

Throughout each school year there will be opportunities for you to discuss your child's progress with his/her teacher. There will also be Council-wide events for parents organised by Children's Services. These events are spread across the school year and each focuses on a particular theme. The events are open to all parents and they are also attended, wherever possible, by the Education Portfolio Holder as well as members of the Service's Management Team. Each session offers parents an opportunity to ask questions about aspects of their child's education. Dates for these events will be issued by your child's school and we hope you will be able to come along and hear about, and contribute to, our plans for Education in Falkirk.

Parental involvement in the decision making process and performance monitoring are now, more than ever, an integral part of school life and will continue to become even more transparent in future years. We look forward to developing that partnership with your support.

We are pleased to introduce this handbook for session 2017/18 and trust it will provide you with all the relevant information you may need concerning your child's school. If you have any queries regarding the contents of the handbook please contact the Head Teacher of your child's school in the first instance who will be happy to offer any clarification required.

Robert Naylor
Directors of Children's Services
Falkirk Council

Footnote: If you want a printed copy of this handbook, please ask the school.

It may be possible to offer some assistance in helping to translate all or part of this handbook to parents whose first language is not English. Enquiries should be directed in to the Acting Communications Officer for Children's Services (tel: 01324 506657).

Curriculum for Excellence - Learning to Achieve

Learning Entitlements

In addition to the entitlements of Curriculum for Excellence our education provision will reflect local needs and circumstances. Therefore, at different stages of their education, our learners will have opportunities to:

- Link aspects of their learning to the local environment and its heritage
- Participate on a residential experience where possible
- Participate in arts, sports and cultural events
- Participate in environmental projects
- Participate in a community project
- Participate in outdoor learning experiences
- Access appropriate technology
- Be consulted on and contribute to the decision making process in school
- Experience work based learning
- Develop collaborative, social, leadership and other life skills
- Access academic and vocational learning experiences
- Access learning experiences designed and / or delivered by relevant partners
- Reflect upon and be pro active in planning and making choices about their own learning
- Engage with learners in other countries and demonstrate knowledge of their culture.

How can you help?

By law, you must make sure your child receives education.

As a parent, you can help your child by:

- making sure your child goes to school regularly;
- encouraging and supporting your child with any homework given;
- showing that you are interested in how your child is getting on at school;
- encouraging your child to respect the school and the whole school community;
and
- being involved in the school.

Throughout this handbook the term 'parent' has the meaning attributed in the Standards in Scotland's Schools Act 2000 and the Scottish Schools (Parental Involvement) Act 2006. This includes grandparents, carer or anyone else who has parental responsibility for the child.

Welcome from the Head Teacher –

Welcome to the St Patrick's Primary School Handbook.

This handbook offers an introduction to our school and a general overview of the education your child will be getting at school.

If you have any questions, or would like any further information on any aspect of this handbook or the education of your child, please do not hesitate to contact me.

To make our handbook easy to use I've divided the information into five different sections :-

Section One – Practical Information about the School

This section provides you with some background information on our school and our nursery. It tells you how our school day and school year are made up and how to contact the school if, for example, your child is ill.

This section deals with the practical aspects of your child's attendance at our school. It provides details on such things as:

- travelling to and from school
- school meals and milk
- financial assistance with school clothing, transport and school meals
- school closures in an emergency or unexpectedly for any reason
- general supervision available for your child in the morning and at lunchtime
- wet weather details
- how the school communicates with parents
- how to complain if you are not happy about something.

As with any organisation, to ensure smooth running and appropriate maintenance of standards, a range of procedures and policies have to be implemented within our school.

This section gives an overview of the policies the school has in place. If you would like to see a full copy of these policies or to discuss them in more detail, please contact me. Most of these policies are available on the school website –

<http://www.st-patricks.falkirk.sch.uk/>

- Homework Policy
- Positive Behaviour Policy
- Clothing or uniform (PE Clothing)
- Health Statement / medicines

Section Two – Parental Involvement in the School

Parental involvement is very important as we know it helps children do better in school.

This section contains information about how parents can be involved in supporting learning at home as part of a home – school partnership.

You can also find out more about the ethos of the school, what our values are and our aspirations for our pupils including how we celebrate pupil success, and links we have with partner organisations and the wider local, national and international community.

Lastly, it includes information on our Parent Teacher Association/Parent Association and Parent Council, how to contact them and how parents can get involved in the life and work of the school.

Section Three – School Curriculum

This section describes how the curriculum is planned and delivered in the school including the range of subjects and subject areas your child will be learning. It also includes information on how pupils develop skills for learning, life and work, including literacy, numeracy and health and wellbeing in and out of the classroom.

As well as giving you information about the statutory curriculum requirements we have included details on sports and outdoor activities available to pupils and the range of facilities available within the school.

Details of how parents will be informed about sensitive aspects of learning e.g. relationships, sexual health, parenthood and drugs awareness are included as well as information about religious instruction and observance and arrangements for parents who wish to exercise their right to withdraw their child.

This handbook also tells you how we will report on your child's progress and what written reports may be sent out to parents.

Section Four – Support for Pupils

This section gives information about how pupils' additional support needs will be identified and addressed and the types of specialist services provided within our school. This handbook also explains who to contact for more information if you think your child has additional support needs.

This section also gives information about transition – from primary school to secondary school – what the arrangements are and contact details of the catchment high school to which our pupils normally transfer. There are also details about making a placing request to another school.

Section Five – School Improvement

The section gives you an overview of the main achievements of the school within the last 12 months and performance information relating to literacy, numeracy and health and wellbeing.

Whilst Falkirk Council is happy to provide this information we do have some reservations that the publication of raw statistics, without any kind of informed qualification, can be misleading to the reader. In particular, they should not be construed as offering an indication of the quality of education provided in any of our schools.

We have also shown where you can get further information about our plans for the next three years to improve our performance and how the school will involve parents in that improvement.

I hope you find all of the above information helpful and self-explanatory. If you have any queries about any of the information contained in this handbook, or indeed about any aspect of our school, please do not hesitate to contact me.

Anne O'Donnell
Head Teacher
St Patrick's RC Primary

Disclaimer

The information in this school handbook is considered to be correct at the time of publication (Dec 2017), however, it is possible that there may be some inaccuracy by the start of the school term in August 2018.

Staff Development Days

Friday 17 August 2018
 Monday 20 August 2018
 Monday 22 October 2018
 Tuesday 12 February 2019
 Thursday 02 May 2019

Registration and enrolment

The date for registration of new school entrants is advertised in all local nurseries, the local press and on the council's website www.falkirk.gov.uk. It is normally in January each year. Pupils should be registered in only one school for their catchment area. Parents will be provided with information about the school, when they register their child.

Pupils who are baptised Roman Catholic are automatically entitled to enrol at the denominational catchment school. All other pupils must make a placing request to attend a denominational school.

Parents who want to send their child to a school other than the catchment school must make a placing request. Please refer to section four of this handbook for more information on placing requests.

Parents of pupils who have moved into the catchment area or, who wish their child to transfer to the school, should contact the school office for information.

Attendance and absence

It is the responsibility of parents of a child of school age to make sure that their child is educated. Most do this by sending their child to school regularly. Attendance is recorded twice a day, morning and afternoon.

Absence from school is recorded as 'authorised' i.e. it has been approved by the education authority, or as 'unauthorised' i.e. the absence remaining unexplained by the parent (truancy).

Please let the school know by letter or phone if your child is likely to be absent. If there is no explanation from a child's parents / carers, the absence will be regarded as unauthorised.

Please make every effort to avoid family holidays during term time as this disrupts your child's education and reduces learning time. In certain extreme situations, the head teacher can approve absence from school for a family holiday for example, in traumatic domestic circumstances where the holiday would improve the cohesion and wellbeing of the family. Please discuss your plans with the head teacher before the holiday. If the head teacher does not give permission before the holiday, it will be recorded as unauthorised absence. The head teacher may also exercise discretion when a parent can prove that work commitments make a family holiday impossible during school holiday times. Normally, your employer will need to provide evidence of your work commitments. Absence approved by the head teacher on this basis is regarded as authorised absence.

Parents from minority ethnic and/or religious communities may request that their children be permitted to be absent from school to celebrate recognised religious and/or cultural events. Absence approved by the head teacher on this basis is regarded as authorised absence. Extended leave can also be granted on request for families returning to their country of origin for cultural or care reasons.

A supportive approach is taken to unexplained absence. However the education authority has legal powers to write to, interview or prosecute parents, or refer pupils to the Reporter to the Children's Panel.

School Dress Code

Parents are asked to co-operate with the school in encouraging their child to follow the school's dress code.

All schools have a dress code, which includes the school's policy on uniform. The wearing of uniform is encouraged as it helps to:

- develop a school community spirit
- improves school security by making non-pupils more easily identifiable
- allows pupils to be easily identified when out of the school, e.g. on trips
- enhances the school's reputation within the community; and
- minimises rivalry and bullying amongst pupils that can arise from, for example, the wearing of designer clothing.

The school's dress code has been agreed in consultation with parents, pupils, staff and the Parent Teacher Partnership. This consultation has ensured that the dress code meets the needs of the school community, allows pupils to participate in all aspects of school life and is age appropriate.

Logoxpres is our main uniform supplier and items can be ordered directly from them via their website or instore.

