

## Gray Buchanan Park

### The changes to be carried out at this pilot site are:

- Creation of areas of **naturalised grass (shown in pink)** which will be allowed to grow longer and cut once or twice a year.
- Maintaining **short amenity grass (shown in bright green)** in the remainder of the site, cut between 8 and 10 times a year.

Note: Some areas of grass were allowed to grow long in 2020. The area of naturalised grass shown is a slight expansion of that area.