Logoxpres Ltd
4 Kings Court
Glentye Road
Broadleys Business Park
Stirling
FK7 7LH
(01786) 447454 sales@logoxpres.co.uk

PLEASE NOTE – MANY ITEMS CAN BE PURCHASED FROM HIGH STREET STORES INCLUDING JACKETS AND PLAIN GREEN JUMPERS/CARDIGANS – THESE ITEMS DO NOT REQUIRE TO HAVE SCHOOL LOGO ON THEM.

The appropriate clothing and footwear for PE is a white T-shirt, black shorts and gym shoes with non-marking soles. These are necessary for health and safety reasons and your co-operation is requested to ensure that pupils are equipped to participate in the PE lessons. Children also have outdoor PE and should bring a pair of jogging trousers and outdoor trainers for these lessons.

Please ensure that all items of clothing are clearly labelled, particularly ties, sweat shirts and PE equipment, which are often lost. A protective apron or an old shirt

should be worn for art and craft activities. Please help the school and the education authority by making sure that pupils do not bring valuable or expensive items of clothing to school.

In certain circumstances, appropriate clothing will be necessary for school activities for safety reasons, e.g. in games areas, science laboratories and technical workshops; this extends to the wearing of suitable footwear and even, on occasion, to the length of pupils' hair and the wearing of jewellery and earrings.

Offensive clothing such as T-shirts or other items featuring inappropriate language or illustrations is not permitted. Football colours are also inappropriate as they can lead to incidents of rivalry.

If you have any queries regarding the school's dress code, please contact the Headteacher.

Free Meals Provision

With the exception of certain local arrangements, eligibility for Free School Meals in Scotland is set nationally by the Scottish Government on an annual basis, and is means tested.

Eligibility for Free School Meals

As of January 2015, all Primary 1 - 3 pupils are entitled to a free school meal. In addition, we can provide free school meals to children who live in the Falkirk Council area, are attending a [Falkirk Council school](#) and whose parents or carers get one of the following:

- Income Support*
- Income Based Job Seekers Allowance*
- Employment and Support Allowance (Income Related)*
- Child Tax Credit, but not Working Tax Credit, where the award letter from Her Majesty's Revenue and Customs (HMRC) states that the annual income is not greater than £16,105
- Child Tax Credit and Working Tax Credit, where the award letter from Her Majesty's Revenue Customs (HMRC) states that the annual income is below £6,420
- Support under Part VI of the Immigration and Asylum Act 1999
- Universal Credit where the monthly earned income does not exceed £610

* Pupils are eligible to apply for free school meals in their own right if they are aged 16 to 18, and receive one of these benefits.

- Our school has a cafeteria system.
- Children bring money each day, ideally in a purse or wallet, and pay for their own lunch in the dining hall;
- Children with packed lunches are also accommodated in the dining hall
- We ask that, in the interests of safety, no glass bottles or cans should be brought into school
- As a Health Promoting School we discourage fizzy/high energy drinks with packed lunches and we ask for your support with this.

Medically Prescribed Diets

Parents/Carers with a child/ren on a medically prescribed diet should contact the Headteacher in order to obtain and complete a prescribed diet referral form. The Schools Meals Service will only accommodate a child/ren with a medical referral supplied by their G.P.

School Clothing Grant

Falkirk Council can also provide assistance with the cost of school clothing and footwear.

Clothing grants are available for children who live in the Falkirk Council area and who are in compulsory education at any of our [primary](#), [special](#) or [secondary](#) schools. Pupils attending some special schools outside the area may also be eligible for this grant.

School clothing grants are not available to children attending [nursery schools](#), nursery classes or other pre-5 centres.

The School Clothing Grant is means tested. To be eligible, parents or guardians must meet one of the following criteria:

- In receipt of Income Support, or
- In receipt of Income-based Job Seekers Allowance, or
- In receipt of Income-related Employment and Support Allowance, or
- In receipt of Child Tax Credit only with a gross annual income below £16,105, or
- In receipt of Child Tax Credit and Working Tax Credit with a gross annual income below £16,105

Payments are paid directly into the parent or guardian's bank account.

Travel to and from School

Parents should remind their child(ren) that, in the interests of safety, good behaviour is expected from all pupils travelling on school transport.

Children should be reminded by parents that, wherever possible, they should only cross the road where there is a crossing patrol and should exercise care on walking to and from school.

Parents are requested, when dropping off/collecting children from school, that they do not park near the pedestrian exit or in any location which causes an obstruction and they take care not to restrict the view of the school crossing patrol.

Transport for Primary and Secondary School Children (Excluding Placing Requests)

Free school transport is provided to and from your home address to your child's catchment school if they are distance entitled. Falkirk Council operate a more generous distance entitlement policy than required by law.

Distance entitled children are:

- ✓ All children under 8 years of age who live one mile or over from their catchment school by the nearest available safe walking route*.
- ✓ All children over 8 years of age who live two miles or over from their catchment school by the nearest available safe walking route*.

*Note – a "safe walking route" assumes that the pupil is accompanied by a responsible adult.

Concessions, details of times of operation, criteria and application forms are available from the Transport Planning Unit within Falkirk Council. Tel: 01324 504724 / 504966.

Pickup points

Where home to school transport is provided, some pupils will require to walk a reasonable distance from home to the transport pick-up point but this should not exceed the authority's agreed limit of 1 mile.

It is the parent's responsibility to make sure that their child arrives at the pickup point on time and behaves in a safe and acceptable manner while boarding, travelling in and leaving the vehicle. Children who misbehave can lose their right to home to school transport.

We have one bus which transports children from Banknock, Head of Muir, Dennyloanhead and Denny.

The bus travels from Banknock to Denny and back via Nethermain Road (Spine Road).

Parents are responsible for ensuring their child displays appropriate behaviour at all times on the school bus.

The bus drops children off and picks them up at the school gate.

General Supervision

Before school begins supervision is very limited, therefore pupils should not arrive at school until as near to the school start time as possible.

During intervals school helpers supervise the children. In addition the Senior Management Team and Janitor are on call to cope with any difficulties which may arise. There is always access to the building and the children are made aware of this.

School Security

Falkirk Council has introduced procedures to ensure the safety and security of pupils and staff when attending or working in a school. We use a number of security measures including a visitors' book, badges and escorts, while visitors are within the school building. Normally, anyone calling at a school for any reason, will be asked to report to the school office. The school staff then can make the necessary arrangements for the visit.

Wet Weather Arrangements

In wet weather pupils are allowed into school during breaks and at lunchtime. However, as supervision during these periods is limited, it is especially important that they exercise good behaviour. Children having school lunches may remain in school during wet weather but, again, supervision is limited.

Parents Meetings

All of our schools offer opportunities for parents to discuss their child's progress with teachers through arranged meetings. Although arrangements vary from school to school, all parents will be advised of at least once per session when these meetings take place. Over and above these set meetings, parents are welcome to contact the school at any time to ask for information or for an interview. Please see section two of this handbook for more details on home / school partnership.

Communication with Home

From time to time your child will bring home important and routine communications from the school. Parents are encouraged to check their child's schoolbag for these communications. We also communicate through text and Twitter. Please ensure that if you change your mobile telephone number that you inform the school. Enquiries of any kind should be addressed to the Head Teacher in the first instance.

Unexpected Closures

Most closures will be notified to you in writing, in advance, but there are occasions when the children may be dismissed early without warning, e.g. as a result of power cuts or severe weather. In the event of an early school closure please ensure that your child knows where to go if you are not usually at home during the day. To help us keep you informed it is important that you make sure we have the most up to date emergency contact information for your family. We will keep in touch using text messaging, via the Falkirk Council website or via information broadcast on Central FM.

Mobile devices

Parents provide their children with mobile devices for a variety of reasons, including supporting learning and for personal safety. It is the right of parents to allow their child to have a personal mobile device in school. However, if devices are brought to school there must be a clear understanding that the individual pupil is responsible for the care and usage of their device(s).

Education establishments develop their own mobile device policies in consultation with pupils, parents and staff. For more information on this topic, please contact your child's school.

ICT Acceptable Use Policy

Falkirk Council Children's Services recognises that access to Information and Communications Technology (ICT) equipment and services helps young people to learn and develop skills that will prepare them for work, life and citizenship in the 21st Century.

To support this, we provide resources for pupils and staff to use. The Children's Services ICT Acceptable Use Policy (AUP) outlines the guidelines and behaviours that pupils are expected to follow when using school equipment or when using personally-owned mobile devices in Falkirk Council establishments. The purpose of this is to protect young people online and to protect the Council's network and equipment. The ICT Acceptable Use Policy (AUP) will be issued by the school for both parent(s) and pupil(s) to sign.

Equality

The council is required to work towards advancing equality of opportunity for all people and to foster good relations between people. The council is committed to eliminating discrimination on the grounds of race, sex, disability, sexual orientation, religion/belief, age, marriage or civil partnership, transgender status, pregnancy/maternity or poverty.

Children's Services has a range of policies and procedures to address equalities issues specific to education to enable us to fulfil these duties. In addition to this all education establishments have a responsibility to report incidents of identity-based bullying.

English as an Additional Language

The Council provides a support service of teachers of English as an additional language. The teachers visit schools to work with those bilingual pupils who require assistance in developing English language skills.

Compliments, Enquiries and Complaints Procedure

Falkirk Council Children's Services would like you to be completely satisfied with your child's education. We encourage feedback on our services from parents, pupils

and members of the public. We are interested in feedback of all kinds, whether it be compliments, enquiries or complaints.

Sometimes, customers may feel that the services provided are not what they wished for and they may wish to complain. If you have a complaint about the service provided by the school, please let us know.

How do I complain?

Complaints can be made to schools in writing, by email, on the telephone, in person or by using the Falkirk Council online complaints form on the website.

Who do I complain to?

Parents must first consult the school regarding their complaint.

What happens with my complaint?

All complaints will now be logged confidentially on our Customer First online complaints handling system. They will be monitored exclusively by each school and Children's Services staff at Sealock House to ensure any response is within the timescales. This new monitoring system will enable us to learn from complaints to prevent similar issues arising in future. We will deal with your complaint confidentially and as quickly as possible. If we have made a mistake we will apologise and try to put things right.

How long will it take until I get a reply?

Our aim is to respond within 5 working days to front line complaints, although issues can sometimes be complex and the school may need time to investigate them.

What happens next?

If your complaint has not been satisfactorily resolved by the school, it may be eligible for consideration at the second, investigation stage by Children's Services headquarters at Sealock House. Complaints will not be considered by Children's Services unless they have been first reported to the school – unless there are exceptional circumstances. Our aim is to respond to second stage complaints within 20 working days.

Who else can help?

If you remain dissatisfied after the second, investigation stage, you can raise the matter with the Scottish Public Services Ombudsman

<https://www.spsso.org.uk/complain/form/start/>

You should also be aware that you have the right to raise concerns with your local Councillor, MSP or MP.

What else do I need to know?

Please note that schools can only respond to complaints about a service that they or Falkirk Council provides or a service we have contracted from a third party.

The Council's complaints handling procedure sets a time limit for making a complaint of six months from when the customer first knew of the problem

You can find out more about the Council's Complaint Procedure from the Falkirk Council website - <http://www.falkirk.gov.uk/contact-us/complaints/>

Other School Policies

We have a range of policies which can be accessed on our school website - <http://www.st-patricks.falkirk.sch.uk/>

School Health Service

NHS Forth Valley has a statutory obligation to provide a health service for all school age children in Falkirk District. The aim of the service is to make sure that all children, throughout their school years, are in the best possible health to benefit from their education

The Public Health Nursing Team for Schools offer health assessments and reviews, health screening and deliver school based immunisation programmes. The team comprises of Public Health Nurses (Specialist Practitioner), Registered Nurses and Healthcare Assistants who are based in a local Health Centre and work over a number of schools in the area.

Pupils, parents/carers can request a health appointment at any time. Other health professionals and teaching staff can also request a health appointment for the child or young person with parental and or young person's consent.

Health reviews will take place as necessary involving a parent questionnaire, a check of health records and if required screening of growth and vision.

- Health screening – All children in primary one and at other selected stages will be seen to have their growth and vision checked
- Immunisations – Secondary school pupils are offered immunisations. At the appropriate time information booklets and consent forms will be issued.
- Health Education – The Public Health Nursing Team has an important role in encouraging health lifestyles, working closely with teaching staff, pupils, parents/carers and the community.

The School Doctor (Community Paediatrician) may also offer appointments to children who have a significant ongoing medical or developmental condition affecting their education. School staff and parents can request a consultation with the School Doctor at any time.

The School Health Service can be contacted on – 01786 434059

The Public Dental Service carries out dental inspections in Primary 1 and Primary 7 and can help access dental services for those children who are not registered with a Dentist.

Infectious Diseases

Colds, flu and gastroenteritis are the most common infections affecting children of school age. It is important that you keep your child off school in the early stages of flu and while they still have diarrhoea.

It is also important that your child understands how to prevent picking up and spreading such infections. You will be able to get further advice about good health from staff in your Health Centre or GP Practice.

For advice about early detection and treatment for other infectious diseases eg chickenpox and mumps, please consult your GP or Nurse.

Head Lice

Head lice are spread through head to head contact at home, while playing or in school.

Regular wet combing of your child's hair using a head lice detection comb is the best way to catch this possible problem at an early stage.

The only way to be sure that your child has head lice is to find a live louse. If you find live lice, get the correct lotion from your doctor, health visitor or pharmacist. Shampoos and other treatments are not effective.

One treatment is two applications of the treatment lotion, seven days apart. If this is not followed then re-infection is likely.

Advise family members and close friends that your child has head lice and that they should check their own hair. Only treat if live lice are found. Don't be shy about advising others of this possible problem because you would likely tell family and friends about other infections which might affect them.

Regular wet combing of your child's hair with the head lice detector comb is the best protection as it allows you to detect the condition and treat it speedily.

Further advice can be obtained from the Health Board head lice leaflet which is available in all schools and health centres. Children's Services leaflet 'Frequently Asked Questions', which is also available in schools.

If you would like to discuss your particular concerns, you could speak to:

Infection Control Service
Forth Valley Royal Hospital
Stirling Road
Larbert
FK5 4WR
01324 567490 / 01324 567679

Clinics

From time to time some children are asked to attend clinics (eye clinics, dentist, doctor, etc). Please inform the school of these visits and arrange for your child to be collected if he/she must leave school to attend the clinic.

No child will be allowed away from school during school hours unless accompanied by a responsible adult or unless written permission to do so has been given by the parent.

Medicine administration

The administration of medicines prescribed by a family doctor is undertaken at the discretion of the Headteacher but schools are generally happy to co-operate with parents in doing so. In order to safeguard the health and safety of children, procedures are drawn up by Falkirk Council Children's Services.

When a child is prescribed medication by a doctor or a dentist and parents require the school to administer this, the relevant request Form should be completed. The MED 1 Form requires parents to deliver the medication to schools for administration by school staff. MED 4 Form permits pupils to carry and administer medication themselves eg inhalers. Prescribed medication should be clearly marked with your child's name, the date prescribed, how often it has to be taken and for how long. Falkirk Council liability insurance does not provide indemnity to employees for administering non- prescribed medicines.

For medical appointments during school hours, please notify the school by letter and collect your child from the school.

Insurance Cover for School Children

Public Liability

Personal Injury

Falkirk Council has in force a Public Liability Insurance Policy, which operates in respect of claims for injury to any school child whilst in the custody / control of the local authority or its employees. There requires to be proof supplied by the claimants parent / guardian that Falkirk Council have been negligent in law.

Pupil's Property

It is an unfortunate fact that each session pupils property may be lost, damaged or stolen. Please note that all items brought onto school premises / on excursions are at your own risk. You should investigate if your own Household policy extends to cover personal belongings whilst outside the home and you are discouraged from allowing pupils to carry expensive personal belongings to school.

Personal Accident – Educational Excursions

The Council has in force a Personal Accident Insurance Policy for school children whilst on an organised trip (both UK and Overseas), under which compensation is payable as follows:

- | | |
|-----------------------------------|----------------------------------|
| 1. Death | £10,000 Under 18 years of age |
| 2. Death | £30,000 18 Years of age and over |
| 3. Permanent / Partial Disability | Up to £30,000 |

Section Two – Parental Involvement in the School

Parents Welcome

All Falkirk Council schools welcome parental involvement as research has shown that when parents are involved children do better in school.

Further information can be found on the Falkirk Council website – <http://www.falkirk.gov.uk/services/schools-education/school-life/parent-councils/>

Parental Involvement

St Patrick's has an open door policy for parents and visitors. We try wherever possible to speak with parents if they call in during the school day. If we are unable to do this immediately, we try our best to contact you within 24 hours.

Throughout the academic session parents have a variety of opportunities to participate in their child's education.

September – Meet the Teacher Evening- an opportunity to meet the class teacher and find out about the year ahead for your child – what and how he/she will be learning.

November – Parents' Evening – where you have an individual appointment with the class teacher to discuss your child's progress.

December – Parent Council's Annual Report to parents

January-March – Classroom visits. You are invited to join your child in the classroom and participate in as aspect of the curriculum.

A second parents' Evening is held during this term.

May – Induction Day for new P1 pupils and their parents

June – Reports to parents.

Parent Surgery – opportunity to set up a further appointment to discuss progress.

COMMUNICATION

A termly calendar is issued to parents outlining the dates for important events/activities.

Newsletters are published at least twice per term, giving you a flavour of what's happening in school.

We use e.mail, text messaging and letters throughout the term to convey a variety of information to parents and carers.

School Website, Twitter and GLOW are also in use for communicating with parents. Please note all tweets can be accessed via school website if you do not have Twitter.

We encourage parents to become involved in the life of the school through Membership of our Parent Groups;
Invitations into classrooms to share learning;
Supporting your child with their home learning tasks;
Participating in the various family events organised by the school and/or Parent Groups.

We gather the views of parents throughout the session in order to ensure good communication and continuous improvement.

This can take the form of questionnaires, feedback slips on newsletters; focus groups, comments in homework jotters, evaluations following events.

"You said, we did" approach to responding to parent views. E.g. the addition of a second Parents' Evening and a flexible approach to PTA meetings.

We run curricular events each session in order that parents are kept up to date with the initiatives and methods which are being used in the classroom. These events are always very successful and parents value these opportunities to be informed about the curriculum and how they can support their children at home.

Parent Councils

Parent Councils are the formal representative body for parents / carers with children attending school. Parent Councils are different in each school to enable them to meet the needs of parents / carers locally.

Parents are welcomed and encouraged to:

- Be involved with their child's education and learning;
- be active participants in the life of the school; and
- express their views on school education generally and work in partnership with their children's schools.

All parents / carers are automatically members of the Parent Forum at their child's school. As a member of the Parent Forum all parents can expect to –

- receive information about the school and its activities;
- hear about what partnership with parents means in our school;
- be invited to be involved in ways and times that suit you;
- identify issues you want the parent council, to work on with the school;
- be asked your opinion by the parent council on issues relating to the school and the education it provides;
- work in partnership with staff; and
- enjoy taking part in the life of the school in whatever way possible.

The Parent Forum decides how their representatives on the Parent Council are chosen and how the Parent Council operates. Parents / carers are encouraged to volunteer or put themselves forward to be chosen as representatives of the Parent Council if they wish.

The main aims of the Parent Council are:

- To support the school in its work with pupils
- To represent the views of parents
- To promote contact between the school, parents, pupils, providers of nursery education and the community
- To report to the Parent Forum
- To be involved in the appointment of senior promoted staff.
- To raise funds for the school for the benefit of pupils (PTA sub group fulfils this role in St Patrick's)

We have amalgamated our Parent Council and PTA – it is now known as the Parent Teacher Partnership. Within this we have various sub-groups made up of other parents who wish to be active within the school without necessarily attending Parent Teacher Partnership meetings. Currently these groups are:

Within this Parent Teacher Partnership, there will be four focus groups:

- **Literacy Focus Group
- **Fundraising Focus Group
- **Communications Focus Group
- **Community Focus Group

LITERACY FOCUS GROUP

This group is led by Deborah O'Reilly and Mrs. O'Donnell and will focus on working in partnership with the school to raise the literacy levels of all children.

This group will be responsible for running our lending library, reading to children, organising visits to the local library and organising book celebration events.

If you would like to be involved in this group or want to find out more, then please return the slip below and she will get in touch.

FUNDRAISING FOCUS GROUP

This group is led by Clare Malcolm and Mary Helen Caldwell and will focus on everything to do with raising money, planning and organising fun events for our children and working in collaboration with the school to develop our school playground. This group will also be responsible for the school lottery.

COMMUNICATIONS FOCUS GROUP

This group is led by Eileen Fitzpatrick and Mrs. Black and will focus on communication. Communication channels are forever changing and we need to ensure we are reaching all of our parents/carers, therefore we need as much support and ideas from you as possible.

COMMUNITY FOCUS GROUP

This group is led by Clare Malcolm and Mrs. Downie and will focus on all aspects of improving St Patrick's collaboration within our own community, with partner primary

schools and the wider Community of Denny and Banknock. We are in the early stages of this and would welcome your involvement.

The lead person for each group reports to the Parent Teacher Partnership at the termly meetings.

For more information on parental involvement or to find out about parents as partners in their children's learning, please contact the school or visit the Parentzone website at <https://www.education.gov.scot/parentzone/>

Current members:

Clare Malcolm & Eileen Fitzpatrick – Joint Chairs
Margaret Clark – Treasurer
Mary Helen Caldwell - Clerk
Ann Dromgoole – Co-opted Member
Karen Downie – Teacher Rep
Emily Kennedy
Rita Barrett
Louisa Haire
Laura Goodwin
Donna Rennie

The Scottish Parent Teacher Council is the national organisation for PTAs and PAs in Scotland, Parent Councils are members too, and it runs an independent helpline service for all parents. They can be contacted by phone on 0131 474 6199, via website <https://www.sptc.info/> , email on sptc@sptc.info or write to SPTC, Mansfield Traquair Centre, 15 Mansfield Place, Edinburgh, EH3 6BB.

Pupil Council

St Patrick's has a Pupil Council which consists of a representative from each class from P3-7. They meet termly and give the views of their class on a variety of issues e.g. Home Learning, Uniform, Charities, School events – Health Days, Dress Down Days .

We also have a Pupil Voice Group which meets with the teaching staff throughout the session and discusses curricular matters.

Pope Francis Group – senior pupils who are working in school, at home and in the wider community to put their faith into action.

School Ethos

St Patrick's is served by two parishes, St Alexander's Denny and St Luke's Banknock. We work very closely with both parish communities in order to support the children in the development of their faith and their growing relationship with Christ.

Our school has a range of partnerships within the local and wider community. We enjoy strong links with the Credit Union who come into school every Friday and encourage the pupils to develop a good savings habit. Savings accounts can be opened by any pupil, P1-7.

Denny Burns' Club & Dr Deuchars visit the school annually to judge our Junior Area Poetry Competition and to share in our Burns' supper.

We regularly work with Communities Along the Carron (CATCA) and the children have taken part in Fish in the Classroom project for a number of years.

St Vincent de Paul Society run a Breakfast Club every Tuesday morning. They also work together with our Pope Francis group to distribute food items to the local community through the Food Bank Initiative.

Denny Co-operative support the school in a variety of ways to raise money for various charities throughout the school year e.g. MacMillan Cancer; STV Big Breakfast.

Development of Pupils' Spiritual, Moral, Cultural and Social Values

The school is committed to supporting the development of its pupils as whole people and as a result, wishes to encourage their development in spiritual, moral, social and cultural terms.

These key human aspects of learning are supported through:-

- Creating a school ethos which, in every way possible, gives value to these aspects of development, especially by providing an overall atmosphere that is both caring and challenging and which provides opportunities for the development of personal responsibility.
- Promoting personal and social learning through the way in which relationship issues are handled.
- Ensuring adults in the school are positive models for pupils.

- Bringing pupils and staff together as a community to reinforce the values of the school.
- Enriching the curriculum to emphasise spiritual, moral, social and cultural development and development.
- Providing a programme of religious and moral education to consider the meaning, value and purpose of human life.
- Promoting equality and celebrating diversity of heritage and culture of pupils.

Pupil Conduct

A partnership between the school and parents is necessary in order to ensure the best possible standards of pupil conduct.

Pupils are expected to set themselves high standards in appearance and behaviour. School rules are devised to encourage the maximum amount of self-discipline. The rules make clear what is expected of pupils, and how they are required to behave. The general aim is to produce an atmosphere of friendly co-operation, encouraging respect and consideration for other persons and for property. A behavioural agreement is included in the School Enrolment Form that parents complete when enrolling their child(ren).

We have high expectations of pupil behaviour and each class follows a charter which is created by pupils and staff. This Charter sets out the types of behaviour which are expected in order to ensure a respectful, safe environment where quality learning and teaching can take place, linked to the Gospel Values.

We focus on a particular Value each term and we hold a Values Lunch to recognise and celebrate the children who make an effort to demonstrate the Value each day.

We also have a Playground Charter setting out behaviour expectations we all have within the playground environment. All children and adults are encouraged to adhere to this approach and we are grateful for the parental support we receive.

Restorative Approach To Bullying Behaviour

Whilst many believe that children who display bullying behaviour should be punished, it is widely accepted that this type of response can at times be ineffective, and make the situation worse.

The adoption of restorative approaches is a more effective response than traditional punishments. Pupils are given the opportunity to accept responsibility for their actions, recognise the harm done and are supported to find restorative responses to the harm they have caused.

There are times when sanctions are appropriate; exclusion is seen as a last resort and carried out when incidents fall within the legislation criteria.

Falkirk Council has a responsibility to provide an education for all pupils and to challenge and address bullying behaviour. Whilst appropriate action will be taken by the school, it is also important that all parents involved, work with the school to resolve any issues in the best interests of their child or young person.

ONE BIG FAMILY, ONE GREAT SCHOOL

Our Vision

St Patrick's Primary School and Nursery Class is a community of faith and a family of learners. We set high expectations of behaviour and effort, and we work closely with parents, parish and partners to guide and support our children in their educational and spiritual journey - fostering a love of learning and preparing them for the future. We respect the rights of all members of our community and promote children's rights from the United Nations Convention on the Rights of the Child (UNCRC) throughout the school.

We continually strive to:

- *Provide a safe, welcoming, inclusive and caring environment where everyone feels they make a contribution and are valued and respected as individuals (UNCRC Article 24)*
- *Show respect to everyone within our school and the wider community - treating others the way we would like to be treated(UNCRC Article 1)*
- *Work in partnership with home, school and parish to promote the Gospel Values of Love, Tolerance, Kindness, Truth, Gentleness and Forgiveness (UNCRC Article 14)*
- *Provide a stimulating and relevant curriculum which offers the appropriate level of support and challenge and will enable all our children to become confident, responsible citizens who can make an effective contribution to society (UNCRC Article 23,28)*
- *Motivate our pupils to be the best they can be - socially, academically, spiritually and emotionally, developing their individual gifts and abilities (UNCRC Article 29)*
- *Recognise and celebrate all achievements (UNCRC Article 29)*

Article 24 - Right to health

Article 1 - All children have the same rights

Article 14 - Right to practise our religion

Article 23 - Children with disabilities should receive special care and support

Article 29 - Goals of Education

This Vision statement and set of Values was finalised following consultation with

parents, pupils and staff.

We strive to promote a caring and respectful ethos, recognising each person as an individual and encourage all members of the school community to treat others as they would like to be treated. We focus on the Gospel Values which are central to our Catholic faith and determine how we should try to live.

We encourage our pupils and staff to work hard in order to be the best they can be and we work together to provide a stimulating and appropriately challenging curriculum.

We are regularly complimented on our ethos:

"Great atmosphere and enthusiastic staff and pupils." (S Mozier-Grounds for Learning)

"Lovely school! Thank you for your hospitality." (Theatre and Learning)

"Great school! Lovely teachers and children. Come back any time. Thanks! (L Williams SSPCA)

"Lovely visit today with P1-3. Thank you for making us feel so welcome." (NHS Staff)

We are a health promoting school and we encourage and promote a healthy lifestyle through our health and well being curriculum which is ongoing throughout the year.

We adopt a Nurturing Approach and run a Nurture Group in school for pupils who may require some extra support to-

Settle into their new school/class;

Build self esteem and confidence;

Develop their social interaction skills in order to promote positive relationships etc

Section Three – School Curriculum

Curriculum for Excellence

Bringing **learning to life** and **life to learning**

Curriculum for Excellence has now been introduced across Scotland for all 3-18 year olds – wherever they learn. It aims to **raise standards**, prepare our children for a future they do not yet know and equip them for jobs of tomorrow in a fast changing world. Curriculum for excellence will be fully implemented by 2016.

Glow, Scotland's unique, world leading, online network supports learners and teachers and plans are already in place for parents across the country to have access to Glow. Parents should ask the school how to arrange access to Glow and a user name and password will be issued.

Teachers and practitioners will share information to plan a child's 'learning journey' from 3-18, helping their progression from nursery to primary, primary to secondary and beyond, ensuring each transition is smooth. They'll ensure children continue to work at a pace they can cope with and with challenge they can thrive on.

Curriculum for Excellence balances the importance of **knowledge** and **skills**. Every child is entitled to a **broad and deep** general education, whatever their level and ability. Every single teacher and practitioner will be responsible for the development of **literacy and numeracy and health and wellbeing** from Early Level through to Senior Phase.

It develops **skills** for learning, life and work, bringing real life into the classroom, making learning relevant and helping young people apply lessons to their life beyond the classroom. It links **knowledge** in one subject area to another helping make connections in their learning. It develops skills which can enable children to think for themselves, make sound judgements, challenge, enquire and find solutions.

There will be new ways of **assessing progress** and ensuring children achieve their potential. New qualifications at National 4 and 5 will be available from 2013/14. Our well regarded New Highers 2014-15 and New Highers 2015-16, Highers and Advanced Highers will be updated to take account of and support the new approaches to learning and teaching.

There is an entitlement to personal **support** to help young people fulfil their potential and make the most of their opportunities with **additional support** wherever that's needed. There will be a new emphasis by all staff on looking after our children's **health and wellbeing** – to ensure that the school is a place where children feel safe and secure.

Ultimately, Curriculum for Excellence aims to improve our children's life chances, to nurture **successful** learners, **confident** individuals, **effective** contributors, and **responsible** citizens, building on Scotland's reputation for great education.

Our curriculum offers our pupils opportunities to develop a variety of skills for learning and life. We have a strong focus on core numeracy and literacy skills, but these are also developed across the curriculum through e.g. Interdisciplinary learning, RME and problem solving.

We deliver a variety of interdisciplinary learning opportunities which enable the children to make connections and apply learning across different subject areas. Our ICT programme ensures a progression of skills across P1-7 and children are able to use computers, smartboards, digital and video cameras to support their learning.

We host an annual World of Work event which will enable pupils to learn more about a variety of career opportunities and which we hope will give them appropriate aspirations for their future as effective and responsible members of society.

We have revised **Learning to Achieve** – our flagship policy. **Learning to Achieve** describes in detail how Curriculum for Excellence will be delivered in our educational establishments. We will use **Learning to Achieve** to monitor, develop and improve outcomes for children and young people.

Our school curriculum consists of the eight curricular areas as outlined in Curriculum for Excellence:-

Literacy, Numeracy, Health & Well-being, RME, Social Subjects, Technologies, Science and Expressive Arts.

We have a specialist teacher for Music, and PE.

Children are taught French in P1- 7, Spanish is being introduced into P6 &7.

P3 children receive the Sacrament of Reconciliation.

P4 receive the Sacrament of Holy Communion.

The Junior Area leads our Scottish Week activities and celebrations in January as they host a Burns' Supper and we have a Scottish Poetry Competition sponsored and judged by The Denny Burns' Club.

The P4 children lead our annual Nativity Play and are supported by P1-3.

Our P5-7 pupils take part in an Easter Musical.

Pupils from P5-7 have the opportunity to participate in the Michels Music Festival which is organised by the Parent Council and involves our partner primaries for St Modan's.

P7 pupils have the opportunity to participate in a residential experience to Lockerbie Manor. This takes place in June.

We begin each session with a strong focus on Health & Well-being and we cover Bullying and Relationships & Moral Education in this first term.

We actively promote Outdoor Learning.

Please contact the headteacher if you would like any further information about the curriculum within our school.

Active Learning

Curriculum for Excellence emphasises the value of an active learning approach. Active learning is engagement of the brain whilst participating in learning opportunities. In the early years, children will have a range of learning experiences that include planned and purposeful play and stimulating learning which engages and challenges children's thinking using real life and imaginary situations. As children progress through school they continue to be involved in active learning experiences which give them ownership of their own learning, encourage co-operative working and utilise skills required for learning, life and work.

Planning Children's and Young People's Learning

Teachers in nursery, primary and secondary schools share the purpose of learning with pupils during daily learning activities.

Teachers also plan over a longer term so that pupils experience a broad, balanced curriculum.

Pupils are aware of personal learning targets and these are renewed and assessed on a regular basis throughout blocks of learning.

It is common for pupils to have their learning documented in a personal learning log. This will include learning from across the whole curriculum and learning from beyond the classroom.

We encourage pupil involvement in the planning and choice of learning – particularly with interdisciplinary learning. We consult pupils at the initial stages and work together to decide what they wish to learn about the topic and the ways in which they would like to learn. This process begins at Nursery where the children work on Floor Books and Planning Walls – parents can contribute to this process through contributing to the E.Journal.

Homework

The school has a clearly defined policy on Home Learning, a copy of which can be obtained from the Head Teacher or from the school website – <http://www.st-patricks.falkirk.sch.uk/> Pupils are given this to support their learning and to encourage them to become more organised and self-supporting in their learning.

Homework is designed to encourage pupils to practise new learning and reinforce taught skills.

Homework tasks will encourage a broad range of skills: written, oral and practical.

Parents are encouraged to share in the completion of homework tasks, this will support a sound understanding of pupils learning in school.

Care of Books / Materials

To enable us to provide the best possible education for your child, every care should be taken to look after the school's resources and facilities. Parents are asked to remind their child(ren) that all school equipment and fittings should be used with care.

Books and learning resources which are lost or destroyed must be paid for, either wholly or in part, depending on the age of the resource. Any loss of school or Council property should be reported immediately to the school.

Sensitive Aspects of Learning

Relationships and Moral Education will be delivered using a programme called "God's Loving Plan." This resource has been endorsed by the Catholic Church and is a progressive programme from P1-7. Parents will be informed both about the timing and the content of the programme for their child's year group before it is taught.

Religious Instruction and Observance

Religious Instruction

Schools have a statutory duty to provide Religious Instruction in the timetable. This aims to promote a knowledge of the Christian and other faiths, and encourage children and young people to develop enquiring minds through investigating spiritual, moral and philosophical issues.

Religious Instruction may include visits to local places of worship, and/or visits from representatives of places of worship. This helps children and young people to develop knowledge and understanding of faiths, especially those with which they are less familiar.

Ultimately, pupils in the upper secondary school can gain a qualification through the study of Religious, Moral and Philosophical Studies at Higher and Advanced Higher Levels. These courses further develop young people's skills in logical thinking, methodical enquiry and ways of expressing ideas effectively.

Religious Observance/Time for Reflection

Religious Observance, which may take the form of a Time for Reflection, is held at least six times a year, in addition to traditional celebrations central to the life of the school community. Religious Observance will often (but not necessarily) take the form of an assembly.

Withdrawal from Religious Instruction and Religious Observance/Time for Reflection

Parents who wish to exercise their right to withdraw their child from religious instruction and/or observance are encouraged to discuss initially their intention with the Headteacher to enable them to make a fully informed decision. Parents who wish

to proceed thereafter to withdraw their child(ren) should notify the Headteacher in writing. This is so that alternative educational activities can be planned for their child(ren) during times of religious Instruction and/or Observance.

Extra Curricular Activities

Every school is encouraged to offer as wide a range of sporting and cultural activities as possible. In this context, the Authority provides a degree of financial and administrative support for leagues, competitions, festivals and similar events but it is recognised that, again, the help of parents and the community is irreplaceable. Quite separately, the Council and / or Falkirk Community Trust and other partner organisations also undertake to organise and administer certain events and many schools take part in these.

There is a range of extra curricular activities available for pupils during lunchtime and after school. Parents will be informed about these by the school. In addition to in-school activities, classes also make regular educational visits and field studies. Wherever possible, these visits are linked to pupils' class work.

All activities are supervised by members of staff, and many schools have a study support co-ordinator whose job it is to plan and oversee the extra curricular programme of activities. Where participation involves children travelling or staying late after school, written permission for children taking part is required from parents.

Facilities for Physical Education and Outdoor Activities

The gym hall has a variety of apparatus for physical education within the school. As part of the school's physical education programme, pupils may also use the facilities of the local sports complex, swimming pool or athletics stadium.

The children have at least two PE lessons per week, some of which take place outdoors or in the local sports centre. Each child has a kit bag for PE which is brought to school on a Monday and remains in school all week. This should contain shorts and tee shirt, a pair of black or grey jogging trousers and trainers suitable for outdoors. Outdoor lessons will take place every week unless the weather is particularly bad therefore children should come to school wearing the appropriate jacket as they may require this for PE or Outdoor Learning activities. We are fortunate to be situated on the banks of the River Carron and this area is used by the school for a variety of learning experiences.

Active Schools

Active Schools are now part of Falkirk Community Trust. Active Schools aims to provide more and higher quality opportunities to take part in sport and physical activity before school, during lunchtime and after school, and to develop effective pathways between schools and sports clubs in the local community.

Active School co-ordinators work with primary, secondary and additional support needs schools to increase the number and diversity of children and young people participating in Active Schools activities. In Falkirk there are 8 cluster schools that co-ordinators work with to provide clubs, events and coach education training, For further information please contact 01324 590952.

www.falkirkcommunitytrust.org/sport/active-schools

Assessment and Reporting

Assessment helps pupils to:

- know their strengths
- Identify next steps in learning

- **Assessment helps teachers to:**

- plan next steps for individual pupils, pupil groups and the whole class

- **Assessment helps parents to:**

- know how well their child is progressing
- know what they can do to help with the child's learning

Assessment takes place informally all the time, and more formally at key points in the year.

Day-to-day assessment

Ongoing informal assessments take place each day through teachers noting each learner's progress and any areas of concern. These are used to help the teacher and child/young person to agree ways forward in learning.

Longer-term assessment

At certain points in the year, agreed by the head teacher and staff, the school takes stock of children's and young people's progress over time. The teacher (or teachers) review(s) marked work (possibly including tests). From this and other available evidence, including Scottish National Survey of Achievement tests (see below) an overview of progress is gained. Next steps in learning are also identified.

Finding out about your child's progress

Parents and carers can find out about their child's learning through:

- attending parents' information evenings
- discussing progress with teachers and school managers by appointment
- attending open evenings and/or afternoons including 'meet-the-teacher' events
- reading their child's learning logs or diaries (which also usually invite parents to comment)
- social media updates from the teacher and/or school
- pupil summary reports

Pupil Summary Reports are sent home to parents enabling them to return comments to the school.

More information about what data is collected about your child is given in section five of this handbook.

Curriculum for Excellence Levels

Teachers are increasingly making use of Curriculum for Excellence Levels to sum up learners' progress.

These Levels are as follows:

Level	Stage
Early	the pre-school years and P1 or later for some
First	to the end of P4, but earlier or later for some
Second	To the end of P7, but earlier or later for some
Third and Fourth	S1 to S3, but earlier for some The fourth level broadly equates to SCQF level 4
Senior phase	S4 - S6 and college or other means of study

Scottish National Standardised Assessments

As well as day-to-day assessments, from session 2017-18 onwards, schools test pupils in Primary 1, 4 and 7, and in Secondary 2 using Scottish National Standardised Assessments (SNSA).

SNSA tests are carried out online by all pupils in the child's year stage, the first round of testing taking place in Summer Term, 2018. Test results will be used by the school as part of their evidence-gathering about the child's progress.

As well as giving Curriculum for Excellence Levels for Reading, Writing, Listening and Talking, and Numeracy, the tests will help the child and the teacher to identify specific strengths and areas for development.

Schools will provide parents with the results of these tests for their own child(ren) on request (i.e. results for other children will not be shared).

Schools will report annually their overall attainment by Curriculum for Excellence Level as part of their Standards and Quality Reports.

St Patrick's reports to parents in line with Falkirk Council Guidelines on Assessment and Reporting.

In September we host a Meet the Teacher event where you can find out about the various aspects of learning which will be covered throughout the year. Each year we also highlight a specific topic to share with parents in order that you are better informed about the new initiatives which will be part of your child's learning journey.

Formal Parents' Evenings are held in November and February/March of each year where you will have an individual meeting with your child's class teacher in order to discuss progress.

Children bring home Snapshot Jotters and Learning Profiles twice a year in order that parents can have an opportunity to see the types of activities and topics the children do within a typical week in school.

A written report is issued at the end of the academic session in June.

In February/March parents are invited into classrooms to share an aspect of learning which has taken place eg the interdisciplinary learning theme; a health and wellbeing topic or the Burns' Assembly. These events enable parents to gain an insight into the learning experiences of their children.

Parents are very welcome to arrange an appointment outwith these events if they wish to discuss their child's progress. Please contact the school to arrange a suitable date and time to meet with your child's class teacher.

Section Four – Support for Pupils

Getting It Right For Every Child (GIRFEC)

Taking care of our children's well-being and making sure they are alright - even before they are born - helps us ensure the most positive outcomes for them later in life. It gives them the potential to grow up ready to succeed and play their part in society.

Getting it Right for Every Children (GIRFEC) is the Scottish Government's approach to improve children's services. The wellbeing of all children and young people is at the heart of GIRFEC. Services must work together with children, young people and their families to provide quick and effective support when it is needed

Wellbeing

The Getting it Right approach looks at eight areas of 'well-being'. These are recognised as areas in which children and young people need to progress in order to do well now and in the future. They allow those responsible for the care and support of children - including members of their own families - to look at a situation in a structured way that will help them identify any needs and concerns and plan with the child and family any action they need to take. The eight well-being indicators are:

- Safe
- Healthy
- Achieving
- Nurtured
- Active
- Responsible
- Respected
- Included

The approach gives them a common language and a way to gather information about a child's world, making sure the child is growing and developing, and has everything they need from the people who look after them both at home and in the wider community. It also encourages practitioners to think about who else might need to be involved (for example a teacher might need to contact other professionals to make sure that an education plan with the child and family is meeting all the child's needs).

Role of Named Person

All children and young people are entitled to access help or support from the Named Person no matter where they live or how old they are (up to eighteen years). It ensures they have the confidence to know that information, advice or support is there if and when they need it. The Named Person is therefore the identified point of contact.

The role is generally carried out by a Health Visitor for pre-school children or a promoted teacher for children and young people enrolled at school. It is an integral part of existing roles and responsibilities, working within universal services.

The Named Person is also available to other practitioners who may have concerns about the wellbeing of a child or young person which cannot be addressed within their own services. Consent to share information, whether being shared with or by the Named Person, will always be obtained and meaningful discussion will take place with families to ensure the right support is offered. The exception to this would be if child protection concern is identified and there is a risk to the child or young person.

When the Named Person is not available, another member of staff in school will be able to help. During school holidays an officer from Children's Services Headquarters will provide the required advice and support.

Family Support Service

Across Falkirk there are a number of services who can support children. Young people and their families from early intervention to more intensive support.

The main aim of these services is to increase the wellbeing of young people and their families.

Children, young people and their parents may require additional support at different times in their life e.g. following a bereavement, illness, transition, when experiencing anxiety, behaviour issues, during or after changes in family circumstances.

Support is tailored to meet the individual needs of children & families, when they need it and as locally as possible.

Individual or group work can be delivered in school, home or in the community.

A request for support can be made through a member of school staff (named person) who will be able to talk with you, gather information & your family's views.

This helps identify the most appropriate service.

Family Support services work in partnership with families, schools and other agencies to support young people's wellbeing.

Protecting Children and Young People

All children have a right to be protected from harm, abuse and neglect. The vision of the Forth Valley Child Protection Committee is that "It's everyone's job to make sure that children in the Forth Valley are safe."

Children's Services have an important role in identifying children who have been abused or are at risk of being abused.

Falkirk Council has clear procedures for all staff to follow. Headteachers or designated member of staff are instructed to notify Children's Services when a member of staff has a suspicion that a child might have been abused or be at risk of abuse.

Children's Services will make a decision on whether or not an investigation is necessary and will advise accordingly. In every situation, the welfare of the child overrides other considerations.

Additional Support Needs

As with all local authority schools in Scotland, this school operates under the terms of the Additional Support for Learning Act (2009) and its accompanying Code of Practice. Further details of the policies and procedures can be found on the Falkirk Council website: <http://www.falkirk.gov.uk/services/schools-education/additional-support-needs/> These procedures have been strengthened through the Children and Young People Act (2014).

Working with other agencies and professionals – for example, Social Work Services, Educational Psychology Service, National Health Service and parents – decisions are made jointly with parents, children and young people with regards to the best possible education to meet the needs of the child within the resources available.

Support for Pupils

Pupils' additional support needs will be identified and addressed through the Getting It Right For Every Child processes. This involves close co-operation between the parent or carer, the child and the staff in school – they are the core part of the Team Around the Child. Others involved in your child's education and well-being will also be part of the Team, and will help to complete a rounded picture of assessment where appropriate. The Team will also draw up and review plans to meet the needs identified. Their activities are co-ordinated by the Named Person, who is responsible for ensuring plans are implemented and has an overall picture of the pupil's progress. You will be told who the Named Person is for your child when they start school. If you believe your child may have unrecognised additional support needs, your first point of contact should be the child's EYO class teacher or guidance teacher.

The school makes provision for pupils with additional support needs throughout their education:

- each teacher differentiates the Curriculum for Excellence within their class to provide educational targets and objectives suited to their age and stage of development
- the school has a Support for Learning Teacher to co-ordinate and organise support for children
- the school can allocate a Support for Learning Assistant on a basis of need exceptional cases

Disputes and Resolution in Additional Support Needs

Schools and Early Years facilities do their best to support pupils, and are responsive to the needs of parents, carers and pupils. Nevertheless, problems may arise, and it is important to deal with these as soon as possible.

In the first instance it is usually wise to contact the school or nursery directly, and if the matter cannot be satisfactorily resolved, they may call on the services of some of centrally-based staff – the Additional Support for Learning Adviser, the Educational Psychologist or the school's attached Team Manager. Children's Services also commission independent mediation through Children in Scotland. Their services, called Resolve, may be arranged by the Additional Support for Learning Adviser, or accessed directly by parents on 0131-222-2456.

Parents, carers and children with additional support needs can also seek independent advice and support through:

- Enquire – the Scottish advice and information Service for additional support for learning: www.enquire.org.uk, 0345 123 2303
- Scottish Independent Advocacy Alliance; www.siaa.org.uk, 0131-260-5380
- Take Note: National Advocacy Service for Additional Support Needs (Barnados in association with the Scottish Child Law Centre) www.sclc.org.uk, 0131-667-6633.
- Let's Talk ASN, c/o Govan Law Centre, letstalkasn@edlaw-arg.org.uk, 0141-445-1955.

Educational Psychology Service

Educational Psychologists work in collaboration with teachers, parents and other professionals to support children and young people with their learning and general development, and to make the most of their lives, particularly in educational settings.

Every school and pre-five establishment has a link Educational Psychologist who provides consultation, assessment intervention, training and project work.

The school must obtain the agreement of parents and, where appropriate, the pupil before involving the Educational Psychology Service.

Pastoral Support

A Nurture Group is available for pupils when required – this is a fluid group and we respond to the needs of our pupils at any given time.

Children may require an extra level of support to settle into school/class; build appropriate relationships with peers and/or develop self-esteem and confidence.

Seasons for Growth – this group is run as and when required to support children who have suffered a bereavement or experienced separation within the family unit.

We also provide enhanced transition programmes at Nursery/P1 and P7/High School for children who may be vulnerable or just need that extra time to prepare for change.

Referral for this support can come from parents and/or school staff.

Transitions

Nursery

Our Nursery/P1 transition programme is very structured and various opportunities take place throughout the session to support the move into P1. From March – June the Nursery pupils spend an increased amount of time within the school/classroom environments participating in Expressive Arts lessons, Infant Assemblies, joint topic work etc.

We have a number of partner nurseries and our Principal Teacher has close links with these establishments. Our new P1 teachers have visits to the different nurseries prior to Induction Day and spend some time getting to know the children in their own nursery environment.

We plan to make use of ONE NOTE to interact with our partner nurseries and we also are proactive with new start children and their parents e.g. inviting them to Storytelling Evenings and fun days.

Our Parent Teacher Partnership have developed a Frequently Asked Questions leaflet for all new parents to our school.

Our senior pupils will work on a similar leaflet to support not only them, but other pupils from our partner primaries, to ensure a smooth transition to the high school.

Transitions within school

The layout of our building consists of three distinct areas for the Infants, Juniors and Seniors. In the final term of Primary 3 and Primary 5 we familiarise the children with the location of the classrooms, toilets and playground areas.

St Modan's

Our partner secondary school is St Modan's and a formal programme begins in P6 when the children go up for a block of 6 weeks and take part in lessons delivered by St Modan's staff. The curricular areas which have been included in the past have been Home Economics, Art, French, Science and PE. This programme also takes place for the Primary 7 pupils.

Primary 7 children also have an Activity Day in May where they join with pupils from the other partner primaries and participate in a Cluster Mass and team building activities.

We also have the Michels Music Award designed to foster stronger relationships with our St Modan's Cluster children and families.

St Modan's also offers an enhanced transition programme for pupils who have been identified by school or parents as requiring a higher level of support and preparation to move on to their secondary career.

Nursery Class Provision

The school's nursery class provides places for children aged 3-5 years. Nursery class provision is non-denominational, which allows children of parents from all religions and beliefs to attend the nursery. Attendance at the nursery class does not however guarantee a place in the school.

Admission to Early Learning & Childcare (ELC) Establishments in Falkirk

All ELC places are allocated according to the Early Learning and Childcare Admission Policy. A funded pre-school education place is available for every child aged 3 to 5 years who lives in Falkirk. A place can be provided in either a Falkirk Council ELC Centre or in a private nursery which is in partnership with Falkirk Council.

From August 2018, children become eligible for pre-school education as follows:

- For children who reach 3 years of age between 1st March and 31st July the start date will be the beginning of the Autumn Term (August)
- For children reaching 3 years of age between 1st August and 29th February of the following year the start date will be a month after the child's 3rd birthday.

Application forms are available from all primary schools and ELC Centres and can also be downloaded from the Falkirk Council web-site at www.falkirk.gov.uk.

Only one application form should be completed. The application form asks for the 1st, 2nd and 3rd choice of ELC Centre, the form should be returned to any school, ELC Centre, One Stop Shop or can be sent directly to ELC Admissions Team, Sealock House, 2 Inchyra Road, Grangemouth, FK3 9XB.

You will also be asked to provide the child's birth certificate and proof of address.

Applications are then allocated according to the criteria detailed in the Admissions Policy - <https://www.falkirk.gov.uk/services/children-families/early-learning-childcare/docs/nursery-admission-policy/Early%20Learning%20and%20Childcare%20Admission%20Policy.pdf?v=201507271206>

Transition from Nursery to Primary

Before leaving nursery, a transfer of information record for each child will be prepared by nursery staff to ensure a smooth transition and continuity of education for the child transferring to primary. All nurseries and primary schools have a variety of systems which support the transition process for children. This ensures that children's strengths and development needs are addressed.

Primary School Admissions

Children's Services must set a date each year for the commencement of children's attendance at Primary school. This date is usually the 3rd or 4th week in August.

When commencing Primary 1 education, your child will normally attend the local denominational or non-denominational Primary school and transfer from it, after Primary 7, to its associated Secondary school. Details of the catchment areas and boundaries can be obtained from the Forward Planning Section – Tel. 01324 506619/506608 in the Children's Services, on the website - www.falkirk.gov.uk or the relevant school.

Pupils who are baptised Roman Catholic and who live within the catchment area of a denominational school are automatically entitled to enrol at the school. All other pupils will require a placing request (see below).

Any movement between denominational and non-denominational schools at year stages other than Primary 1 will require a Placing Request Form to be completed.

Enrolment dates will be set by each school and the enrolment should be completed in January prior to the start of term in August. The school may place adverts in the local press and nurseries advertising the date(s) for enrolment. Enrolment Forms should be completed on enrolment day at your catchment school. Parents are asked to bring the relevant birth certificate(s) proof of residency when enrolling their child(ren).

Parents of pupils enrolling at a denominational school must also present their child's RC baptismal certificate. Parents of pupils that are not RC baptised will be required to submit a placing request (see below).

You are still required to enrol your child(ren) at your catchment denominational school (if RC baptised) or catchment non-denominational school (if not RC baptised) even if you do not wish him/her to attend that school.

Enrolment timetables will also be available through the Falkirk Council website at www.falkirk.gov.uk.

Children eligible for enrolment are those whose 5th birthday falls between 1st March and the end of February the following year. Requests for enrolment will only be prioritised if Children's Services receive more requests for enrolment than places available at the school.

Primary to Secondary Transfer

Children are taken to visit their secondary school in preparation for the move from Primary 7 to First Year.

Each cluster of schools (i.e. the secondary school and its associated primary schools) makes its own transition arrangements.

Generally, visits take place in the summer term, with a programme of activities for pupils in classroom relating to their secondary subjects. Sporting and social activities may also be planned. Pupils, therefore, become familiar with the new school, their new teachers and their new classmates.

Clusters also arrange for secondary school subject teachers to visit Primary 7 classes from time to time, with the cluster agreeing each year which subject areas should be the focus for these. Secondary teachers of PE and Music regularly visit primary schools to support the teaching of these subjects.

Most secondary schools also have an information evening for parents of Primary 7 children at which they can gain information about uniform, lunchtime arrangements, school clubs, etc.

Pupils with Additional Support Needs

Secondary school Pastoral and Support for Learning teachers make visits to the Primary 7 class to get to know the children and their needs, including any Additional Support for Learning Needs. Visits by Support for Learning staff sometimes take place as early as Primary 6 to help with additional arrangements for those children for whom the move to secondary school may present particular challenges.

Summer holiday arrangements

Sporting activity programmes are also arranged for the summer holidays for children who would particularly benefit from the additional opportunity to socialise with other young people.

Moving to the denominational secondary school

Children who are baptized Catholic

With the exception of some pupils at St Patrick's PS pupils who are in Primary 7 in denominational primary schools (Sacred Heart PS, St Andrew's PS, St Mary's PS, St Francis Xavier's PS and St Joseph's PS) move to St Mungo's HS.

Pupils in Primary 7 at St Patrick's PS are generally expected to attend St Modan's HS in Stirling.

Children who are non-Catholic

Parents of non-RC baptised pupils who were enrolled through a Placing Request at a denominational primary school must submit a further Placing Request if they wish them to transfer to St Mungo's High School. These pupils are, otherwise, automatically entitled to transfer to their catchment non-denomination secondary school.

Moving between denominational and non-denominational schools

Parents who intend to send their children to St Mungo's HS from a non-denominational primary school or from a Catholic primary school to their catchment non-denominational high school should make known their intentions both to the primary school and the secondary school as soon as possible. This enables the necessary transfer arrangements to be made.

Catchment Secondary School

The partner secondary school for the pupils of St Patrick's is
St Modan's High School
Royal Stuart Way
STIRLING
FK7 7WS
(01786) 470962

Placing Requests

As a parent, you have the right to make a Placing Request for your child(ren) to be educated in a school other than the local school. Applications for Primary 1 and Secondary 1 Placing Requests to commence school in August will only be accepted from the first Thursday in December.

Every effort will be made to try to meet parental wishes, but you should note that it is not always possible to grant every Placing Request. You should also note that a successful Placing Request for one child does not guarantee a successful one for another child. A parent could, therefore, end up with children attending different schools.

Primary 1 children must also be enrolled at the catchment area school on the appropriate Enrolment Form whilst awaiting the outcome of their Placing Request Application. If the Placing Request is granted, the child's enrolment at the catchment school will automatically be withdrawn by Children's Services.

Placing Requests can only be approved when there are sufficient places remaining in the class after all catchment area children have enrolled and if staffing and accommodation at the school are able to meet the numbers of Placing Requests at that school. Children's Services will also reserve places in a class for catchment pupils they expect to move into the area during the school year.

If more Placing Requests are made for admission to a particular school than places available, these Requests will be prioritised according to Falkirk Council's Admissions Policy and requests accepted and refused accordingly.

If you wish to make a Placing Request, you should complete the appropriate application form (one for each child involved) and return it to Forward Planning Section, Children's Services, Sealock House, 2 Inchrya Road, Grangemouth, FK3

9XB. This Form must be completed by the child's Parent/carer. Placing Requests for Primary 1 and Secondary 1, commencing in the next school session should be made by the 15th of March each year for consideration. Responses will be issued no later than 30th April.

Your Placing Request will be considered against a set of criteria which is set out in the Council's priorities for admission.

Any Placing Requests received after the 15th March for Primary 1 and Secondary 1 will not be considered in the first round of Placing Requests. Parents / Carers will be notified of the outcome of their request within 8 weeks of receipt.

As soon as a decision has been made, you will be notified of the result. If your Placing Request is successful, you will be asked to contact the school to establish arrangements for enrolment.

Placing Request Forms are available from the Forward Planning Section, Children's Services at Sealock House, all schools, Libraries, One-Stop Shops and on the Falkirk Council website.

Mid Session Transfers

You may make a Placing Request at any time during a school session. If your child is experiencing problems at school, you are advised to discuss the matter with the Head Teacher prior to making a Placing Request. Completing the Application Form does not guarantee a place for your child at your chosen school. Your Placing Request will only be granted if there are surplus places available at the school.

Transport for Placing Requests

If a Placing Request is successful, parents will be responsible for the safety and transportation costs of their child to and from their chosen school.

Section Five – School Improvement

Raising Attainment

Monitoring performance and using the resulting information to secure improvement is an important part of the work of head teachers, school staff and officers within Children's Services. Head Teachers regularly track pupils' progress at meetings with each teacher to ensure that progress is maintained and to identify effective strategies progress when necessary.

Standards and Quality Report

Every year each school publishes a Standards and Quality report which highlights the school's major achievements over the last twelve months. We are particularly proud of our successes at the Education Scotland Awards where we were runners up in the Parents as Partners in Learning category. We also received recognition at local level in both the Learning to Achieve Awards and the Celebrating Success Awards for our Boys' Night and our work with parents. Another achievement which we are very proud of is our success within the field of athletics as our P6 team were victorious in the Falkirk council Athletics Competition for yet another year – we have been winners five years out of the seven we have participated.

You can read our Standards and Quality Report in full on our school website.

School Improvement Plan

As part of our ongoing improvement agenda we are working on a variety of areas with pupils, staff and parents.

Achievement of a level

Within the St Mungo's and St Modan's Clusters we are working together to raise attainment and improve staff understanding of what is required to achieve a level within Maths and Literacy. This will also improve pupil engagement and resilience.

Action based research

Working with the St Mungo's Cluster, staff will engage in action research within Numeracy as we continue to strive towards closing the poverty related attainment gap.

Literacy – Within writing we are focussing on sharing good classroom practice and revisiting the key concepts in Big Writing in order to further improve the writing performance of our pupils. We will also be working with our colleagues in the St Mungo's Cluster to moderate writing to ensure consistent standards are applied when assessing writing.

Also within Literacy we are working with parents and pupils to raise the profile of reading through a variety of initiatives in partnership between school and home.

Growth Mindset

Introduction of Growth Mind-set to increase pupil engagement and resilience.

Staff and pupils' perception of themselves as learners and thinkers will increase. Research demonstrates that this will impact on learner confidence and resilience, increasing engagement.

Learning Intentions, Success Criteria and Quality Feedback

Staff will develop a deeper understanding of the importance of setting appropriate learning intentions, success criteria and giving quality feedback to pupils. This will lead to:

Increased pupil engagement with learning process

Improved teacher/ pupil dialogue

Raised attainment in literacy and numeracy

Science

We continue to have a focus on Science and we are fortunate to be working with SSERC to implement a science focus within school which will provide coherence and consistency in Science and Technology and will increase teachers' knowledge, skills and confidence in delivering Science and Technology within the classroom.

Nursery

We are working with the Word Aware programme as we strive to improve the quality of the children's vocabulary through quality interactions with staff.

Transferring Educational Data About Pupils

The Scottish Government and its partners collect and use information about pupils in schools (e.g. the number and characteristics of pupils, their attendance, absence and exclusions, their attainment and their destination when leaving school) to help to improve education across Scotland. This note explains why we need this information, how we use it and what we do to protect the information supplied to us.

Why do we need your data?

In order to make the best decisions about how to improve our education service, Scottish Government, education authorities and other partners such as the SQA and Skills Development Scotland need accurate, up-to-date data about our pupils. We are keen to help all our pupils do well in all aspects of school life and achieve better examination results. Accurate and up-to-date data allows us to:

- plan and deliver better policies for the benefit of all pupils
- plan and deliver better policies for the benefit of specific groups of pupils
- better understand some of the factors which influence pupil attainment and achievement
- share good practice
- target resources better
- enhance the quality of research to improve the lives of young people in Scotland

Data policy

Information about pupils' education is collected through our statistical surveys in partnership between the Scottish Government and Local Authorities through the ScotXed Programme which aims to help schools and Local Authorities by supporting efficient collection, processing and dissemination of statistical information. The Scottish Government then provides analysis of the data to support research, planning, management and monitoring of education services as well as to produce National Statistics publications.

Education data within Scottish Government is managed effectively by secure systems and is exploited as a valuable corporate resource, subject to confidentiality restraints. As part of its data policy, Scottish Government will not publish or make publicly available any information that allows individual pupils to be identified, nor will data be used by Scottish Government to take any actions in respect of individuals. Data is held securely and no information on individual pupils can or would be made publicly available by Scottish Government.

The individual data about pupils in schools collected by Scottish Government through statistical surveys is used only for the statistical and research purposes for which it is collected.

Your data protection rights

The collection, transfer, processing and sharing of ScotXed data is done in accordance with the Data Protection Act (1998). We also comply with the National Statistics Code of Practice requirements and other legislation related to safeguarding the confidentiality of data. The Data Protection Act gives you the right to know how we will use your data. This note can give only a brief description of how we use

data. Fuller details of each individual ScotXed survey, including the purpose of each and the published data, can be found on the ScotXed website (<http://www.gov.scot/Topics/Statistics/ScotXed>). Pupil names and addresses (other than postcode) are never collected in any ScotXed statistical survey.

Scottish Government works with a range of partners including Education Scotland, Skills Development Scotland and the SQA. On occasion, in order to help meet our aim of improving the life of young people in Scotland, we may make individual data available to partners such as the National Registers of Scotland to carry out research relating to the national population census and also to academic institutions and organisations to carry out additional research and statistical analysis which helps inform policy development and contributes to improving outcomes for Scotland's people. In order to carry out this research to support better decisions, policy making and practice, data may be linked to information from other sources.

Any sharing or linkage of data will be done under the strict control of Scottish Government, and will be consistent with our data policy and the National Data Linkage Guiding Principles. This will ensure that no individual level data will be made public as a result of the data sharing and that these data will not be used to take any actions in respect of an individual. Decisions on the sharing or linkage of data will be taken in consultation with relevant colleagues and individuals within and outwith Scottish Government. At all times pupils' rights under the Data Protection Act and other relevant legislation will be ensured.

Concerns

If you have any concerns about the ScotXed data collections you can email the Head of Schools Analysis, Mick Wilson, at mick.wilson@scotland.gsi.gov.uk or write to Education Analytical Services, Area 2D, Victoria Quay, Leith, EH6 6QQ.

Websites

You may find the following websites useful.

- <https://education.gov.scot/parentzone/> - parents can find out about everything from school term dates to exam results. This site also offers information for pre-5 and post school. It also lists relevant publications for parents and provides hyper-links to other useful organisations.
- <https://education.gov.scot/inspection-reports> - parents can access school and local authority inspection reports and find out more about the work of Education Scotland.
- www.falkirk.gov.uk- contains information for parents and information on Falkirk schools.
- <http://www.childline.org.uk/Explore/Bullying/Pages/Bullyinginfo.aspx> - contains information for parents and children on varying forms of bullying and provides help for parents and children who are affected by bullying.
- <http://www.respectme.org.uk/> - Scotland's anti-bullying service. Contains information for parents and children on varying forms of bullying and provides help for parents and children who are affected by bullying
- <https://education.gov.scot/> - provides information and advice for parents as well as support and resources for education in Scotland
- <https://www.equalityhumanrights.com/en/commission-scotland> - contains information for everyone on equality laws within the government and local authorities.
